ADAMS' DECISION DUE TONIGHT

Formosan Crisis Appears Heading For Showdown Within A Few Days

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The next few days may bring the peak of crisis in the U. S.-Communist bloc conflict over Formosa. There is grave doubt here as to whether peaceful diplomacy can produce a solution.

Events pressing the crisis toward a showdown this week are these:

1. Resumption today in Warsaw of negotiations between Red Chinese Ambassador Wang Ping-nan and U. S. envoy Jacob Beam. Both the United States and Red China have hinted at concessions but the strings attached by each are totally unacceptable to the other side. If any real concessions are to be made, some sign of them should become apparent this week.

2. United Nations Assembly action on Red China's bid for membership in the U. N. The Assembly has yet to act on its Steering Committee's decision to shelve the Red Chinese bid for another year. The debate could throw light on the opinion of various governments about the Formosa crisis issues and Red China's international future.

3. Reaction of Soviet Premier Nikita Khrushchev to President Eisenhower's indignant return of Khrushchev's Friday letter, which told Eisenhower to pull U. S. forces out of the Formosa area or risk having them thrown out by the Chinese Reds. The White House rejected the document as intemperate, abusive and personally insulting to the President.

Initial Soviet reaction took a tough line. The news agency Tass carried a statement saying return of the letter shows a lack of U.S. desire to listen to the voice of reason. It referred to U.S. policy as "saber rattling which is carrying the world to the brink of war."

Diplomats wondered whether Khrushchev would let the matter end there, or take some new personal step to sound warnings and threats against the United States.

Apart from these developments in the diplomatic field, there is the continuing danger of a United States-Red Chinese military clash around the embattled island of Quemoy.

Another prospective move bearing on the crisis is issuance of a statement promised by the Eisenhower administration for later this week on U.S. Formosa policy. It is to be a reply not only to Khrushchev's charges, but also to those in a U.N. speech last week by Soviet Foreign Minister Andrei Gromyko.

A collapse of the ambassadorial talks at Warsaw would not automatically mean a broadening of the military conflict in the Formosa area. The diplomatic struggle could be shifted to the United Nations.

Many diplomats believe that Red China began heating up the Formosa crisis again in late August in order to add force to its campaign for membership in the U.N. in place of Nationalist China. Another aim is said to be driving a wedge between the United States and its allies who disapprove of American support for Nationalist China.

Confidential Report Handed To President

NEWPORT, R. I. (AP)—President Eisenhower today gets a confidential report sizing up chances for easing the Far East crisis on the basis of the United States-Red China talks at Warsaw.

The report is being brought from Washington by Brig. Gen. Andrew J. Goodpaster, White House staff secretary whose job includes handling national security matters.

The document is a detailed account of negotiations which U. S. Ambassador Jacob D. Beam started a week ago in Poland with Chinese Communist Ambassador Wang Ping-nan.

Eisenhower has been getting summary reports regularly at the summer White House. This new paper reviews the two sessions held last week and analyzes prospects for progress as the talks resume in Warsaw today.

Eisenhower discussed the Far East picture by telephone with Secretary of State Dulles Sunday in the wake of the President's blunt rejection of Soviet Premier Nikita Khrushchev's latest note to him. The United States fired the message back to Moscow, calling it full of falsehoods, abuse and threats, and therefore unacceptable.

Midland Man Dies As Auto Strikes Bank

Cumberland Crash Hurts Father, Sister Of Millworker, 29

A 29-year-old Midland man was killed and his father and sister were injured critically when their auto veered out of control and crashed over an embankment on a sharp curve at the south end of New Cumberland late Sunday night.

The victim was Pete (Peppy) Vujaklya Jr., 157 Midland Ave., who was dead on arrival at the Weirton General Hospital with a fractured skull and other injuries suffered in the crash on State Route 2.

In critical condition at the Weirton hospital are his father, Pete Vujaklya, 73, and his sister, Mrs. Emma Bakich of 461 Ohio Ave., Midland, who received possible fractures and contusions and internal injuries.

Hancock County sheriff's deputies said the younger Vujaklya was driving north on the return from a Weirton wedding party when the car went out of control and crashed over the embankment on the S-curve near the Phillips Lumber Yard.

He apparently was driving at a high rate of speed and was not familiar with the dangerous curve, which has been the scene of other serious auto crashes, they added. The accident occured at 10:50 p. m. Sunday, deputies reported.

The 1956 model auto was almost totally demolished in the smash-up, deputies said.

The younger Vujaklya, who lived with his father at 157 Midland Ave., was employed in the coal strip department of the Crucible Steel Co., at Midland.

Survivors besides his father and sister include five brothers, Robert Vujaklya of Weirton and George Vujaklya, Milan Vujaklya, Nick Vujaklya and Mike Vujaklya, all of Midland, and another sister, Mrs. Mildred Ratkovich of Industry.

Arrangements are incomplete. The Schwerha Funeral Home in Midland is in charge.

Girl, 9, Hurt Slightly By Auto On E. 5th St.

A 9-year-old Midland girl was hurt slightly Saturday afternoon when she stepped into the rear of a car at E. 5th St. and Crook Alley, police reported.

It was one of six accidents reported by police since noon Saturday.

Phyllis Tonti of Virginia Ave. was treated at City Hospital for an injured toe after she stepped too close to the right rear fender of a car operated by Norman Rex Laudrille, 225 Louisiana Ave., about 4 p. m.

Laudrille told police he was traveling west about 20 miles an hour when the youngsters, who was accompanied by her mother, stepped too close to the edge of the rear wheel. He took the child to the hospital.

A LaCroft man was fined $300 and costs, sentenced to 10 days in jail and had his license revoked for six months after a collision early Sunday morning on Market St. near Drury Ln. in which he was charged with drunken driving.

John D. Watson, 52, of 7th Ave., pleaded guilty when arraigned before Judge George L. Brokaw in Municipal Court.

Police said Archie Murdoch, 19,

Ike's Aide To Talk On TV, Radio

Dramatic Meeting Held With President In Visit To Newport

NEWPORT, R.I. (AP) — Sherman Adams will make a nationwide television-radio address tonight from Washington to announce whether he is going to resign or stay as President Eisenhower's chief aide.

The announcement of Adams' plans came after he held a dramatic surprise conference with Eisenhower at the summer White House.

Reports circulated that Adams was bowing to Republican clamor and had resigned, but neither Adams himself nor James C. Hagerty, Eisenhower's press secretary, would say.

The wiry, 59-year-old Adams walked off without a word when newsmen asked whether he had quit.

Earlier, on his arrival from Washington, Adams said only "I have no statement" when asked whether he was in Newport to resign.

Adams conferred alone with Eisenhower for about an hour, then apparently saw him at least once more before flying back to Washington for tonight's TV-radio address.

Hagerty said details had not been worked out yet on the time of Adams talk, or with respect to which networks will carry it.

Eisenhower walked with Adams to the helicopter when the White House aide left the summer White House at 11:10 a.m. for the return trip to Washington.

This was an obvious—and perhaps farewell—gesture of regard for Adams.

The two men were silent for the first few steps down the sidewalk toward the big Marine 'copter.

Then they began conversing as they walked, and Eisenhower gave the departing Adams a friendly pat on the arm just before Adams climbed aboard.

Kremlin Ired At Ike's Stand On Latest Note

Says Move Shows U.S. Isn't Ready To Listen To Reason

MOSCOW (AP)—The Kremlin reacted sharply today to President Eisenhower's rejection of Premier Khrushchev's warning on the Far East crisis. It said the rejection shows American authorities don't want to "listen to the voice of reason."

The abrupt return of the Khrushchev note was held to show that American circles give little consideration to "popular demand for putting an end to the policy of saber rattling which is carrying the world to the brink of war."

Diplomatic observers commented that shortened tempers in both camps threatened to plunge Soviet-American relations to a new low.

The Soviet government issued its criticism through the official Tass news agency after Khrushchev's Sept. 19 note—labeled unacceptable at the White House because of its strong terms—was turned back to the Foreign Ministry by a U. S. Embassy messenger.

Khrushchev had warned Eisenhower to withdraw U. S. forces from Formosa immediately or risk their forceful expulsion by Red China. He called for American recognition of the Peiping regime.

(Moscow radio quoted today's edition of the Communist party newspaper Pravda as saying rejection of the Khrushchev note was "a violation of the generally accepted rules" of diplomatic relations. "The organizers of military provocation could not help seeing the tremendous influence this document 'the Khrushchev letter) had on the minds of men," Pravda added.

(Pravda said ruling American Circles were "particularly annoyed" because Khrushchev had declared the United States would have to get out of Formosa and the offshore islands or be driven out by the Red Chinese.

("Whether they like it or not, however, the aggressors really will have to get out of the Taiwan Strait area of their own free will or else they will be made to get out," the paper declared.)

New Pickup Expected In Voter Registration

Registration of unqualified voters is expected to pick up in the next two days before the deadline Wednesday at 10 p. m., the County Election Board said today.

The board registered 49 voters Saturday, boosting the number qualified to vote in the Nov. 4 general election to 10,985, Frank R. O'Hanlon, clerk, said.

The board's office on W. 6th St. will be open until 9 p. m. today and Tuesday and remain open an extra hour until 10 Wednesday night, the clerk said.

On Quemoy Situation

U.N. Will Launch First Big Debate

UNITED NATIONS, N. Y. (AP)—The 13th U. N. General Assembly at its meeting today headed into its first big debate on the air, artillery and gunboat clashes that have whipped up a war froth over Quemoy.

The immediate issue was the Steering Committee's recommendation that the Assembly bar until next year any discussion of the seating of the Red China regime in the U. N.

But many speakers were expected to bring up the clashes between the mainland forces and the U. S.-backed Chinese Nationalists holding the offshore islands and Formosa.

Officials said the question of putting the seating of Red China on the agenda was not likely to come to a vote before tomorrow noon.

A U. S. resolution endorsed by the 21-nation steering body Friday would have the Assembly:

1. Reject India's request that the agenda include the "Question of the Representation of China in the United Nations."

2. Decide not to consider at this session any proposal to exclude Chinese Nationalist or seat Chinese Communist representatives.

U. S. informants conceded that this year's resolution would get a little less than last year's vote of 47-7 with 7 abstentions.

Two countries that voted for last year's resolution, Greece and Mexico, abstained when the Steering Committee recommended the same proposal this year by a vote of 12-7 with 2 abstentions.

Asst. Secretary of State Francis O. Wilcox said the United States reserved its right to put the Formosa Strait issue before the Assembly or the Security Council if the Warsaw talks between Communist Chinese and U. S. ambassadors did not prove fruitful.

Interviewed on television, he said the United States may be able to tell next week whether the talks are going to produce a cease fire. He later told a reporter that unless Communist shelling of the offshore islands lets up, "you can begin to see in another week or so whether there's going to be any progress" in the discussions.

A British delegation member said he was "sure there is absolutely no truth" in Japanese newspaper reports that British Foreign Secretary Selwyn Lloyd and Japanese Foreign Minister Aiichiro Fujiyama had agreed the offshore islands of Quemoy and Matsu should belong to the Communists.

U.S., Chinese Commanders Hold Meeting

New Developments On Quemoy Hidden By News Blackout

TAIPEI, Formosa (AP)—America's top Pacific commanders conferred with Chinese Nationalist military leaders on the offshore island crisis today. There was a blackout of news from shell-battered Quemoy.

There was no information on Communist bombardment of the offshore islands beyond the Nationalist Defense Ministry's shell count. It said 15,500 shells battered Quemoy and its little sister islands from Saturday midnight through 6 p.m. Sunday, and that 1,824 more landed on little Quemoy and the Tan Islets in six hours ending at noon today.

A Nationalist convoy landed supplies on Quemoy beach Sunday for the eighth successive day, the ministry said. It did not disclose the number of ships or volume of material landed.

It was assumed the Reds maintained the barrage they have continued almost without letup since Aug. 23.

Gen. Laurence S. Kuter, commander of all U. S. Air forces in the Pacific, flew in from Okinawa and entered into strategy meetings with Adm. Harry Felt, U. S. commander of all forces in the Pacific; Vice Adm. Roland N. Smoot, Taiwan (Formosa) defense commander; Maj. Gen. Thomas Moorman, 13th Air Force commander from the Philippines, and other U. S. military men here.

The high brass also went into closed session with U. S. Ambassador Everett Drumright, then with Gen. "Tiger" Wang Shuming, Nationalist chief of staff and Defense Minister Yu Ta-wei.

Absent from the parleys was Vice Adm. Wallace M. Beakley, commander of the U. S. 7th Fleet guarding Formosa Strait.

UAW Ponders Next Move In Contract War

Resumes Efforts To Have 2 Companies 'Sweeten' Offers

DETROIT (AP) — The United Auto Workers Union, with a strike threat poised over General Motors and Chrysler, today resumes efforts to have the two companies sweeten their contract offers and avert a walkout.

GM and Chrysler offered to the UAW Saturday three-year contracts almost identical to the one which Ford and the UAW agreed on Wednesday.

UAW President Walter Reuther said he would not accept from GM or Chrysler a carbon copy of the Ford settlement, but he indicated the offer made Saturday supplied a basis from which to work for ultimate settlement.

The UAW has an 11 a.m. Sept. 30 strike deadline at GM if no contract agreement is reached. Reuther and other top officers of the UAW have been given authority by the union to call a Chrysler strike whenever they feel if necessary.

Reuther said that since GM has four times as many plants and nearly four times as many workers as Chrysler there are many more local problems at GM and that makes negotiation a slower process.

Reuther and his top aides at the GM negotiations made it plain that one of their principal objectives would be the correction of what they called wage inequities of GM workers doing the same jobs in plants less than 100 miles apart. The UAW says that in some of these cases workers in cities less than 50 miles apart have a wage difference of 10 cents an hour.

GM said it could recall no such spreads and asked the union to back up its statements at bargaining talks today.

France Fires Protest Against Algerian Step

PARIS (AP)—France protested to Morocco, Tunisia and Libya today against their recognition of the newly proclaimed Algerian rebel government.

At the same time, the De Gaulle government warned other nations, including Russia, against possible recognition of the Cairo-based Algerian regime.

UAR Changes Due

CAIRO (AP)—A reorganization of the United Arab Republic's government is reported due within a week. The government-owned newspaper Al Gumhouria said Sunday President Nasser wants to revamp the dual ministerial setup in the Egyptian and Syrian regions in the interests of greater unity.

2 Lisbon Area Children Hurt In Bus Mishap

Halted School Bus Rammed By Auto On Road Near Lisbon

Two Lisbon area children were slightly injured when a car driven by a Chester area man crashed into the rear of a stopped Lisbon School District bus on Route 30 about a half mile south of the village this morning at 8:35.

The State Highway Patrol at Lisbon said the bus, carrying 60 students at the McKinley School, had halted in dense fog to pick up children in front of the home of Richard Rose.

A car driven by David G. Mann, 28, of Chester R. D. 1, headed west, hit the rear of the bus, injuring Joyce Ann Foster and Gary Crowell. The girl suffered a bruised eye and the boy received a nose injury.

The bus was driven by Raymond Reese, 50, of 226 W. Washington St., Lisbon.

The two injured children were treated by a physician and later by the school nurse. All the youngsters were examined for injuries, the patrol said.

Mann, cited for reckless operation, was fined $50 and costs by Mayor John Todd.

Supt. Loren Early issued a new ruling for bus operations in foggy road conditions. He said all drivers are to pull off the road and wait until fog clears — "even if it takes four hours."

Supt. Earl said if any driver finds fog along the roadway, he is to pull off the road and wait.

The school official said fast time had no effect on this morning's fog, which cleared up somewhat then settled again after the bus was hit.

The patrol said the fog was "very thick" and reported there were other near collisions along the road while the investigation was underway.

Geneva College Sets Big Building Program

BEAVER FALLS, Pa. (AP)—Geneva College plans to spend $4,500,000 during the next 10 to 12 years on construction of new buildings and renovation of others.

Eight new buildings are to be constructed and six others will be either renovated or enlarged.

Among the proposed new structures are a field house with a seating capacity of 3,500, an administration building and chapel, and dormitories.

BLACKPOOL, England (AP) — Paul Robeson says he is going to live in England and return to the United States only to give concerts.

Rain Disrupts Phone Service

Crew Pushes Repair With 250 Still Out

Service is expected to be restored late tonight to some 250 Walnut and Sophia St. residents whose telephones were knocked out of order when Saturday night's rain damaged a cable and disrupted service of about 500 customers, T. Fred Edwards, commercial manager of the East Liverpool exchange of the Ohio Bell Telephone Co., said today.

Three repair crews were busy today replacing 325 feet of a 400-pair underground cable that was damaged—apparently because of water overflow from a clogged sewer, resulting in disruption of service to some 500 customers in the area of Minerva and Avondale Sts., and St. Clair Ave., Edwards said.

Edwards explained that the 1.03 inches of rain which began Saturday at 11:20 p. m. and continued until 8:55 a. m. Sunday inundated the phone cable and service was disrupted when the water seeped through a damaged part of the cable's lead covering.

Crews worked all day Sunday and last night and restored service to the disrupted telephones in the Minerva and Avondale St. sections and also those along St. Clair Ave.

Trouble from excess water is usually a rarity, Edwards said, as it was believed that the lead protection around the cable must have been damaged or a bad joint enabled the water to soak the phone lines.

New Coat Of Paint Due For Bridge To Chester

The State Highway Department said today it will open bids at Columbus Tuesday, Oct. 14, at 10 a. m. for repainting the East Liverpool-Chester Bridge.

The project must be completed by Aug. 1, 1959, the state announcement said. The 1,590-foot span is about 22 feet wide. Formerly operated by the State Bridge Commission, it was taken over by the Highway Department when it was made toll-free about 7 years ago.

23 Lives Are Claimed

Freakish Accidents Help Boost Ohio Weekend Toll

By The Associated Press

The freak accident. The unexpected. The unexplained.

Either alone or together, these factors added up to death for several of the 23 persons killed in Ohio over the weekend. And on the highways, death was a companion to 16 persons, one of the highest weekend tolls of the year.

All three of the death-dealing factors were present in a private garage in Parma Sunday night.

A husband was getting ready to put his car in the garage. His wife had opened the overhead door to let the vehicle inside. Somehow, the husband told police later, his foot hit the accelerator instead of the foot brake. The car shot forward, pushing his wife through the rear wall and killing her.

Take the case of 12-year-old boy who went to sleep Friday night, apparently with a belt around his neck. Why? He can't answer that now. During the night he fell out of bed. The belt caught on a bed post and choked him to death. Again, all three factors.

The freak accident? A farm near Alliance on Saturday. A boy's dog chases a rabbit under a pile of logs. The boy, 8 years old, crawls under the pile to catch the rabbit. Suddenly, without warning, the log pile collapses, pinning the child beneath it. The hospital said he suffocated to death.

The unexpected? In Uhrichsville, a 54-year-old woman train watchman is standing at her post, a railroad crossing. Along comes a car. It hits her. Did the impact kill her? Or might she still be alive today if it wasn't for a freight train that just happened to be passing at the time? The car knocked her under the train's wheels.

The fatalities:

Friday night:

John Keith Hale, 4, Zanesville, accidentally shot by a playmate who was holding a .22 caliber rifle.

Saturday:

Robert William Pancake, 34, Dayton, when he lost control of his car on Ohio 48 eight miles south of Kettering.

Alma Ann Schang, 54, Uhrichsville (Tuscarawas County) when a car hit and knocked her under the wheels of a freight train at the crossing where she was a watchman for the Baltimore and Ohio Railroad.

Mrs. Bernice Kunkel, 58, of near New Richmond (Clermont County), and Jacob Frey, 61, Mount Washington (a Cincinnati suburb), when the cars in which each was driving alone collided on U.S. 52 four miles west of New Richmond.

The Soviet government issued its criticism through the official Tass news agency after Khrushchev's Sept. 19 note—labeled unacceptable at the White House because of its strong terms—was turned back to the Foreign Ministry by a U. S. Embassy messenger.

Khrushchev had warned Eisenhower to withdraw U. S. forces from Formosa immediately or risk their forceful expulsion by Red China. He called for American recognition of the Peiping regime.

(Moscow radio quoted today's edition of the Communist party newspaper Pravda as saying rejection of the Khrushchev note was "a violation of the generally accepted rules" of diplomatic relations. "The organizers of military provocation could not help seeing the tremendous influence this document 'the Khrushchev letter) had on the minds of men," Pravda added.

(Pravda said ruling American Circles were "particularly annoyed" because Khrushchev had declared the United States would have to get out of Formosa and the offshore islands or be driven out by the Red Chinese.

("Whether they like it or not, however, the aggressors really will have to get out of the Taiwan Strait area of their own free will or else they will be made to get out," the paper declared.)

New Pickup Expected In Voter Registration

Registration of unqualified voters is expected to pick up in the next two days before the deadline Wednesday at 10 p. m., the County Election Board said today.

The board registered 49 voters Saturday, boosting the number qualified to vote in the Nov. 4 general election to 10,985, Frank R. O'Hanlon, clerk, said.

The board's office on W. 6th St. will be open until 9 p. m. today and Tuesday and remain open an extra hour until 10 Wednesday night, the clerk said.

On Quemoy Situation

U.N. Will Launch First Big Debate

UNITED NATIONS, N. Y. (AP)—The 13th U. N. General Assembly at its meeting today headed into its first big debate on the air, artillery and gunboat clashes that have whipped up a war froth over Quemoy.

The immediate issue was the Steering Committee's recommendation that the Assembly bar until next year any discussion of the seating of the Red China regime in the U. N.

But many speakers were expected to bring up the clashes between the mainland forces and the U. S.-backed Chinese Nationalists holding the offshore islands and Formosa.

Officials said the question of putting the seating of Red China on the agenda was not likely to come to a vote before tomorrow noon.

A U. S. resolution endorsed by the 21-nation steering body Friday would have the Assembly:

1. Reject India's request that the agenda include the "Question of the Representation of China in the United Nations."

2. Decide not to consider at this session any proposal to exclude Chinese Nationalist or seat Chinese Communist representatives.

U. S. informants conceded that this year's resolution would get a little less than last year's vote of 47-7 with 7 abstentions.

Two countries that voted for last year's resolution, Greece and Mexico, abstained when the Steering Committee recommended the same proposal this year by a vote of 12-7 with 2 abstentions.

Asst. Secretary of State Francis O. Wilcox said the United States reserved its right to put the Formosa Strait issue before the Assembly or the Security Council if the Warsaw talks between Communist Chinese and U. S. ambassadors did not prove fruitful.

Interviewed on television, he said the United States may be able to tell next week whether the talks are going to produce a cease fire. He later told a reporter that unless Communist shelling of the offshore islands lets up, "you can begin to see in another week or so whether there's going to be any progress" in the discussions.

A British delegation member said he was "sure there is absolutely no truth" in Japanese newspaper reports that British Foreign Secretary Selwyn Lloyd and Japanese Foreign Minister Aiichiro Fujiyama had agreed the offshore islands of Quemoy and Matsu should belong to the Communists.

U.S., Chinese Commanders Hold Meeting

New Developments On Quemoy Hidden By News Blackout

TAIPEI, Formosa (AP)—America's top Pacific commanders conferred with Chinese Nationalist military leaders on the offshore island crisis today. There was a blackout of news from shell-battered Quemoy.

There was no information on Communist bombardment of the offshore islands beyond the Nationalist Defense Ministry's shell count. It said 15,500 shells battered Quemoy and its little sister islands from Saturday midnight through 6 p.m. Sunday, and that 1,824 more landed on little Quemoy and the Tan Islets in six hours ending at noon today.

A Nationalist convoy landed supplies on Quemoy beach Sunday for the eighth successive day, the ministry said. It did not disclose the number of ships or volume of material landed.

It was assumed the Reds maintained the barrage they have continued almost without letup since Aug. 23.

Gen. Laurence S. Kuter, commander of all U. S. Air forces in the Pacific, flew in from Okinawa and entered into strategy meetings with Adm. Harry Felt, U. S. commander of all forces in the Pacific; Vice Adm. Roland N. Smoot, Taiwan (Formosa) defense commander; Maj. Gen. Thomas Moorman, 13th Air Force commander from the Philippines, and other U. S. military men here.

The high brass also went into closed session with U. S. Ambassador Everett Drumright, then with Gen. "Tiger" Wang Shuming, Nationalist chief of staff and Defense Minister Yu Ta-wei.

Absent from the parleys was Vice Adm. Wallace M. Beakley, commander of the U. S. 7th Fleet guarding Formosa Strait.

UAW Ponders Next Move In Contract War

Resumes Efforts To Have 2 Companies 'Sweeten' Offers

DETROIT (AP) — The United Auto Workers Union, with a strike threat poised over General Motors and Chrysler, today resumes efforts to have the two companies sweeten their contract offers and avert a walkout.

GM and Chrysler offered to the UAW Saturday three-year contracts almost identical to the one which Ford and the UAW agreed on Wednesday.

UAW President Walter Reuther said he would not accept from GM or Chrysler a carbon copy of the Ford settlement, but he indicated the offer made Saturday supplied a basis from which to work for ultimate settlement.

The UAW has an 11 a.m. Sept. 30 strike deadline at GM if no contract agreement is reached. Reuther and other top officers of the UAW have been given authority by the union to call a Chrysler strike whenever they feel if necessary.

Reuther said that since GM has four times as many plants and nearly four times as many workers as Chrysler there are many more local problems at GM and that makes negotiation a slower process.

Reuther and his top aides at the GM negotiations made it plain that one of their principal objectives would be the correction of what they called wage inequities of GM workers doing the same jobs in plants less than 100 miles apart. The UAW says that in some of these cases workers in cities less than 50 miles apart have a wage difference of 10 cents an hour.

GM said it could recall no such spreads and asked the union to back up its statements at bargaining talks today.

PARIS (AP)—France protested to Morocco, Tunisia and Libya today against their recognition of the newly proclaimed Algerian rebel government.

At the same time, the De Gaulle government warned other nations, including Russia, against possible recognition of the Cairo-based Algerian regime.

UAR Changes Due

CAIRO (AP)—A reorganization of the United Arab Republic's government is reported due within a week. The government-owned newspaper Al Gumhouria said Sunday President Nasser wants to revamp the dual ministerial setup in the Egyptian and Syrian regions in the interests of greater unity.

2 Lisbon Area Children Hurt In Bus Mishap

Halted School Bus Rammed By Auto On Road Near Lisbon

Two Lisbon area children were slightly injured when a car driven by a Chester area man crashed into the rear of a stopped Lisbon School District bus on Route 30 about a half mile south of the village this morning at 8:35.

The State Highway Patrol at Lisbon said the bus, carrying 60 students at the McKinley School, had halted in dense fog to pick up children in front of the home of Richard Rose.

A car driven by David G. Mann, 28, of Chester R. D. 1, headed west, hit the rear of the bus, injuring Joyce Ann Foster and Gary Crowell. The girl suffered a bruised eye and the boy received a nose injury.

The bus was driven by Raymond Reese, 50, of 226 W. Washington St., Lisbon.

The two injured children were treated by a physician and later by the school nurse. All the youngsters were examined for injuries, the patrol said.

Mann, cited for reckless operation, was fined $50 and costs by Mayor John Todd.

Supt. Loren Early issued a new ruling for bus operations in foggy road conditions. He said all drivers are to pull off the road and wait until fog clears — "even if it takes four hours."

Supt. Earl said if any driver finds fog along the roadway, he is to pull off the road and wait.

The school official said fast time had no effect on this morning's fog, which cleared up somewhat then settled again after the bus was hit.

The patrol said the fog was "very thick" and reported there were other near collisions along the road while the investigation was underway.

Geneva College Sets Big Building Program

BEAVER FALLS, Pa. (AP)—Geneva College plans to spend $4,500,000 during the next 10 to 12 years on construction of new buildings and renovation of others.

Eight new buildings are to be constructed and six others will be either renovated or enlarged.

Among the proposed new structures are a field house with a seating capacity of 3,500, an administration building and chapel, and dormitories.

Rain Disrupts Phone Service

Crew Pushes Repair With 250 Still Out

Service is expected to be restored late tonight to some 250 Walnut and Sophia St. residents whose telephones were knocked out of order when Saturday night's rain damaged a cable and disrupted service of about 500 customers, T. Fred Edwards, commercial manager of the East Liverpool exchange of the Ohio Bell Telephone Co., said today.

Three repair crews were busy today replacing 325 feet of a 400-pair underground cable that was damaged—apparently because of water overflow from a clogged sewer, resulting in disruption of service to some 500 customers in the area of Minerva and Avondale Sts., and St. Clair Ave., Edwards said.

Edwards explained that the 1.03 inches of rain which began Saturday at 11:20 p. m. and continued until 8:55 a. m. Sunday inundated the phone cable and service was disrupted when the water seeped through a damaged part of the cable's lead covering.

Crews worked all day Sunday and last night and restored service to the disrupted telephones in the Minerva and Avondale St. sections and also those along St. Clair Ave.

Trouble from excess water is usually a rarity, Edwards said, as it was believed that the lead protection around the cable must have been damaged or a bad joint enabled the water to soak the phone lines.

New Coat Of Paint Due For Bridge To Chester

The State Highway Department said today it will open bids at Columbus Tuesday, Oct. 14, at 10 a. m. for repainting the East Liverpool-Chester Bridge.

The project must be completed by Aug. 1, 1959, the state announcement said. The 1,590-foot span is about 22 feet wide. Formerly operated by the State Bridge Commission, it was taken over by the Highway Department when it was made toll-free about 7 years ago.

23 Lives Are Claimed

Freakish Accidents Help Boost Ohio Weekend Toll

By The Associated Press

The freak accident. The unexpected. The unexplained.

Either alone or together, these factors added up to death for several of the 23 persons killed in Ohio over the weekend. And on the highways, death was a companion to 16 persons, one of the highest weekend tolls of the year.

All three of the death-dealing factors were present in a private garage in Parma Sunday night.

A husband was getting ready to put his car in the garage. His wife had opened the overhead door to let the vehicle inside. Somehow, the husband told police later, his foot hit the accelerator instead of the foot brake. The car shot forward, pushing his wife through the rear wall and killing her.

Take the case of 12-year-old boy who went to sleep Friday night, apparently with a belt around his neck. Why? He can't answer that now. During the night he fell out of bed. The belt caught on a bed post and choked him to death. Again, all three factors.

The freak accident? A farm near Alliance on Saturday. A boy's dog chases a rabbit under a pile of logs. The boy, 8 years old, crawls under the pile to catch the rabbit. Suddenly, without warning, the log pile collapses, pinning the child beneath it. The hospital said he suffocated to death.

The unexpected? In Uhrichsville, a 54-year-old woman train watchman is standing at her post, a railroad crossing. Along comes a car. It hits her. Did the impact kill her? Or might she still be alive today if it wasn't for a freight train that just happened to be passing at the time? The car knocked her under the train's wheels.

The fatalities:

Friday night:

John Keith Hale, 4, Zanesville, accidentally shot by a playmate who was holding a .22 caliber rifle.

Saturday:

Robert William Pancake, 34, Dayton, when he lost control of his car on Ohio 48 eight miles south of Kettering.

Alma Ann Schang, 54, Uhrichsville (Tuscarawas County) when a car hit and knocked her under the wheels of a freight train at the crossing where she was a watchman for the Baltimore and Ohio Railroad.

Mrs. Bernice Kunkel, 58, of near New Richmond (Clermont County), and Jacob Frey, 61, Mount Washington (a Cincinnati suburb), when the cars in which each was driving alone collided on U.S. 52 four miles west of New Richmond.

Bike Accident Injures Youth

Boy In East End Hurt In Fall Over Fence

A Chester youth hurt when his bicycle struck a parked auto and an East End boy injured in a fall over a fence were admitted to City Hospital over the weekend, when five youngsters and an adult were hurt in separate mishaps.

Thomas Bailey, 10, son of Mr. and Mrs. Nelson Bailey of Maxwell Ave., Chester, is in "fairly good" condition today with a head injury received Sunday afternoon when his bike rammed a parked sedan along Middle Run Rd.

David Helstrom, 12, son of the Rev. and Mrs. Robert Helstrom of St. George St., is in "good" condition with a fractured arm suffered Saturday in a fall over a small fence.

While playing with a hoop, Gerald Green, 9, son of Mr. and Mrs. A. R. Green of Church St., received a small laceration of the thumb Sunday.

Bobby Kidd, 14, son of Mr. and Mrs. Robert Kidd of St. George St., was treated Saturday for a fractured ankle received in a fall while at a football game.

Gloria Jean Watson, 4, daughter of Mr. and Mrs. Charles Watson of Lisbon St. Ext., received a cut of the finger on a lawn mower Saturday.

Gary Pugh, 16, son of Mr. and Mrs. Wilmer Pugh of Chester R. D. 1, suffered a fractured wrist while playing for Chester High School's football team Saturday.

Carol Means, 4, daughter of Mr. and Mrs. Henry Means of Dairy Ln., was treated yesterday for a wound of the lip received when bitten by a dog.

Clifford Ashton, 46, of Waterford Park, a horse groom, was treated Saturday night for a cut of the scalp suffered when thrown against a wall by a horse.

Survey Launched On Skilled Trades

The West Virginia Department of Employment Security is conducting a comprehensive occupational research study of the skilled occupations in the Upper Ohio Valley Area. The survey, which officially starts Tuesday, will list all wage and salaried occupations in the Wheeling - Steubenville Metropolitan Area, which require a minimum of one year of special education or training for successful job performance.

All business and industry, including local government and schools, are included in the study. Sampling techniques are being employed with select firms used to furnish information and data in the different industrial and business segments. Approximately 500 firms will be contacted by mail or personal visit within the next several weeks to furnish the needed data.

Employment service offices in Bridgeport and Steubenville, Moundsville, Weirton and Wheeling, are assisting technicians of the Job Opportunities Research Division of Charleston, in making the study. Various community and civic groups, schools and colleges, and representative industrial firms have been contacted.

The Wheeling - Steubenville Metropolitan Area is presently comprised of Brooke, Hancock, Marshall and Ohio Counties in West Virginia, and Belmont and Jefferson counties in Ohio. The area has a civilian labor force of approximately 140,000. It is a diversified industrial complex, with iron and steel the predominant manufacturing industry.

The survey of the skilled work force is constructed to reflect the expanding needs and the replacement needs by individual occupations two and five years hence. Such information should be of value to training officials and school authorities to plan suitable programs and curricula in line with industrial needs, to employers to assure themselves of an adequate work force with appropriate skills and assist workers to train for, and make the proper vocational choice. Industrial development and planning groups may be able to make a more realistic approach to industrial development and expansion programs by knowing the composition of the area's skilled labor force, sponsors said.

Upon completion of the study, the published document will be made available, free of charge, to business and industry, schools and training facilities, and other interested parties.

Raft Reaches Hawaii After 69-Day Trip

HONOLULU (AP) — An adventurous Mormon elder and his three young crewmen—who drifted to Hawaii from California aboard the raft Lehi IV—fly here today from the island of Maui.

Skipper De Vere Baker, 42, boatbuilder from Petaluma, Calif., near San Francisco, will be reunited with his wife Nola and three children, who are flying from the mainland.

The raft arrived off Maui Saturday afternoon after a 69-day voyage from Long Beach, 2,100 miles to the east. When Baker and his bearded crew and their dog Targoroa were sighted, they were down to their last four cans of spinach and tomatoes.

The raft was towed into port at Kahului by a tuna boat. All the mariners were in good condition.

Asked what his trip proved, Baker told newsmen: "The Coast Guard put it very nicely when they congratulated us on proving Hawaiians thousands of years ago came from the Americas, the same way we did.'

With Baker were Larry Foglino, 31, a UCLA psychologist; Don McFarland, 27, University of New Mexico student; and Ed Kekuala, 27, a Brigham Young University dental student.

Earlier attempts by Baker to drift to Hawaii had failed.

Gambling Case Hearing Continued For 2 Weeks

A two-week continuance in a hearing for two Chester men and an East Liverpool man, arrested early Saturday in a Chester gambling raid, was granted by Mayor Burton Ward of Chester Saturday.

Robert Reed and Stanley Walker, both of Chester, and Hayward Simms of East Liverpool posted $50 bonds before Mayor Ward, who granted a request of their counsel to delay the hearing until Oct. 4.

The three were cited by Chester police at Pat's Tavern at 5th St. shortly after midnight.

Bridge Master Hunted After Vessels Collide

THOROLD, Ont. (AP)— Police are dragging the Welland Canal in this area for Stewart Leighton, 60, of Thorold, a bridge master. He has been missing since the collision of two vessels near Bridge 10 Saturday night.

Capt. Leroy Becker, 52, of Painesville, Ohio, skipper of the Michigan, which had a hole torn in its port bow, died of a heart attack shortly after the collision. The Norwegian ship Pollyriver was damaged less severely and proceded to Welland, Ont. The Michigan was moored.

Youth Meeting Draws Crowd

Rev. Beighley Leads Cadiz Church Rally

Over 600 young people attended the Steubenville District Methodist Youth Rally Sunday afternoon at the Cadiz Methodist Church.

Several churches of this area were represented. The Rev. Carl Beighley, pastor of the Calvary Methodist Church was district youth director.

Dr. Stanley Smith, superintendent of the Elyria Methodist Home, related its work and showed slides of the institution. The young people then were divided into groups to discuss contributions to the home.

The Jefferson group, which had the largest attendance, decided to purchase furniture for the home. The Columbiana group will decide at the sub-district rally in Lisbon Oct. 19. Representatives of the other two counties, Carroll and Harrison, were undecided.

A religious drama was presented by the Cadiz Methodist young fellowship, which also directed the worship service.

A "singspiration" was led by the Rev. Thomas Hammerton of the Lisbon Church.

A spaghetti dinner was served by the Wesleyan Service Guide of the Cadiz Church.

Auto In Ditch Brings Arrest For 2 Drivers

One driver whose car was in a ditch was arrested for reckless operation and a second motorist who was attempting to pull him out was cited for driving left of center Sunday night at 8 on the super road inside Wellsville limits, police said.

The front wheels of a car driven by Denzil L. Nelson of Weirton had dropped into a ditch, leaving the rear end on the highway, police said. Police, who arrived at the scene and then had to answer another call, told him not to move the car until they could return to direct traffic.

After the officers left, William A. Means of Wellsville R. D. appeared on the scene and offered to help. A chain was put on Nelson's car and Means was trying to pull him out of the ditch when the police returned.

Officers said the chain was stretched across the highway and no one was directing traffic.

Nelson will receive a hearing tonight at 7:30 before Mayor William J. Shoub of Wellsville on the reckless charge. Means will receive a hearing for driving left of center.

Bid Studied To Lease Land At Wellsville

The Wellsville Board of Control has taken under consideration a lone bid received Friday for the leasing of a small triangular section of land near the city sewage disposal plant.

The bid was $150 a month from Angelo Georgetti of 10th St., Weirton. Georgetti bid on the land previously, offering $100 a month.

At that time, Mrs. Hilda Moore of Main St., Wellsville, bid $150 per month but stipulated in her bid that the city provide access to the property.

Georgetti plans to use it for a spur railroad line.

The land was readvertised and it was stipulated the lessee is to be for 15 years with a 15 - year option for renewal.

Parental Unit To Hear Former Palsy Victim

A rehabilitated cerebral palsy victim will be speaker Wednesday night for the parental group of the Columbiana County Affiliate of the United Cerebral Palsy Association at the meeting in the clinic headquarters at the Mary Patterson Memorial.

Kenneth Smith of Salem, a case worker for the County Welfare Department, will relate his experiences in overcoming the handicap.

He is a graduate of Salem High School and of Kent State University where he majored in sociology. He also studied psychology at Youngstown University.

The event is open to members of the local board and others interested in the cerebral palsy program.

Nuclear Tests Conducted As Safety Move

ATOMIC TEST SITE, Nevada (AP)—Will an atomic weapon explode if it accidentally drops from a plane, falls off a truck or catches fire?

Finding out is one of the primary concerns of the Atomic Energy Commission in its nuclear program here.

The AEC set off an explosion at the bottom of a 500-foot shaft containing an undescribed atomic device Sunday. Observers watched from 2½ miles away.

The blast disintegrated a metal housing above the mouth of the shaft and spat flame, smoke and dirt into the air.

The AEC said the test released some nuclear reaction.

Purpose of the safety test, the AEC says, is to determine which among several weapons development designs affords the maximum assurance of nuclear safety in handling and storage.

To get this answer, scientists subject the weapons to far more stress than they believe would be encountered. That is why, on occasions like this, nuclear reaction results.

The amount of reaction was announced as so slight that there should be no measurable radiation off the test site.

Bike Accident Injures Youth

Boy In East End Hurt In Fall Over Fence

A Chester youth hurt when his bicycle struck a parked auto and an East End boy injured in a fall over a fence were admitted to City Hospital over the weekend, when five youngsters and an adult were hurt in separate mishaps.

Thomas Bailey, 10, son of Mr. and Mrs. Nelson Bailey of Maxwell Ave., Chester, is in "fairly good" condition today with a head injury received Sunday afternoon when his bike rammed a parked sedan along Middle Run Rd.

David Helstrom, 12, son of the Rev. and Mrs. Robert Helstrom of St. George St., is in "good" condition with a fractured arm suffered Saturday in a fall over a small fence.

While playing with a hoop, Gerald Green, 9, son of Mr. and Mrs. A. R. Green of Church St., received a small laceration of the thumb Sunday.

Bobby Kidd, 14, son of Mr. and Mrs. Robert Kidd of St. George St., was treated Saturday for a fractured ankle received in a fall while at a football game.

Gloria Jean Watson, 4, daughter of Mr. and Mrs. Charles Watson of Lisbon St. Ext., received a cut of the finger on a lawn mower Saturday.

Gary Pugh, 16, son of Mr. and Mrs. Wilmer Pugh of Chester R. D. 1, suffered a fractured wrist while playing for Chester High School's football team Saturday.

Carol Means, 4, daughter of Mr. and Mrs. Henry Means of Dairy Ln., was treated yesterday for a wound of the lip received when bitten by a dog.

Clifford Ashton, 46, of Waterford Park, a horse groom, was treated Saturday night for a cut of the scalp suffered when thrown against a wall by a horse.

Survey Launched On Skilled Trades

The West Virginia Department of Employment Security is conducting a comprehensive occupational research study of the skilled occupations in the Upper Ohio Valley Area. The survey, which officially starts Tuesday, will list all wage and salaried occupations in the Wheeling - Steubenville Metropolitan Area, which require a minimum of one year of special education or training for successful job performance.

All business and industry, including local government and schools, are included in the study. Sampling techniques are being employed with select firms used to furnish information and data in the different industrial and business segments. Approximately 500 firms will be contacted by mail or personal visit within the next several weeks to furnish the needed data.

Employment service offices in Bridgeport and Steubenville, Moundsville, Weirton and Wheeling, are assisting technicians of the Job Opportunities Research Division of Charleston, in making the study. Various community and civic groups, schools and colleges, and representative industrial firms have been contacted.

The Wheeling - Steubenville Metropolitan Area is presently comprised of Brooke, Hancock, Marshall and Ohio Counties in West Virginia, and Belmont and Jefferson counties in Ohio. The area has a civilian labor force of approximately 140,000. It is a diversified industrial complex, with iron and steel the predominant manufacturing industry.

The survey of the skilled work force is constructed to reflect the expanding needs and the replacement needs by individual occupations two and five years hence. Such information should be of value to training officials and school authorities to plan suitable programs and curricula in line with industrial needs, to employers to assure themselves of an adequate work force with appropriate skills and assist workers to train for, and make the proper vocational choice. Industrial development and planning groups may be able to make a more realistic approach to industrial development and expansion programs by knowing the composition of the area's skilled labor force, sponsors said.

Upon completion of the study, the published document will be made available, free of charge, to business and industry, schools and training facilities, and other interested parties.

Raft Reaches Hawaii After 69-Day Trip

HONOLULU (AP) — An adventurous Mormon elder and his three young crewmen—who drifted to Hawaii from California aboard the raft Lehi IV—fly here today from the island of Maui.

Skipper De Vere Baker, 42, boatbuilder from Petaluma, Calif., near San Francisco, will be reunited with his wife Nola and three children, who are flying from the mainland.

The raft arrived off Maui Saturday afternoon after a 69-day voyage from Long Beach, 2,100 miles to the east. When Baker and his bearded crew and their dog Targoroa were sighted, they were down to their last four cans of spinach and tomatoes.

The raft was towed into port at Kahului by a tuna boat. All the mariners were in good condition.

Asked what his trip proved, Baker told newsmen: "The Coast Guard put it very nicely when they congratulated us on proving Hawaiians thousands of years ago came from the Americas, the same way we did.'

With Baker were Larry Foglino, 31, a UCLA psychologist; Don McFarland, 27, University of New Mexico student; and Ed Kekuala, 27, a Brigham Young University dental student.

Earlier attempts by Baker to drift to Hawaii had failed.

Gambling Case Hearing Continued For 2 Weeks

A two-week continuance in a hearing for two Chester men and an East Liverpool man, arrested early Saturday in a Chester gambling raid, was granted by Mayor Burton Ward of Chester Saturday.

Robert Reed and Stanley Walker, both of Chester, and Hayward Simms of East Liverpool posted $50 bonds before Mayor Ward, who granted a request of their counsel to delay the hearing until Oct. 4.

The three were cited by Chester police at Pat's Tavern at 5th St. shortly after midnight.

Bridge Master Hunted After Vessels Collide

THOROLD, Ont. (AP)— Police are dragging the Welland Canal in this area for Stewart Leighton, 60, of Thorold, a bridge master. He has been missing since the collision of two vessels near Bridge 10 Saturday night.

Capt. Leroy Becker, 52, of Painesville, Ohio, skipper of the Michigan, which had a hole torn in its port bow, died of a heart attack shortly after the collision. The Norwegian ship Pollyriver was damaged less severely and proceded to Welland, Ont. The Michigan was moored.

Youth Meeting Draws Crowd

Rev. Beighley Leads Cadiz Church Rally

Over 600 young people attended the Steubenville District Methodist Youth Rally Sunday afternoon at the Cadiz Methodist Church.

Several churches of this area were represented. The Rev. Carl Beighley, pastor of the Calvary Methodist Church was district youth director.

Dr. Stanley Smith, superintendent of the Elyria Methodist Home, related its work and showed slides of the institution. The young people then were divided into groups to discuss contributions to the home.

The Jefferson group, which had the largest attendance, decided to purchase furniture for the home. The Columbiana group will decide at the sub-district rally in Lisbon Oct. 19. Representatives of the other two counties, Carroll and Harrison, were undecided.

A religious drama was presented by the Cadiz Methodist young fellowship, which also directed the worship service.

A "singspiration" was led by the Rev. Thomas Hammerton of the Lisbon Church.

A spaghetti dinner was served by the Wesleyan Service Guide of the Cadiz Church.

DAV Unit Clears $189 In Forget-Me-Not Sale

The annual forget-me-not sale sponsored by Disabled American Veterans Chapter 47 Saturday netted $189, Paul Brand, chairman, said today. The quota was $350.

The sale was held in East Liverpool, Chester and Wellsville by the Boy Scouts and members of the Ground Observer Corps. The artificial flowers were made by veterans in hospitals.

Proceeds are used to purchase wheelchairs and crutches for the free use of persons needing them and for assistance to disabled veterans.

Auto In Ditch Brings Arrest For 2 Drivers

One driver whose car was in a ditch was arrested for reckless operation and a second motorist who was attempting to pull him out was cited for driving left of center Sunday night at 8 on the super road inside Wellsville limits, police said.

The front wheels of a car driven by Denzil L. Nelson of Weirton had dropped into a ditch, leaving the rear end on the highway, police said. Police, who arrived at the scene and then had to answer another call, told him not to move the car until they could return to direct traffic.

After the officers left, William A. Means of Wellsville R. D. appeared on the scene and offered to help. A chain was put on Nelson's car and Means was trying to pull him out of the ditch when the police returned.

Officers said the chain was stretched across the highway and no one was directing traffic.

Nelson will receive a hearing tonight at 7:30 before Mayor William J. Shoub of Wellsville on the reckless charge. Means will receive a hearing for driving left of center.

From Plane To Pew

Bid Studied To Lease Land At Wellsville

The Wellsville Board of Control has taken under consideration a lone bid received Friday for the leasing of a small triangular section of land near the city sewage disposal plant.

The bid was $150 a month from Angelo Georgetti of 10th St., Weirton. Georgetti bid on the land previously, offering $100 a month.

At that time, Mrs. Hilda Moore of Main St., Wellsville, bid $150 per month but stipulated in her bid that the city provide access to the property.

Georgetti plans to use it for a spur railroad line.

The land was readvertised and it was stipulated the lessee is to provide access. The lease is to be for 15 years with a 15 - year option for renewal.

Parental Unit To Hear Former Palsy Victim

A rehabilitated cerebral palsy victim will be speaker Wednesday night for the parental group of the Columbiana County Affiliate of the United Cerebral Palsy Association at the meeting in the clinic headquarters at the Mary Patterson Memorial.

Kenneth Smith of Salem, a case worker for the County Welfare Department, will relate his experiences in overcoming the handicap.

He is a graduate of Salem High School and of Kent State University where he majored in sociology. He also studied psychology at Youngstown University.

The event is open to members of the local board and others interested in the cerebral palsy program.

Nuclear Tests Conducted As Safety Move

ATOMIC TEST SITE, Nevada (AP)—Will an atomic weapon explode if it accidentally drops from a plane, falls off a truck or catches fire?

Finding out is one of the primary concerns of the Atomic Energy Commission in its nuclear program here.

The AEC set off an explosion at the bottom of a 500-foot shaft containing an undescribed atomic device Sunday. Observers watched from 2½ miles away.

The blast disintegrated a metal housing above the mouth of the shaft and spat flame, smoke and dirt into the air.

The AEC said the test released some nuclear reaction.

Purpose of the safety test, the AEC says, is to determine which among several weapons development designs affords the maximum assurance of nuclear safety in handling and storage.

To get this answer, scientists subject the weapons to far more stress than they believe would be encountered. That is why, on occasions like this, nuclear reaction results.

The amount of reaction was announced as so slight that there should be no measurable radiation off the test site.

Atoms Do Work For Peace

When President Eisenhower made his dramatic "Atoms-for-Peace" proposal before the United Nations in 1953, he suggested the far-reaching possibilities of the program in these words:

". . . In a world divided, such as ours today, salvation cannot be attained by one dramatic act. . . . Many steps will have to be taken before the world can look at itself one day and truly realize that a new climate of mutually peaceful confidence is abroad. In this quest . . . we must not lack patience."

The wisdom of his words is evidenced by the resounding success of the second United Nations conference on peaceful uses of atomic energy which ended at Geneva last weekend. Certainly it would be premature to conclude from this conference that the "new climate" is at hand. Yet there is no denying that the meeting and its 1955 predecessor—as two of the "many steps" the President spoke of — have brought the distant possibility of international cooperation far closer than they were when the proposal was made less than five years ago.

In the closing session of the latest meeting, for instance, the world's atomic scientists expressed the hope that secrecy in peaceful nuclear development is permanently a thing of the past. A few years ago they could only bemoan the barriers that seemingly impenetrable secrecy had imposed on man's search for nature's unknowns.

The atoms-for-peace conference, moreover, have exerted two more direct influences on the slow effort for eventual world peace.

First, by stripping away the secrecy from peaceful atomic energy research, they have shown the so-called "atomic powers" that they are pretty much keeping pace with each other in the entire nuclear field. This dispels any illusions that one nation stands so far ahead of others it can afford to risk starting a nuclear war. It is important to the free world to know that Russia knows this.

Second, President Eisenhower no doubt had the proven cooperative ability of scientists in mind when he proposed this year's negotiations between experts on the technical aspects of an agreement to end nuclear tests. The agreement reached between the scientists from East and West on a plan for detecting violations of a test ban has offered the most promising hope in years that nuclear disarmament may some day become a fact.

Looking back from this point in the scientific age, the President's 1953 proposal seems amazingly prophetic.

Playing His Game

Safeguarding The Airways

When John R. Crunelle of the Ohio Bureau of Motor Vehicles gave the keynote address at a meeting of safety officials in Cleveland last week, he confided to his audience that he traveled from Columbus by air because of the hazards of driving.

His statement highlights the estimates by experts that the airplane is 20 times safer than the automobile for inter-city transportation. The tremendous advance made in aviation safety is a fairly familiar story. Since 1938 the number of passengers carried annually by scheduled airlines has increased 35 times and the number of passenger-miles flown has risen 50 times. But the passenger fatality rate is 45 times lower than it was 20 years ago. Even in the 10-year period from 1947, the fatality rate per 100 million passenger-miles dropped from 2.2 to .41.

Yet the inauguration of jet passenger service and the increasing number of air collisions, a by-product of the growing acceptance of air travel, threatens to reverse that happy trend.

The experts agree the answer lies in "positive control" of all air traffic, and a number of steps have been taken in that direction. The most far-reaching was the passage by Congress last month of the Federal Aviation Act, which provides for merging some or all of the functions of three aviation agencies into a single Federal Aviation Agency. The move is designed to end the divided authority and confusion that have hampered earlier efforts to keep pace with the surge in the use of the airways.

Lest the public demand overnight results, however, it is wise to take a look at the magnitude of the mob the new agency is undertaking.

Total "positive control" of air traffic would require all planes to fly under instrument flight rules in good and bad weather alike. At present, less than 10 per cent of all flying is done under instrument procedures. The remaining 90 per cent follows visual flight rules.

The CAA's air traffic control system now handles 17,000 instrument flights daily, but the total of all kinds of flights is around 200,000. If positive control were put into effect immediately, 85 per cent of all air traffic would be grounded because the 26 CAA control centers and their existing equipment just could not handle the load.

For years the building of safe roads lagged so far behind the upsurge in automobile traffic that we are now engaged in a 10-year highway "crash program" to cost more than 100 billion dollars to try to make up for lost time.

That experience may well serve to prevent the same tragic mistake in our airways.

Join Civic Music

The Civic Music Association launched its annual membership drive officially today preparatory to setting up its series of concerts for the 1958-59 season.

The best in music is brought to East Liverpool through the association's efforts.

Those who have attended previous concerts are well aware of the talented artists who take part. And those who will be joining the association for the first time are in for a musical treat.

Civic Music is an important part of the community's cultural life. It should not be allowed to die again because of lack of interest. If you enjoy good music, you will be more than pleased with Civic Music.

The membership campaign will continue through Saturday. Make sure that you join before the week ends.

Rose-Colored Glasses

Another example of the Communists' futile fight against human nature occurred the other day when 800 pretty girls were officially denounced in East Germany when they applied for a movie role. They were advised to become more socialistic and go to work as farmers and factory hands.

It was the old story with new words: "How ya gonna keep 'em down on the collective farm after they've seen Berlin."

In America, such things are handled differently. The free competition of the market place holds sway. Almost every young miss would like to be Miss America, but only one of them makes it.

Such incidents as that in East Germany evidently make Communist authorities see red but they will never succeed in keeping the young from using those wonderful rose-colored glasses.

The Once Over

By H. I. Phillips

The recent telecast of the presidential Quemoy - Matsu message (at time of delivery) by only one TV station is heightening charges in some quarters that the industry fails to do its part in alerting the public to a crisis.

The squawks set us to wondering how Longfellow's poem of the greatest alerting in American history might have to be rewritten for current consumption:

Listen, my children, and you shall hear,
(On only one channel) of Paul Revere;
Westerns, whodunits and jazz and jive
Can blot out a message to stay alive.

"One if by land and two if by sea. . .
(Unless there's a quiz show priority). . .
"And I on the opposite shore will be
Ready to ride and spread the alarm—
(Combatting the plugs for cosmetic charm
And cigarettes doing the throat no harm.")

Then he said, "good night," and got nowhere,
Since only one station had time to spare;
Paul was ahead on the fleetest of mounts
But minus "It's what's up front that counts."

A hurry of hooves in a village street
A shape in the moonlight, a bulk in the haze—
(But was it Revere or just Gabby Hayes?);
A cry of defiance and not of fear—
(It might have been Dragnet, or so I hear);
A voice in the darkness, a knock at the door—
(But not if it blacks out a baseball score.)

So through the night went the cry of alarm,
But many a Middlesex village and farm
Could not get the message that vital night
And got its alarm from "The Price Is Right."

BAGHDAD HAS CURBED the "bump and grind" dancers. Proving that the revolution is giving things a different twist. Iraq is also closing race tracks and gambling resorts. Nothing to do for all - out excitement except to listen to the Nasser fight program.

Have you noticed the envious look on Northern children's faces when they hear about South closing schools?

Moscow and the U.S. are to hold Geneva talks to prevent sneak attacks. Both will be extra jumpy and keep looking behind them at all times.

Liberace announces he is changing his style. His flawless grooming and extra cute manner will be dropped in favor of more careless catch-as-catch-can mood. But we doubt if he will ever become known as "Old Rough and Ready." The big question is how can anybody toughen up a smile? Don't go too far, boy! Liberace sitting down to the piano in his bare feet, a sweater and with a cauliflower ear would be too much.

Steve Allen has a mustache, but Ed Sullivan will fight it out smooth-faced.

THE RECENT JERSEY drawbridge horror in which a loaded train plunged into the river has brought out the fact that this "draw" has to be opened as many as 750 times a day because of constantly growing river traffic. Similar situation prevails on many railroad bridges, causing the traveling public to ask whether extra rules aren't needed to make boat skippers more patient if they near a bridge on a busy railroad line within period when train is due. Drawbridge tenders have tough time and impatient boatmen don't make it any easier.

Mickey Cohen, one time Hollywood underworld figure, is reported signed up for a lecture tour of America. He's subject of feature article in famous family magazine (no fooling), too. (Where do the kids get those queer ideas?)

The piano is the largest musical percussion instrument.

Quemoy Holds Key To Peace Or War

By Joseph C. Grew

Joseph Clark Grew, a director of the "Committee of One Million," formerly was dean of the U.S. diplomatic corps, serving as ambassador to Japan from 1931 to Pearl Harbor Day, 1941. He later became director of the office of Far Eastern Affairs in the State Department and undersecretary of state.

The brutal and unprovoked Red Chinese bombardment of Quemoy has resulted in a startling example of the perverted logic we see used too often in international affairs Instead of urging a united front of free nations exerting maximum moral power to halt the aggression, we find many responsible leaders, both in this country and abroad, rushing to abandon our Free Chinese ally and reward the aggressor.

There are many words and phrases used to justify such logic: Realism, easing of international tensions, recognition of Chinese Communist interest, insurance of peace, etc.

These are but cover-ups for the true word, which represents this type of thinking: Appeasement.

It now seems clear that the Communists' bombardment of Quemoy, and their subsequent threats of world war, have far more political than military significance. The whole incident has been timed with one thought in mind—the admission of Communist China to the United Nations.

THE COMMUNISTS are using their usual tactics of international blackmail to force the free world, and in particular the United States, into a corner with no way out except to give the Communists what they want.

They are aided and abetted in these maneuvers by some Americans who, because of wishful thinking and moral laxity, are prepared to give Communist China what it wants most of all — the prestige of a seat in the United Nations and official recognition by the United States.

This pattern is not new. The Axis Powers used the same techniques successfully during the 1930s. Bit by bit, the free world attempted to avoid war through appeasement of the insatiable power appetites of Hitler, Mussolini and the Japanese imperialists.

Manchuria, Ethiopia, Austria—entire nations and peoples were sacrificed by the Western powers in their quest for "peace." Finally, in Munich, the free nation of Czechoslovakia was turned over to Nazi slavery and "peace in our time" was assured.

What a bitter price the world paid for this appeasement!

It is a sad spectacle to see many intelligent Americans urging that the United States and the free world follow the same road to ultimate disaster.

The American people have spoken up again and again, as individuals and through their Congress, on the question of the admission of Communist China to the United Nations, recognition of the Peiping regime by our government and their refusal to condone any appeasement of the Mao Tse-tung regime, an avowed and active enemy of our nation and freedom throughout the world.

THE CONGRESS of the United States has passed five unanimous resolutions opposing the admission of Communist China to the United Nations.

In a joint resolution of the Congress, which speaks for the American people, the President was authorized to protect the Republic of China, whose interests are in common with ours, against any Communist aggression. Congressional approval of our membership in the Southeast Asia Treaty Organization (SFATO), which was organized to prevent Communist aggression in southeast Asia, is another example.

More than 1,037,000 Americans signed a petition against the admission of Communist China to the United Nations circulated by the Committee of One Million, on which I have served as a steering committee member since its inception. The committee, with strong bipartisan support, was organized to keep Communist China out of the U.N.

Other millions of Americans have taken their stand against admission of Red China to the United Nations or its recognition by our government, through official resolutions of all major national fraternal, civic, veterans, women's and labor organizations.

In 1956, both political parties included almost identical planks in their national platforms which firmly opposed the admission of Communist China to the United Nations and reiterated support for our ally, the Republic of China.

These are but some examples of how the people of the United States have spoken on this historic issue. It would be unwise for any individual or nation to underestimate the true feelings of the American people.

The same forces of appeasement that call for concessions to Red China also eagerly favor "negotiations" with the Communists. These same voices were raised to demand "negotiations" with Hitler not too many years ago.

It is well to examine the history of our negotiations with the Communists.

THE RECORD proves that 40 agreements were concluded as a result of 19 top level conferences with the Communists during the past 15 years. Only three of these agreements were kept by the Communists.

Three American presidents went to Teheran, Yalta, Potsdam and Geneva to meet with the Communists. Six American secretaries of state, from Cordell Hull to John Foster Dulles, have met with the Communists.

All these negotiations and conferences have been used by the Communists to their own advantage and to disarm the free world. It is important that we take the past into account when we enter into any further negotiations with the Communists.

In 1941, when I served as United States ambassador to Japan, negotiations and conferences were going on in Washington between our State Department and representatives of Japan.

It was during these conferences, on Dec. 7, 1941, that Japan bombed Pearl Harbor.

The negotiations in Washington helped keep our guard down. This must not be permitted to happen again.

Following the road of appeasement, we would dishonor our nation before the world and help destroy our national security. Following the other road, or adhering to the intelligent principle of steadfast support of our allies and refusal to build up our enemies, we would strengthen our national security.

By helping to strengthen freedom among our friends through building sound economies and political systems in Asia, we will demonstrate the value of a free society as opposed to slavery under Communism.

We must take the positive road. We dare not fall prey to Communist bluff and bluster. To do so would invite total disaster and, sooner or later, total war.

Down Through The Years

From The Review Files

THIRTY YEARS AGO—Seventy-five to 100 witnesses were summoned to appear before the Columbiana County grand jury at its September session.

Frank Hull of East Liverpool, seventh vice president of the National Brotherhood of Operative Potters, was named national organizer at a special meeting of the executive board.

The first of a five-game series between the Chester and Turk-Nash baseball teams was staged at Smith Field.

TWENTY YEARS AGO—John Gallia was elected president of the senior class of Wellsville High School.

A hilarious variety program was presented by members of the Kiwanis Club in the Travelers Hotel, with Ralph Sayre program chairman.

The Ohio bridge commission purchased from the Steubenville, East Liverpool and Beaver Valley Traction Co. the bridge which crosses the Ohio River between East Liverpool and Chester.

TEN YEARS AGO—Squire John Talbott warned autoists against speeding in the Newell school zone and said a special deputy had been assigned to patrol the section after numerous complaints from teachers and principals.

State highway patrolmen from Salem barracks began a check of Columbiana County's school buses.

Miss Bernice Taylor, daughter of Mr. and Mrs. Eugene Taylor, 1142 Commerce St., Wellsville, entered Delaware State College, Dover, Dela., to major in biology.

After Wars Are Over

World War II started in Czechoslovakia and Poland.

What has happened since then to these and surrounding lands is graphically illustrated by a new National Geographic Society map of the two Iron Curtain countries.

The Soviet Union has swept as much as 300 miles westward, making Lithuania again a part of Russia. Also annexed were chunks of East Prussia and prewar Poland. By bobbing the tail of Czechoslovakia, Russia acquired a short common frontier with Hungary.

Germany remains divided. But the map reveals how Berlin, no longer joined to the West by a single corridor, stands like an island only 30 miles from the New Polish border. Miliary traffic still approaches the onetime German capital through the old corridor, but tourists may enter by several other roads. Five high - speed Autobahnen converge on the partitioned city.

The switch to Communism is marked by changes in place names. The city of Chemnitz in East Germany is now Karl Marx Stadt. Czechoslovakia's highest mountain, once called Gerlach, now appears as Stalinov Stit — a 1949 birthday honor for Josef Stalin.

Regardless of current politics, the landmarks of liberty - loving peoples are recorded, including Lidice, the village whose deliberate obliteration by the Nazi aroused the world. It stands rebuilt on a new site west of Prague.

It costs one twentieth as much to arm a South Korean soldier to defend South Korea as it would to keep an American soldier there, says Eric Johnston, chairman of the Committee for International Economic Growth.

Equality Of Treatment

By James Marlow

Milestones In Segregation Decisions

WASHINGTON

A federal judge, John Paul of Virginia, blames the state's political leaders for inciting people to hostility against the Supreme Court's ban on segregated public schools.

Politicians in other Southern states have been leading the anti-integration fight, none more than Gov. Orval E. Faubus of Arkansas, who has challenged the right of the court to rule out segregation.

The court ruled the opposite so long as Negroes get equal treatment.

This famous separate-but-equal doctrine stood until 1954 when, in the case of public schools, the court reversed the 1896 decision by saying segregated itself means unequal and therefore is contrary to the Constitution.

This reversal should have been no surprise to people, North or South, who have been watching the court's thinking for the past 20 years.

Step by step, as the United States neared midcentury, the court had been approaching the historic decision of 1954. What follows shows the trend until the final decision, which now is engulfed in turmoil and passion.

The present confusion and hostility to the court have their roots in the Constitution's 14th Amendment, ratified in 1868, which says in part: No one can be denied equal protection of the laws.

This gave the federal government authority to set aside as unconstitutional a state law which discriminated against people because of race or color. But the court upheld state laws in its landmark opinion of 1896.

Homer Plessy, a Negro got on a train in New Orleans and was ordered into the Jim Crow, or segregated, section which had been created under state law. He objected and brought suit. The Supreme Court turned him down.

The court gave its approval to state segregation laws with this reasoning: it was not contrary to the 14th Amendment to segregate Negroes so long as they got treatment and facilities equal to those given whites.

In actual practice, as it turned out, segregation broadly meant unequal treatment for Negroes. But, as a result of that 1896 decision, the freedom of states to segregate Negroes remained undisturbed for more than 40 years.

The inequality of treatment given Negroes under the separate-but-equal doctrine finally forced a showdown and set the court on the trend that ended in the decision of 1954. Here are the milestones towards 1954:

1938—The court said a Negro had to be admitted to the University of Missouri Law School because the state had provided no similar school for Negroes.

1950—Going further, the court ordered a Negro admitted to the University of Texas Law School even though Texas had a law school for Negroes. The reason: The Negro school was unequal to the white one.

1950—Still further, the court banned segregated treatment of a Negro once he had been admitted to a white school. The case involved the University of Oklahoma, where a Negro student was segregated in class, library and cafeteria.

Note: In all these cases the court was simply assuring equality of treatment. It had not yet ruled on whether the principle of segregation was wrong. That historic turning point, reversing the separate-but-equal doctrine of 1896, came in 1954.

In that year the court was directly confronted with the question in the case of tax-supported public schools. It met it head on and banned school segregation on the grounds that segregation by its nature meant unequal treatment. Thus, it ordered public schools integrated.

But the court had been moving in this direction in other fields too.

It said (1944) Negroes could not be barred from "white primary" elections in the South, where the primaries are the real elections. It said (1946) Negroes could not be segregated on buses crossing state lines. It said (1950) Negroes couldn't be segregated in railroad dining cars.

In 1956, two years after knocking out the principle of segregation, the court banned segregation on buses operating entirely within a state. It has also cracked down on segregation in recreation places supported by public tax money, like golf links or public parks.

70 Per Cent Of The Time

By Horace W. Cattrell

(Editor's Note: Some of T.T.'s readers have written vacation columns for him again this year. Today's essayist is an insurance agent.)

Some years ago, a prominent news analyst who did considerable writing on current events and political subjects had an unusual way of working. Through a serious accident he became blind. E morning, his secretary would come to his office in his home, bringing morning papers and current news magazines. After hearing the secretary read some of the most important items he would say:

"Go back in the old files and get the daily papers and news magazines for 20, 25 and 30 years ago, and let's see what people were thinking about then. I want to find how the things they wrote about turned out, and how far wrong they were. The only way to get a perspective on today's happenings is to judge them in conjunction with events of the past."

His analysis of current news was recognized as one of the best.

During the years, I have sometimes clipped articles by some of the best known column writers on current events, and filed them away. When these are read 5, 10 or 15 years later it is amazing to find how often the writers have been wrong in their analyses, and in their forecasts. That is no discredit, however. It was no less a person than Theodore Roosevelt who once said that if he could be right even 70 per cent of the time he would be satisfied.

It may have been Lincoln, when the great problems of the Civil War were pressing in upon him, who said he got credit for a lot of good decisions, when he was not sure himself that he had the right answers. He said it reminded him of the boy who came home from school and proudly showed his mother a book which he had received as a prize.

"How in the world did you do that", said his mother. "The teacher asked how many legs an ostrich has, and I said three." "But," corrected his mother, "an ostrich has only two legs." "Well I came nearer than anyone else—all the rest of the class said four."

In 1913, I sat in a national convention in Cleveland. Many of the best known and most able financiers in the country were present, and the rest of us listened with respect to their ideas. The main subject was the Federal Reserve Bank. Legislation to form it was then pending in Congress. With practically no dissent, a resolution was adopted asking Congress to kill the bill.

The president of the organization took the lead in denouncing the Federal Reserve. However, the bill passed by congress, the Federal Reserve Bank came into existence, and almost immediately World War I was upon us. The new institution, just getting under way, was the instrument used by the U.S. Treasury for the heavy financing was done and proved vital.

After the war, I was present at another meeting where this same president said, "I was entirely wrong. How could we ever have successfully financed the war without the Federal Reserve? Gentlemen, it was the hand of God." He proved how big a man he really was by publicly admitting his error.

One of the most vital domestic problems today is integration. It is a coincidence that exactly 100 years ago this summer and fall, during 1858, our country was stirred by essentially the same problem, and it was pinpointed by the famous debates between Abraham Lincoln and Stephen A. Douglas.

Some of their statements can be judged more objectively after 100 years, and there are few if any points to consider now that were not brought out then. Anyone interested in getting all the facts would do well to get "Created Equal? The complete Lincoln-Douglas debates in 1858."

Most of us are inclined to reach a conclusion or decision in a matter without all the facts, and they try to find facts to support the decision we favor.

The great decisions affecting our country are usually in harmony with the consensus of public opinion. It was Thomas Jefferson who said, "The sum total of the common sense of all the common people is the greatest and soundest force on earth."

Atoms Do Work For Peace

When President Eisenhower made his dramatic "Atoms-for-Peace" proposal before the United Nations in 1953, he suggested the far-reaching possibilities of the program in these words:

". . . In a world divided, such as ours today, salvation cannot be attained by one dramatic act. . . . Many steps will have to be taken before the world can look at itself one day and truly realize that a new climate of mutually peaceful confidence is abroad. In this quest . . . we must not lack patience."

The wisdom of his words is evidenced by the resounding success of the second United Nations conference on peaceful uses of atomic energy which ended at Geneva last weekend. Certainly it would be premature to conclude from this conference that the "new climate" is at hand. Yet there is no denying that the meeting and its 1955 predecessor—as two of the "many steps" the President spoke of — have brought the distant possibility of international cooperation far closer than they were when the proposal was made less than five years ago.

In the closing session of the latest meeting, for instance, the world's atomic scientists expressed the hope that secrecy in peaceful nuclear development is permanently a thing of the past. A few years ago they could only bemoan the barriers that seemingly impenetrable secrecy had imposed on man's search for nature's unknowns.

The atoms-for-peace conference, moreover, have exerted two more direct influences on the slow effort for eventual world peace.

First, by stripping away the secrecy from peaceful atomic energy research, they have shown the so-called "atomic powers" that they are pretty much keeping pace with each other in the entire nuclear field. This dispels any illusions that one nation stands so far ahead of others it can afford to risk starting a nuclear war. It is important to the free world to know that Russia knows this.

Second, President Eisenhower no doubt had the proven cooperative ability of scientists in mind when he proposed this year's negotiations between experts on the technical aspects of an agreement to end nuclear tests. The agreement reached between the scientists from East and West on a plan for detecting violations of a test ban has offered the most promising hope in years that nuclear disarmament may some day become a fact.

Looking back from this point in the scientific age, the President's 1953 proposal seems amazingly prophetic.

Safeguarding The Airways

When John R. Crunelle of the Ohio Bureau of Motor Vehicles gave the keynote address at a meeting of safety officials in Cleveland last week, he confided to his audience that he traveled from Columbus by air because of the hazards of driving.

His statement highlights the estimates by experts that the airplane is 20 times safer than the automobile for inter-city transportation. The tremendous advance made in aviation safety is a fairly familiar story. Since 1938 the number of passengers carried annually by scheduled airlines has increased 35 times and the number of passenger-miles flown has risen 50 times. But the passenger fatality rate is 45 times lower than it was 20 years ago. Even in the 10-year period from 1947, the fatality rate per 100 million passenger-miles dropped from 2.2 to .41.

Yet the inauguration of jet passenger service and the increasing number of air collisions, a by-product of the growing acceptance of air travel, threatens to reverse that happy trend.

The experts agree the answer lies in "positive control" of all air traffic, and a number of steps have been taken in that direction. The most far-reaching was the passage by Congress last month of the Federal Aviation Act, which provides for merging some or all of the functions of three aviation agencies into a single Federal Aviation Agency. The move is designed to end the divided authority and confusion that have hampered earlier efforts to keep pace with the surge in the use of the airways.

Lest the public demand overnight results, however, it is wise to take a look at the magnitude of the mob the new agency is undertaking.

Total "positive control" of air traffic would require all planes to fly under instrument flight rules in good and bad weather alike. At present, less than 10 per cent of all flying is done under instrument procedures. The remaining 90 per cent follows visual flight rules.

The CAA's air traffic control system now handles 17,000 instrument flights daily, but the total of all kinds of flights is around 200,000. If positive control were put into effect immediately, 85 per cent of all air traffic would be grounded because the 26 CAA control centers and their existing equipment just could not handle the load.

For years the building of safe roads lagged so far behind the upsurge in automobile traffic that we are now engaged in a 10-year highway "crash program" to cost more than 100 billion dollars to try to make up for lost time.

That experience may well serve to prevent the same tragic mistake in our airways.

Join Civic Music

The Civic Music Association launched its annual membership drive officially today preparatory to setting up its series of concerts for the 1958-59 season.

The best in music is brought to East Liverpool through the association's efforts.

Those who have attended previous concerts are well aware of the talented artists who take part. And those who will be joining the association for the first time are in for a musical treat.

Civic Music is an important part of the community's cultural life. It should not be allowed to die again because of lack of interest. If you enjoy good music, you will be more than pleased with Civic Music.

The membership campaign will continue through Saturday. Make sure that you join before the week ends.

Rose-Colored Glasses

Another example of the Communists' futile fight against human nature occurred the other day when 800 pretty girls were officially denounced in East Germany when they applied for a movie role. They were advised to become more socialistic and go to work as farmers and factory hands.

It was the old story with new words: "How ya gonna keep 'em down on the collective farm after they've seen Berlin."

In America, such things are handled differently. The free competition of the market place holds sway. Almost every young miss would like to be Miss America, but only one of them makes it.

Such incidents as that in East Germany evidently make Communist authorities see red but they will never succeed in keeping the young from using those wonderful rose-colored glasses.

The Once Over

By H. I. Phillips

The recent telecast of the presidential Quemoy - Matsu message (at time of delivery) by only one TV station is heightening charges in some quarters that the industry fails to do its part in alerting the public to a crisis.

The squawks set us to wondering how Longfellow's poem of the greatest alerting in American history might have to be rewritten for current consumption:

Listen, my children, and you shall hear,
(On only one channel) of Paul Revere;
Westerns, whodunits and jazz and jive
Can blot out a message to stay alive.

"One if by land and two if by sea. . .
(Unless there's a quiz show priority). . .
"And I on the opposite shore will be
Ready to ride and spread the alarm—
(Combatting the plugs for cosmetic charm
And cigarettes doing the throat no harm.")

Then he said, "good night," and got nowhere,
Since only one station had time to spare;
Paul was ahead on the fleetest of mounts
But minus "It's what's up front that counts."

A hurry of hooves in a village street
A shape in the moonlight, a bulk in the haze—
(But was it Revere or just Gabby Hayes?);
A cry of defiance and not of fear—
(It might have been Dragnet, or so I hear);
A voice in the darkness, a knock at the door—
(But not if it blacks out a baseball score.)

So through the night went the cry of alarm,
But many a Middlesex village and farm
Could not get the message that vital night
And got its alarm from "The Price Is Right."

BAGHDAD HAS CURBED the "bump and grind" dancers. Proving that the revolution is giving things a different twist. Iraq is also closing race tracks and gambling resorts. Nothing to do for all - out excitement except to listen to the Nasser fight program.

Have you noticed the envious look on Northern children's faces when they hear about South closing schools?

Liberace announces he is changing his style. His flawless grooming and extra cute manner will be dropped in favor of more careless catch-as-catch-can mood. But we doubt if he will ever become known as "Old Rough and Ready." The big question is how can anybody toughen up a smile? Don't go too far, boy! Liberace sitting down to the piano in his bare feet, a sweater and with a cauliflower ear would be too much.

Steve Allen has a mustache, but Ed Sullivan will fight it out smooth-faced.

THE RECENT JERSEY drawbridge horror in which a loaded train plunged into the river has brought out the fact that this "draw" has to be opened as many as 750 times a day because of constantly growing river traffic. Similar situation prevails on many railroad bridges, causing the traveling public to ask whether extra rules aren't needed to make boat skippers more patient if they near a bridge on a busy railroad line within period when train is due. Drawbridge tenders have tough time and impatient boatmen don't make it any easier.

Playing His Game

Quemoy Holds Key To Peace Or War

By Joseph C. Grew

Joseph Clark Grew, a director of the "Committee of One Million," formerly was dean of the U.S. diplomatic corps, serving as ambassador to Japan from 1931 to Pearl Harbor Day, 1941. He later became director of the office of Far Eastern Affairs in the State Department and undersecretary of state.

The brutal and unprovoked Red Chinese bombardment of Quemoy has resulted in a startling example of the perverted logic we see used too often in international affairs Instead of urging a united front of free nations exerting maximum moral power to halt the aggression, we find many responsible leaders, both in this country and abroad, rushing to abandon our Free Chinese ally and reward the aggressor.

There are many words and phrases used to justify such logic: Realism, easing of international tensions, recognition of Chinese Communist interest, insurance of peace, etc.

These are but cover-ups for the true word, which represents this type of thinking: Appeasement.

It now seems clear that the Communists' bombardment of Quemoy, and their subsequent threats of world war, have far more political than military significance. The whole incident has been timed with one thought in mind—the admission of Communist China to the United Nations.

THE COMMUNISTS are using their usual tactics of international blackmail to force the free world, and in particular the United States, into a corner with no way out except to give the Communists what they want.

They are aided and abetted in these maneuvers by some Americans who, because of wishful thinking and moral laxity, are prepared to give Communist China what it wants most of all — the prestige of a seat in the United Nations and official recognition by the United States.

This pattern is not new. The Axis Powers used the same techniques successfully during the 1930s. Bit by bit, the free world attempted to avoid war through appeasement of the insatiable power appetites of Hitler, Mussolini and the Japanese imperialists.

Manchuria, Ethiopia, Austria—entire nations and peoples were sacrificed by the Western powers in their quest for "peace." Finally, in Munich, the free nation of Czechoslovakia was turned over to Nazi slavery and "peace in our time" was assured.

What a bitter price the world paid for this appeasement!

It is a sad spectacle to see many intelligent Americans urging that the United States and the free world follow the same road to ultimate disaster.

The American people have spoken up again and again, as individuals and through their Congress, on the question of the admission of Communist China to the United Nations, recognition of the Peiping regime by our government and their refusal to condone any appeasement of the Mao Tse-tung regime, an avowed and active enemy of our nation and freedom throughout the world.

THE CONGRESS of the United States has passed five unanimous resolutions opposing the admission of Communist China to the United Nations.

In a joint resolution of the Congress, which speaks for the American people, the President was authorized to protect the Republic of China, whose interests are in common with ours, against any Communist aggression. Congressional approval of our membership in the Southeast Asia Treaty Organization (SFATO), which was organized to prevent Communist aggression in southeast Asia, is another example.

More than 1,037,000 Americans signed a petition against the admission of Communist China to the United Nations circulated by the Committee of One Million, on which I have served as a steering committee member since its inception. The committee, with strong bipartisan support, was organized to keep Communist China out of the U.N.

Other millions of Americans have taken their stand against admission of Red China to the United Nations or its recognition by our government, through official resolutions of all major national fraternal, civic, veterans, women's and labor organizations.

In 1956, both political parties included almost identical planks in their national platforms which firmly opposed the admission of Communist China to the United Nations and reiterated support for our ally, the Republic of China.

These are but some examples of how the people of the United States have spoken on this historic issue. It would be unwise for any individual or nation to underestimate the true feelings of the American people.

The same forces of appeasement that call for concessions to Red China also eagerly favor "negotiations" with the Communists. These same voices were raised to demand "negotiations" with Hitler not too many years ago.

It is well to examine the history of our negotiations with the Communists.

THE RECORD proves that 40 agreements were concluded as a result of 19 top level conferences with the Communists during the past 15 years. Only three of these agreements were kept by the Communists.

Three American presidents went to Teheran, Yalta, Potsdam and Geneva to meet with the Communists. Six American secretaries of state, from Cordell Hull to John Foster Dulles, have met with the Communists.

All these negotiations and conferences have been used by the Communists to their own advantage and to disarm the free world. It is important that we take the past into account when we enter into any further negotiations with the Communists.

In 1941, when I served as United States ambassador to Japan, negotiations and conferences were going on in Washington between our State Department and representatives of Japan.

It was during these conferences, on Dec. 7, 1941, that Japan bombed Pearl Harbor.

The negotiations in Washington helped keep our guard down. This must not be permitted to happen again.

Following the road of appeasement, we would dishonor our nation before the world and help destroy our national security. Following the other road, or adhering to the intelligent principle of steadfast support of our allies and refusal to build up our enemies, we would strengthen our national security.

By helping to strengthen freedom among our friends through building sound economies and political systems in Asia, we will demonstrate the value of a free society as opposed to slavery under Communism.

We must take the positive road. We dare not fall prey to Communist bluff and bluster. To do so would invite total disaster and, sooner or later, total war.

The president of the organization took the lead in denouncing the Federal Reserve. However, the bill passed by congress, the Federal Reserve Bank came into existence, and almost immediately World War I was upon us. The new institution, just getting under way, was the instrument used by the U.S. Treasury for the heavy financing was done and proved vital.

After the war, I was present at another meeting where this same president said, "I was entirely wrong. How could we ever have successfully financed the war without the Federal Reserve? Gentlemen, it was the hand of God." He proved how big a man he really was by publicly admitting his error.

One of the most vital domestic problems today is integration. It is a coincidence that exactly 100 years ago this summer and fall, during 1858, our country was stirred by essentially the same problem, and it was pinpointed by the famous debates between Abraham Lincoln and Stephen A. Douglas.

Some of their statements can be judged more objectively after 100 years, and there are few if any points to consider now that were not brought out then. Anyone interested in getting all the facts would do well to get "Created Equal? The complete Lincoln-Douglas debates in 1858."

Most of us are inclined to reach a conclusion or decision in a matter without all the facts, and they try to find facts to support the decision we favor.

The great decisions affecting our country are usually in harmony with the consensus of public opinion. It was Thomas Jefferson who said, "The sum total of the common sense of all the common people is the greatest and soundest force on earth."

State Official Speaks

Beaver School Dedicated

Beaver Local School District's new $500,000 upper elementary building along Echo Dell Rd. was dedicated formally at a ceremony Sunday afternoon at which Byron Morton, assistant state school superintendent, was chief speaker.

Officials taking part were, at the top, left to right, Joseph Gerlach, school principal; Morton, County Supt. James L. McBride and George VanHorne, executive head of the district. The Board of Education, bottom, left to right, includes Jack Pozenel, president, Francis Bezdek and Paul Dailey in the front, and Harry Greenwood, clerk, R. J. Schiff and Arnold Green, rear.

Morton spoke on public education in this nation, claiming it is the best in the world and need take no pattern from Europe or Russia.

He also said he believes the new elementary school could be rated excellent in terms of utilizing the money invested to the best advantage.

About 400 attended the ceremony, while an estimated 600 toured the new building afterward, according to VanHorne.

Other speakers included Pozenel, who cited the cooperation of the residents of the district in supporting the school program, and Supt. McBride, who described the progress in educational facilities and teaching during his lifetime.

Music was provided by the high school band directed by J. Warren Campbell and the Girls Triple Trio directed by Miss Carol Pittenger.

The invocation and benediction were given by the Rev. Harold Applegate of the West Point Nazarene Church.

Maplewood Youngster Injured During Game

A 10-year-old Maplewood youngster suffered a deep laceration above his left eye Saturday afternoon while playing ball in the playground at Taft School, police reported.

Robert Burkhart, son of Mr. and Mrs. Edwin Burkhart, 616 Fisher Ave., suffered the laceration when he collided with another youngster while chasing a ball. He was taken to City Hospital by police and then to a physician's office.

Young Driver Cited In Crash

Draws Fine Of $50 For Lisbon Mishap

LISBON—An area youth, involved in a three-car crash on W. Lincoln Way, was fined $50 and costs by Mayor John Todd Sunday. Three other drivers were fined on traffic charges while three men forfeited bonds over the weekend.

Samuel B. Thompson, 18, of Lisbon R. D. 2 was fined for failure to halt in the assured clear distance as a result of a mishap yesterday afternoon at 4:45 on W. Lincoln Way near Vine St.

Police said Thompson's car, headed west, hit a sedan driven by William Pierce, 20, of Lisbon R. D. 3, who was stopped for a traffic signal. The impact knocked Pierce's car into one operated by Marvin Lemmon, 22, of Perry.

Harold R. Madison, 22, of Salineville R. D. 2 was fined $150 and costs and sentenced to three days in jail by Mayor Todd for driving while intoxicated.

Dale Cusick, 24, of Lisbon R. D. 1 was fined $20 and costs for driving with an improper muffler, and Jason Ludy, 24, of Malvern was fined $15 and costs for following traffic too closely.

Forfeiting bonds when they failed to appear for scheduled hearings were Russell McCartney, 41, of Monaca, $15 for passing without the assured clear distance; Robert Waller of Canton, $25 for failure to display tax sticker, and a Stow man, $30 for intoxication.

Chester's Water Head Named Special Officer

Harold Ash, Chester water works superintendent, began duties as a special officer Sunday to serve on the days off of Police Chief Floyd Lyons.

Mayor Burton Ward appointed Ash to work on Saturdays and Sundays after an informal meeting of Council Saturday afternoon, when the financial arrangement was authorized. Previously, no officer was on duty during weekend daylight hours.

Only about one person in 80 manages to save as much as $5,000 during a lifetime.

Addresses Democrats At Cleveland

Great Victory Ahead, Kennedy Says

CLEVELAND (AP) — Ohio will share in "the greatest Democratic year since 1936," predicts the Democratic senator from Massachusetts, John F. Kennedy.

This fall's election will put enough Democratic votes in Congress "to carry out the platform and program of our party," he told the annual Democratic steer roast in Euclid Beach Park Sunday.

Kennedy, co-sponsor of the Kennedy - Ives Labor Reform Bill, which failed to get through the House, said he would try it again in the next session.

"I would not claim that Jimmy Hoffa (president of the Teamsters Union) controls the Republican party in the House, and that only Jimmy Hoffa and his associates are benefitting by the defeat of the Kennedy - Ives bill," said the young senator.

"Those who voted against it - those business interests who distorted its meaning in order to keep their whipping boy alive - must bear a heavy responsibility as labor racketeering continues unchecked during the coming months," Kennedy said.

Michael V. DiSalle of Toledo, candidate for governor, took a swing at Republican incumbent C. William O'Neill on the subject of the so-called right to work proposal, which would ban the union shop in Ohio. He said O'Neill has failed to clarify where he stood on the issue.

DiSalle also brought a Teamster name into the political discussion. He said his November opponent must be confused by being "obligated to Buddy Krenzler and Bill Presser at the same time."

Presser, a lieutenant of Hoffa, is head of the Ohio Conference of Teamsters. DiSalle has criticized O'Neill for accepting Presser's endorsement in his previous race. Krenzler is O'Neill's campaign chief in this county.

The Democratic candidate for senator, former Congressman Stephen M. Young, was critical of Republican Sen. John W. Bricker's stand on the U.S. Supreme Court.

He said, "I would like to ask Sen. Bricker whether he supports the recent decisions of the Supreme Court in regard to equal opportunities for education of all children, regardless of race or color."

Democratic County Chairman Ray T. Miller estimated 65,000 came to the park because of the party affair.

Area Democrat Group Plans Trip For Truman Talk

A large delegation of Columbiana County Democrats will travel to Columbus Saturday, Oct. 4 for a dinner honoring Ohio Democratic congressional candidates, at which former President Harry S. Truman will be the principal speaker.

The group will include: County Chairman Don R. Gosney and his wife and Mr. and Mrs. Carl L. Stacey of Columbiana; Atty. and Mrs. Paul Tobin and Judge and Mrs. Louis Tobin of East Liverpool; Mr. and Mrs. Robert Blackburn and Mr. and Mrs. Gay Zellers of Columbiana; Atty. and Mrs. Guy J. Mauro of Salem; County Treasurer and Mrs. Vincent C. Judge of Lisbon; Henry Keck of New Waterford and Atty. and Mrs. Robert S. Hartford of East Palestine.

Rep. Wayne L. Hays, 18th Ohio District congressman, and his wife will meet the county delegation in Columbus and entertain them following the dinner, which is scheduled for 6:30 p. m. in the Deshler-Hilton Hotel. Gosney said a few tickets for the dinner still are available.

Get Chance To Register

CLEVELAND (AP) — Ten special registration stations are open today in Cuyahoga County, because on voters' registration day last Thursday so many citizens were frustrated by long waiting lines.

American colleges and universities are in process of building 172 new physics buildings at a cost of more than $240 million dollars.

Nationalist China Hit On Correspondent Ban

TAIEPI, Formosa (AP) — The independent China News today sharply criticized Nationalist China's banning of NBC correspondent James Robinson, calling it ill-advised and ill-timed.

The Foreign Ministry announced Friday it was canceling Robinson's visa because of "blasphemous" remarks made about President Chiang Kai-shek and the Nationalist government in a recent NBC television interview.

Wife-Slayer's Body Located Near Monaca

BEAVER — The search for a 26-year-old Freedom man wanted for the shotgun slaying of his wife early Thursday ended Saturday afternoon when his body was recovered in the Ohio River near Monaca.

The body of Frank Scott was pulled from the water near the Monaca pumping station by two men in a rowboat. He had been sought since the slaying of his wife, Mrs. Sarah Ernestine Scott, 21, in their third-floor apartment about 1:30 a. m. Thursday.

Scott's car was found abandoned on the Rochester-Monaca Bridge about 3:30 a. m. When police went to the home to investigate, they found Mrs. Scott's body. She had been struck by pellets from a 16 gauge shotgun.

The couple's 7 children, ranging in age from 4 months to 8 years, were in the apartment at the time of the shooting. They were turned over to juvenile authorities while officials dragged the river and put out an all-points alert for the missing husband.

Authorities said Scott apparently killed his wife in a jealous rage, then took his own life. A few days before the shooting, Scott told police his wife was "running around" and asked what he could do to prevent it.

Keep Up Rights Fight, Ohio NAACP Warned

TOLEDO, Ohio (AP)—Winning the right to vote is more significant than integrating education, J. Ernest Wilkins, assistant secretary of labor, told an Ohio conference of the National Assn. for the Advancement of Colored People Sunday.

Wilkins said the members of his race must keep up the fight for civil rights until they have "equality of all mankind in every human endeavor."

All Bottled Up

ENID, Okla. (AP) — Mrs. J. H. Hays, 85 is all "bottled up" around her home these days. And she likes it. For years Mrs. Hays has been collecting bottles of all sizes and shapes. She now has more than 200.

A Gentle Hint

MARCH, England (AP) — The council of this Cambrideshire community plans to use publicity to make tenants of municipally - owned houses pay their rent promptly. A list of defaulters will be posted outside the town hall at regular intervals.

It helps to improve the Tri-State Area . . . . making it a better place in which to live. Your savings along with the savings of scores of others form a fund from which your fellow-citizens can borrow to buy or build or repair or modernize homes of their own.

Your money is not sterile, it is not hidden away and gathering dust. It is active, productive, energizing. It is channeled into the lives of your neighbors and increases their happiness. It is changed into the threshold and fireplace and roof of the American home.

And while it is accomplishing this, it circulates inbuying lumber and bricks and cement and plaster and paint and fixtures, and in providing employment and wages for the carpenter, the mason, the plumber, the electrician, and many others who have businesses in this area. The dollars in your savings account are busy dollars . . . .working for all of us.

Addresses Democrats At Cleveland

Great Victory Ahead, Kennedy Says

CLEVELAND (AP) — Ohio will share in "the greatest Democratic year since 1936," predicts the Democratic senator from Massachusetts, John F. Kennedy.

This fall's election will put enough Democratic votes in Congress "to carry out the platform and program of our party," he told the annual Democratic steer roast in Euclid Beach Park Sunday.

Kennedy, co-sponsor of the Kennedy - Ives Labor Reform Bill, which failed to get through the House, said he would try it again in the next session.

"I would not claim that Jimmy Hoffa (president of the Teamsters Union) controls the Republican party in the House, and that only Jimmy Hoffa and his associates are benefitting by the defeat of the Kennedy - Ives bill," said the young senator.

"Those who voted against it - those business interests who distorted its meaning in order to keep their whipping boy alive - must bear a heavy responsibility as labor racketeering continues unchecked during the coming months," Kennedy said.

Michael V. DiSalle of Toledo, candidate for governor, took a swing at Republican incumbent C. William O'Neill on the subject of the so-called right to work proposal, which would ban the union shop in Ohio. He said O'Neill has failed to clarify where he stood on the issue.

DiSalle also brought a Teamster name into the political discussion. He said his November opponent must be confused by being "obligated to Buddy Krenzler and Bill Presser at the same time."

Presser, a lieutenant of Hoffa, is head of the Ohio Conference of Teamsters. DiSalle has criticized O'Neill for accepting Presser's endorsement in his previous race. Krenzler is O'Neill's campaign chief in this county.

The Democratic candidate for senator, former Congressman Stephen M. Young, was critical of Republican Sen. John W. Bricker's stand on the U.S. Supreme Court.

He said, "I would like to ask Sen. Bricker whether he supports the recent decisions of the Supreme Court in regard to equal opportunities for education of all children, regardless of race or color."

Democratic County Chairman Ray T. Miller estimated 65,000 came to the park because of the party affair.

Area Democrat Group Plans Trip For Truman Talk

A large delegation of Columbiana County Democrats will travel to Columbus Saturday, Oct. 4 for a dinner honoring Ohio Democratic congressional candidates, at which former President Harry S. Truman will be the principal speaker.

The group will include: County Chairman Don R. Gosney and his wife and Mr. and Mrs. Carl L. Stacey of Columbiana; Atty. and Mrs. Paul Tobin and Judge and Mrs. Louis Tobin of East Liverpool; Mr. and Mrs. Robert Blackburn and Mr. and Mrs. Gay Zellers of Columbiana; Atty. and Mrs. Guy J. Mauro of Salem; County Treasurer and Mrs. Vincent C. Judge of Lisbon; Henry Keck of New Waterford and Atty. and Mrs. Robert S. Hartford of East Palestine.

Rep. Wayne L. Hays, 18th Ohio District congressman, and his wife will meet the county delegation in Columbus and entertain them following the dinner, which is scheduled for 6:30 p. m. in the Deshler-Hilton Hotel. Gosney said a few tickets for the dinner still are available.

Get Chance To Register

CLEVELAND (AP) — Ten special registration stations are open today in Cuyahoga County, because on voters' registration day last Thursday so many citizens were frustrated by long waiting lines.

American colleges and universities are in process of building 172 new physics buildings at a cost of more than $240 million dollars.

Nationalist China Hit On Correspondent Ban

TAIEPI, Formosa (AP) — The independent China News today sharply criticized Nationalist China's banning of NBC correspondent James Robinson, calling it ill-advised and ill-timed.

The Foreign Ministry announced Friday it was canceling Robinson's visa because of "blasphemous" remarks made about President Chiang Kai-shek and the Nationalist government in a recent NBC television interview.

All officers are members of the Student Council, for which the advisor is Frank G. Solak.

Wife-Slayer's Body Located Near Monaca

BEAVER — The search for a 26-year-old Freedom man wanted for the shotgun slaying of his wife early Thursday ended Saturday afternoon when his body was recovered in the Ohio River near Monaca.

The body of Frank Scott was pulled from the water near the Monaca pumping station by two men in a rowboat. He had been sought since the slaying of his wife, Mrs. Sarah Ernestine Scott, 21, in their third-floor apartment about 1:30 a. m. Thursday.

Scott's car was found abandoned on the Rochester-Monaca Bridge about 3:30 a. m. When police went to the home to investigate, they found Mrs. Scott's body. She had been struck by pellets from a 16 gauge shotgun.

The couple's 7 children, ranging in age from 4 months to 8 years, were in the apartment at the time of the shooting. They were turned over to juvenile authorities while officials dragged the river and put out an all-points alert for the missing husband.

Authorities said Scott apparently killed his wife in a jealous rage, then took his own life. A few days before the shooting, Scott told police his wife was "running around" and asked what he could do to prevent it.

Keep Up Rights Fight, Ohio NAACP Warned

TOLEDO, Ohio (AP)—Winning the right to vote is more significant than integrating education, J. Ernest Wilkins, assistant secretary of labor, told an Ohio conference of the National Assn. for the Advancement of Colored People Sunday.

Wilkins said the members of his race must keep up the fight for civil rights until they have "equality of all mankind in every human endeavor."

All Bottled Up

ENID, Okla. (AP) — Mrs. J. H. Hays, 85 is all "bottled up" around her home these days. And she likes it. For years Mrs. Hays has been collecting bottles of all sizes and shapes. She now has more than 200.

A Gentle Hint

MARCH, England (AP) — The council of this Cambrideshire community plans to use publicity to make tenants of municipally - owned houses pay their rent promptly. A list of defaulters will be posted outside the town hall at regular intervals.

Record Crowd Attends Annual Show Conducted By Dahlia, Floral Society

A record crowd estimated at 4,000 to 5,000 attended the 33rd annual show of the East Liverpool Dahlia and Floral Society Saturday and Sunday at Westgate School auditorium.

John T. Eccleston, president, said Sunday's attendance exceeded Saturday's crowd by far.

E. M. Delbrugge of Rosemary Dahlia Gardens at Martins Ferry won the open sweepstakes award with 233 points. The second award went to Leo Lawrence of East Liverpool with 119 points.

R. D. Montznik of Pittsburgh took the amateur dahlia division with 174 points. Miss Eliane Stephen of Cleveland was second with 83 points.

—:—

ECCLESTON RECEIVED the award for the largest and most perfect dahlia for his yellow flower, "Burn Brae Memories." It received four awards — first in class, special in its section, special in its division, and a rosette ribbon for best bloom in show. His "Mrs. French," won an award for being the smallest and most perfect pompon.

Lawrence also was awarded a prize for the largest A dahlia. His flower was "Arthur Godfrey." Sam Holt of Pittsburgh was awarded a prize for his "Bunny," the most perfect B dahlia.

Delbrugge's ball dahlia, "Alice J," was singled out as the most perfect ball dahlia. The largest and most perfect bloom in the large dahlia amateur division was Motznik's "Lavender Beauty."

Motznik won the rose division and an award for "Peace," the largest and most perfect rose. He won in the division with 55 points. Lawrence was second with 42 points. There was no rose award Sunday.

The American Home Achievement medal was won by "Nita," a B size cactus, originated by Paul Hale of Brighton, Ill., and exhibited by Charles Lasch of South Euclid.

—:—

THE AWARD for the best vase of three A dahlias went to Lawrence with "Kelvin." The most perfect miniature, "Musette," was entered by Motznik.

Winners in the sweepstakes open arrangement division were Mrs. Dorothy Kountz of East Liverpool, first with 50 points, and Mrs. Anna Patterson of Wellsville, second with 34 points.

The prize for the basket, vase, bowl arrangement division went to Mrs. Kountz with 53 points. Frank Richmond of Chester was second with 46 points.

In the arrangement division for East Liverpool Garden Club members, Mrs. Anna Patterson was first with 105 points and Mrs. Marie White of East Liverpool was second.

In the advanced amateur arrangements, Mrs. Robert Burch of Chester was first with 19 points and William Haugh of Wellsville was second with 14 points. In the novice division, Miss Clara Dunlap of Chester was first with 29 points.

In the novice dahlia division, Robert Wilderodar of Beaver Falls placed first with 40 points. In the junior group, there were three first place winners — Carl Wilson, Jane Wolfe and Mary Vohar.

—:—

LOCAL WINNERS also included Mrs. Ruth Wolfe, Miss Susan Lewis, William Craine, Frank Shone, Harry Johnson and Roy Smith.

Exhibitors were from Wellsville, East Liverpool, Chester, Smiths Ferry, Beaver Falls, Cleveland, Pittsburgh, Martins Ferry, West Bridgewater, Euclid, Parma, Gibsonia, Parkersburg, Charleston and Phalanx Station, near Warren.

Show secretaries were Miss Myrtle Finnie, Mrs. Clarence Green and Mrs. Frank Richmond and Mrs. Charles Grover. High school girls who aided were Kay Stoddard, Judy Gallagher, Linda Edgell and Janet Glover. Girls of Chester Girl Scout Troops who helped were: Troop 79, Linda Carpenter, Betsy Hobbs and Carole Tuttle, and Troop 39, Polly Hoyt, Patty Mack Marcella Lyons and Nancy Olash. Mrs. W. M. Crawford of Wellsville also assisted.

PRIZE-WINNING BLOOMS. J. T. Eccleston, president, is pictured with an array of prize-winning blooms singled out at the 33rd annual show of the East Liverpool Dahlia and Floral Society Saturday and Sunday at Westgate School auditorium. He is holding a vase with his dahlia, "Burn Brae Memories," which was named the largest and most perfect. The show attracted a record crowd of 4,000 to 5,000—the majority of them from out of town.

Catholic Groups To End Columbus Meeting Tuesday

COLUMBUS, Ohio (AP)—A different kind of conference crowd mingles with those who work and shop in downtown Columbus these days.

They seem to share a fellowship as strong, deep and warm—if not as noisy—as those of delegates to many conventions which find headquarters in the city's hotels.

And, like many other visitors here for a special purpose, they can for the most part be distinguished by special garb.

They are Roman Catholic priests and nuns, here with some Catholic laymen, for the National Conference of Catholic Charities. The conference runs jointly with the meeting of the Society of St. Vincent de Paul. Tuesday is the final day.

Discussions, workshops and business meetings are on the program today.

Dallas Pilots Set Endurance Mark For Light Planes

DALLAS, Tex. (AP) — Two weary Dallas pilots, Jim Heth and Bill Burkhart, set a world endurance record for light planes Sunday night.

They kept their Cessna 172 aloft for 1,200 hours, 16 minutes and 30 seconds. The mark broke the 1,124 hours set in 1949 over Yuma, Ariz., by Woody Jungward and Bob Woodhouse.

Heth and Burkhart left a Dallas airport at 7:01 p.m. Aug. 2. They had been in the air ever since.

Burkhart, 33, operates an airplane brokerage firm. Heth, 25, plans to start an aviation charter service.

Both appeared to be in good physical condition, but they had trouble standing erect.

During the 50 days in the air, the pilots averaged between 80 and 90 miles an hour except when refueling twice daily.

The pilots took turns in flying in three-hour shifts. They received two hot meals daily.

2 Women And Youth Treated At Hospital

Three hurt in falls, a woman injured washing clothes, a boy injured playing ball and another woman cut on glass were treated Friday at City Hospital.

Nicholas Vijaklya Jr., 10, son of Nicholas Vijaklya of Midland Heights, injured his right ankle while playing ball.

ner at noon Oct. 14 at the regional meeting of Women's Auxiliaries of the Episcopal Church when it met Thursday night in the annex.

Mrs. Viola Rodgers, vice president, presided in the absence of Mrs. Ruby Plunkett. The group will sell Christmas cards to raise funds for the treasury. Mrs. Gladys Lewis led devotions and Mrs. Violet Whittaker had charge of the program. Refreshments were served by Mrs. Ethel Parr and Mrs. Rodgers.

The October meeting will be at the church with Mrs. Edna Clark and Mrs. Adda Hall as hostesses. Mrs. Rodgers will be devotional leader and Mrs. Edith Beaumont will be in charge of the program.

⁂ ⁂ ⁂

Some 10 characteristics were used by Miss Marie Headley to define "What God is Like" for the worship period of the Delta Alpha Circle of the First Christian Church Thursday night in the home of Mrs. Pearl Thompson of Broadway.

The divisions, scripture and members assisting were: "God is Creator," Psalm 25 and Hebrew 11; "God is Life," Genesis and Isaiah 42, Mrs. Horton Webster; "God as a Sustainer," Acts 17 and Psalm 104; "God as a Spirit," Psalm 30, Mrs. Harry Hammond; "God is Holy," Isaiah 6; "God is Like a Shepherd," Psalm 23; "God is a Judge, Galatians 7.

"God is Love," I John 1; "God is Like a Father;" "God is King," Psalm 44, Acts 17, Mrs. Thompson. Psalm 23 was given in unison. Mrs. Goldie Easterday read poems, "Thy Will on Earth" and "Wouldn't It." Mrs. Charles Robb discussed the topic, "What If," and Mrs. D. T. O'Hara reviewed a portion of Frank Lobat's book on prayer.

Business concluded with prayer by Mrs. Beatrice McCartney. Refreshments were served 18 by the hostess assisted by Mrs. Robb, Mrs. Mary Donnelly and Mrs. Leonard McClure.

⁂ ⁂ ⁂

Devotions for the meeting of the C. and M. Class of the First Christian Church Thursday night in the home of Mrs. Viola Weekley of Aten Ave. were taken from the book "Untapped Resources."

Mrs. Margie Brown, leader, read a thought for the day entitled "To Know a Fellow" and Mrs. Hilda Crawford assisted by reading a poem, "Worship," and leading prayer.

The class decided to sell Christmas candy and pecans to add to its treasury. The Lord's Prayer was given in unison. Anniversary gifts from Secret Pals were received by Mrs. Edna Haugh and Mrs. Crawford.

Assisting hostesses were Miss Florence Bishop and Mrs. Marguerite Wilson.

Dallas Pilots Set Endurance Mark For Light Planes

DALLAS, Tex. (AP) — Two weary Dallas pilots, Jim Heth and Bill Burkhart, set a world endurance record for light planes Sunday night.

They kept their Cessna 172 aloft for 1,200 hours, 16 minutes and 30 seconds. The mark broke the 1,124 hours set in 1949 over Yuma, Ariz., by Woody Jungward and Bob Woodhouse.

Heth and Burkhart left a Dallas airport at 7:01 p.m. Aug. 2. They had been in the air ever since.

Burkhart, 33, operates an airplane brokerage firm. Heth, 25, plans to start an aviation charter service.

Both appeared to be in good physical condition, but they had trouble standing erect.

During the 50 days in the air, the pilots averaged between 80 and 90 miles an hour except when refueling twice daily.

The pilots took turns in flying in three-hour shifts. They received two hot meals daily.

2 Women And Youth Treated At Hospital

Three hurt in falls, a woman injured washing clothes, a boy injured playing ball and another woman cut on glass were treated Friday at City Hospital.

Nicholas Vijaklya Jr., 10, son of Nicholas Vijaklya of Midland Heights, injured his right ankle while playing ball.

Elizabeth Miller, 32, of Washington cut her finger on a piece of broken glass.

Mrs. Emma Moore, 78, of E. 2nd St. received bruises of the right arm when caught in a wringer at home.

Miss Lillian Miles of Pennsylvania Ave. fell and hurt her right leg.

Mrs. Clara Wetzel of College St. was treated for a fractured foot suffered in a fall.

Gary Stevens, 9, son of Charles Stevens of M.C. 21, fell at home and lacerated his forehead.

Chester Lions To Open Sale Of Bulbs Tonight

The Chester Lions Club will open its annual two-day light bulb sale tonight at 6:30.

A house-to-house canvass will be conducted both tonight and Tuesday night. John Abrams is chairman.

The town has been divided into three sections and the team captains are Harry Lewis, Walter Jordan, and Clifford Balser.

Proceeds are for the sight conservation fund.

Driver Fined, Another Forfeits In Chester

One motorist was fined and another forfeited on charges of hazarous driving in Mayor Burton Ward's court at Chester Friday night.

William Ezra Peters of Newell was fined $10. He was arrested on Carolina Ave. by Patrolman Harold Davis. He pleaded guilty.

William Platt of Pittsburgh forfeited a $15.50 bond. He was cited Thursday on Carolina by Special Officer Clarence Lennens.

3 Attend Sessions Of NAACP Group

Mr. and Mrs. Caesar A. Peters of Harker Ave. and Miss June Singleton of Midland attended the Ohio State Conference of the NAACP in Toledo Friday through Sunday.

Peters, president of the local branch, attended as a delegate. Mrs. Peter is financial secretary of the local branch and Miss Singleton, a junior at Midland High School, represented the youth council. She was named on the state finance committee for the 1959 session.

A banquet was held in the ballroom of the hotel, with 700 attending. Thurgood Marshall, head counsel of the NAACP Legal Defense and Educational Fund, Inc., was scheduled for the main address but he was called to Richmond, Va. Atty. Willey A. Brenton of Pine Bluff, Ark., arrived by plane in time to replace Marshall.

Mayor John W. Yager, Toledo, a member of the Toledo NAACP Branch, gave the welcoming address, in which he said: "We must all dedicate ourselves to eliminating the prejudices that cause 'second class citizenship'."

RICHMOND, Va. (AP) — C. B. "Gus" Bass, a mechanic at the Chesterfield school board garage, has a new snake trap. He found a three-foot copperhead with its head wedged into a ¾ inch opening of a hub wrench.

Tavern Workers Fined After Raids At Weirton

NEW CUMBERLAND — Two Weirton tavern workers were fined $100 and costs each Friday before Squire John D. Herron following their arrests by West Virginia State Police on charges of illegal sale of liquor.

They are Francis Marie Bolnar, 18, a waitress at the Varsity Bar on Main St., and Mildred Miller of the Shamrock Inn, also in Weirton. The arrest at the Varsity Bar was made by a state police officer Aug. 25 while the other at the Shamrock Inn dated back to Sept. 9.

The two arrests brought to eight the total made by state police in a recent clampdown on Hancock County's illegal gambling activities and liquor sales.

Demonstration Due

LISBON — A demonstration of a stone picking machine will be held at Firestone Farms near Columbiana Tuesday night from 6:30 to 8, Floyd Lower, county extension agent, reported. The demonstration was postponed last week because of rain, he said. The machine is used to clear stones from fields.

Nurses Await Area Meeting

Youngstown Session Slated Wednesday

A group of student nurses and members of the East Liverpool Nurses Alumnae Association are scheduled to attend meetings Wednesday in Youngstown under the sponsorship of District 3 of the Ohio State Nurses Association.

Some 25 seniors and juniors at the City Hospital Training School will attend the student nurses tea, arranged by the state nurses association, from 2 until 4 p. m. in the Mural Restaurant at Youngstown.

Miss Dorothy Mereness, R. N., director of the psychiatric mental health nursing program at New York University, will be a guest. The group will make the trip by chartered bus. Mrs. Ila Shingler and Mrs. Louise Sloane, instructors, will accompany the students.

A diner is scheduled at 6:30 at the same place for District 3 of the Ohio State Nurses Association. Those planning to attend are Mrs. Sarah E. Davis, director of nursing at the hospital, Mrs. Frances Eckenrode, president of the alumnae, Mrs. Betty Clark, Mrs. Helen Bemis, Mrs. Wilma Nicholas, Mrs. Jean Tipton, Mrs. Frances Eckenrode and Mrs. Jeanette Carpenter. All except Mrs. Carpenter, who is city health nurse, are members of the hospital staff.

Miss Merenes will speak on "How Nurses Can Help in Emotional Needs of the Patient." Another guest will be Miss Dorothy Cornelius, R. N., executive secretary of the Ohio State group. Pins will be presented past presidents as well as a plaque to the district listing names of past presidents and honorary members of the district.

Miss Donna Sims, district president, and Mrs. Verna Kness, program chairman, are in charge of both events.

Beakley came into Taipei briefly, but sailed aboard his flagship, the heavy cruiser Helena, for an unknown destination, U. S. military spokesman declined to give further details.

Kuter told newsmen he would discuss the Quemoy artillery blockade. U. S. warships and planes often protect Nationalist supply convoys to the limit of international waters and international air space.

The Nationalists claimed they sank one Red gunboat and heavily damaged a second, without suffering any losses of their own, in a naval battle with six Red vessels off Matsu, 150 miles north of Quemoy, before dawn Sunday.

The Nationalists said they destroyed nine Communist artillery pieces and three emplacements on the mainland from Quemoy Saturday.

The first friction match was patented in Britain in 1826.

17 Of Indicted Deny Charges

6 More Plead Guilty And Seek Probation

A Rogers man, charged with second degree manslaughter in a traffic death, asked to have the indictment withdrawn when he and 16 others cited by the Columbiana County September Grand Jury pleaded innocent at arraignment this morning at the Courthouse at Lisbon.

Six other defendants pleaded guilty and requested probation while two more pleaded guilty.

Charles Tullis, 45, of Rogers, charged with manslaughter in the Aug. 6 traffic death of Fred Ware, 60, of Glenmoor, requested the indictment be quashed and Judge Raymond Buzzard permitted his counsel to file briefs until Oct. 1. Prosecutor G. William Brokaw was given until Oct. 10 to file a reply.

Raymond Landfried, 23, of 1169 Erie St. and Wayne Campbell, 20, of Negley, indicted for having carnal knowledge of a minor female, pleaded guilty and requested hearings which were slated this afternoon.

Pleading innocent were:

Jack McIlvain, 35, of Alliance, theft of a chain saw from the Oliver Greenmyer home near Valley.

William E. Ahlstrom, 36, of Alliance, second degree manslaughter in the traffic death of Jack Heckaman, 31, of Alliance June 7 on Route 62.

John Wesley Letzkus, 26, and Charles Edwin Snay Jr., 26, of Salem, theft of tools and torches from a Salem area sand pit.

Isaiah McCall, 34, of Kent, cutting with intent to wound.

Chester Fred Looman and Robert Looman of Hookstown, Floyd Looman of Mulberry St. and Clarence Powell of Coraopolis, seperate indictments for issuing fraudelent checks.

William Kunkel, 36, of Pittsburgh, driving while intoxicated; Wilber Shephard of Columbiana, malicious destruction of property; Edward Carter, cutting with intent to wound; Charles Davis of Chester and William Douds of Industry R. D. 1, assault with intent to rob.

Richard Curran of R. D. 2, possession of obscene literature; Anthony DeSenze of 1137 Buckeye Ave., Wellsville, asault with intent to rape and taking undue liberties.

Those requesting probation after filing guilty pleas were: Duane E. Lockard, 21, of Akron, burglary; Leo Gotthardt, 21, of Lisbon, larceny at a service station; Donald Ingram, 23, of Irondale, charged with forgery. Ingram requested to be sent to a mental institution for observation and Judge Buzzard said he would rule after a probation study.

William Raymond Lewis, 41, of Wheeling and John Francis Leigh, 20, of Lisbon St., separate counts of forgery. Two secret indictments are yet unserved.

More Towns Flooded In Mexican High Water

MEXICO CITY (AP)—The Silao and Lajas rivers flooded eight more small towns in Guanajuato state, central Mexico, dispatches from the area reported today.

More than 10,000 persons were reported driven from their homes. About 15,000 persons already had been forced to flee as a result of high water at Salamanca in the central part of the state.

Many other towns in the state already had been stricken.

Heavy rains continued to fall in the area and in northern Mexico.

No place in Nova Scotia is more than 50 miles from the sea.

Mishaps

(Continued from Page One)

Mrs. Jane Tangemen, 48, president of the board of education at Worthington (near Columbus), when the car in which she was riding was hit by a truck on U.S. 250 six miles south of Sandusky.

Patrick Dennis Johns, 12, Boardman (near Youngstown), accidentally hanged when he fell out of bed and a belt around his neck caught on a bedpost.

Robert Dale Hahn, 8, of near Alliance, when he crawled under a pile of logs to pursue a rabbit and suffocated as the pile collapsed.

Miss Ruth C. Dunlap, 21, Akron, when her fiance's sports car tipped over near her home.

James Waldron, Pittsburgh, Pa., when his car and a truck crashed on U.S. 224 east of Randolph (Portage County).

Hobert Lovins, 59, Cincinnati, in a two-car crash at Reading (near Cincinnati).

Frank Charles Sack, 16, Cincinnati, struck by a car there.

Patricia Rose Anne Smithson, 4 weeks, Cincinnati, smothered in her crib.

Valentine Cochran, 63, Rt. 1, Willard, and James Adams, 68, Canie, Ky., in a auto collision at the north edge of Willard.

Vaughn Houk, 12, St. Clairsville, hit by a car on U.S. 40 Bypass south of the city.

Sally Petkoss, 34, Rt. 1, Geneva, (Ashtabula County), when she lost control of her car on Ohio 90 two miles north of Dorset (Ashtabula County).

Kenneth Williams, 46, a Toledo fireman, when a wall collapsed at the scene of a fire and pitched him from a ladder to the ground.

Mrs. Theresa G. Smith, 60, Milford (Clermont County), in a fall down her basement stairs.

Sunday:

Ray Nickolson, 40, Alliance, struck on a city street by a hit-skip driver.

Mrs. Yvonne Williams, 22, Cleveland, when a car in which she was riding hit a tree there.

Fred L. Borden, 46, Akron, when his car skidded on a slippery Summit County road, hit a telephone pole and slammed into a ditch.

Mrs. Joseph J. Bush, 47, Parma, when her husband somehow pressed on the accelerator instead of the foot brake of his car while she was standing in front of it and the sudden lunge pushed her through the rear wall of their garage.

Traffic

(Continued from Page One)

of Ambridge stopped momentarily about 2:45 a. m. yesterday and his car was hit in the rear by Watson's auto.

Marie Nentwick, 1522 Lisbon St., was cited by police at 8:11 a. m. today after her car struck a car operated by Robert Chetwynd, 915 Bank St., at Lisbon St. near Boring Ln.

Chetwynd told police he was headed north about 25 miles an hour when the woman pulled in front of him and he was unable to avoid the collision.

A car operated by Glenn E. Collins, 1715 Anderson Blvd., was damaged Saturday afternoon on Park Way. Collins told police he was forced off the road by an unidentified car.

Two motorists reported to police their car were damaged by hit-skip drivers Saturday night and Sunday.

Edward P. Lowe, 400 Prospect St., told police his parked car was struck Saturday about 8 p. m. on Shadyside Ave.

Orland E. Thorne, 208 Pennsylvania Ave., reported he found his car had been damaged Saturday night or early yesterday while parked on Blakeley St. near Pennsylvania Ave.

Mayor's Association Awaits Dinner Oct. 2

The annual dinner meeting of the Columbiana County Mayor's Association, at which wives will be guests, is scheduled Oct. 2 at 6:30 p. m. at Timberlane's Restaurant at Salem.

Mayor Karl Lindner of Salineville, president, said a tour of the new Salem Senior High School building will follow. Mayor Harold Smith of Salem will be host.

William Kunkel, 36, of Pittsburgh, driving while intoxicated; Wilber Shephard of Columbiana, malicious destruction of property; Edward Carter, cutting with intent to wound; Charles Davis of Chester and William Douds of Industry R. D. 1, assault with intent to rob.

Richard Curran of R. D. 2, possession of obscene literature; Anthony DeSenze of 1137 Buckeye Ave., Wellsville, asault with intent to rape and taking undue liberties.

Those requesting probation after filing guilty pleas were: Duane E. Lockard, 21, of Akron, burglary; Leo Gotthardt, 21, of Lisbon, larceny at a service station; Donald Ingram, 23, of Irondale, charged with forgery. Ingram requested to be sent to a mental institution for observation and Judge Buzzard said he would rule after a probation study.

William Raymond Lewis, 41, of Wheeling and John Francis Leigh, 20, of Lisbon St., separate counts of forgery. Two secret indictments are yet unserved.

More Towns Flooded In Mexican High Water

MEXICO CITY (AP)—The Silao and Lajas rivers flooded eight more small towns in Guanajuato state, central Mexico, dispatches from the area reported today.

More than 10,000 persons were reported driven from their homes. About 15,000 persons already had been forced to flee as a result of high water at Salamanca in the central part of the state.

Many other towns in the state already had been stricken.

Heavy rains continued to fall in the area and in northern Mexico.

No place in Nova Scotia is more than 50 miles from the sea.

Mishaps

(Continued from Page One)

Mrs. Jane Tangemen, 48, president of the board of education at Worthington (near Columbus), when the car in which she was riding was hit by a truck on U.S. 250 six miles south of Sandusky.

Patrick Dennis Johns, 12, Boardman (near Youngstown), accidentally hanged when he fell out of bed and a belt around his neck caught on a bedpost.

Robert Dale Hahn, 8, of near Alliance, when he crawled under a pile of logs to pursue a rabbit and suffocated as the pile collapsed.

Miss Ruth C. Dunlap, 21, Akron, when her fiance's sports car tipped over near her home.

James Waldron, Pittsburgh, Pa., when his car and a truck crashed on U.S. 224 east of Randolph (Portage County).

Hobert Lovins, 59, Cincinnati, in a two-car crash at Reading (near Cincinnati).

Frank Charles Sack, 16, Cincinnati, struck by a car there.

Patricia Rose Anne Smithson, 4 weeks, Cincinnati, smothered in her crib.

Valentine Cochran, 63, Rt. 1, Willard, and James Adams, 68, Canie, Ky., in a auto collision at the north edge of Willard.

Vaughn Houk, 12, St. Clairsville, hit by a car on U.S. 40 Bypass south of the city.

Sally Petkoss, 34, Rt. 1, Geneva, (Ashtabula County), when she lost control of her car on Ohio 90 two miles north of Dorset (Ashtabula County).

Kenneth Williams, 46, a Toledo fireman, when a wall collapsed at the scene of a fire and pitched him from a ladder to the ground.

Mrs. Theresa G. Smith, 60, Milford (Clermont County), in a fall down her basement stairs.

Sunday:

Ray Nickolson, 40, Alliance, struck on a city street by a hit-skip driver.

Mrs. Yvonne Williams, 22, Cleveland, when a car in which she was riding hit a tree there.

Fred L. Borden, 46, Akron, when his car skidded on a slippery Summit County road, hit a telephone pole and slammed into a ditch.

Mrs. Joseph J. Bush, 47, Parma, when her husband somehow pressed on the accelerator instead of the foot brake of his car while she was standing in front of it and the sudden lunge pushed her through the rear wall of their garage.

Traffic

(Continued from Page One)

of Ambridge stopped momentarily about 2:45 a. m. yesterday and his car was hit in the rear by Watson's auto.

Marie Nentwick, 1522 Lisbon St., was cited by police at 8:11 a. m. today after her car struck a car operated by Robert Chetwynd, 915 Bank St., at Lisbon St. near Boring Ln.

Chetwynd told police he was headed north about 25 miles an hour when the woman pulled in front of him and he was unable to avoid the collision.

A car operated by Glenn E. Collins, 1715 Anderson Blvd., was damaged Saturday afternoon on Park Way. Collins told police he was forced off the road by an unidentified car.

Two motorists reported to police their car were damaged by hit-skip drivers Saturday night and Sunday.

Edward P. Lowe, 400 Prospect St., told police his parked car was struck Saturday about 8 p. m. on Shadyside Ave.

Orland E. Thorne, 208 Pennsylvania Ave., reported he found his car had been damaged Saturday night or early yesterday while parked on Blakeley St. near Pennsylvania Ave.

Mayor's Association Awaits Dinner Oct. 2

The annual dinner meeting of the Columbiana County Mayor's Association, at which wives will be guests, is scheduled Oct. 2 at 6:30 p. m. at Timberlane's Restaurant at Salem.

Mayor Karl Lindner of Salineville, president, said a tour of the new Salem Senior High School building will follow. Mayor Harold Smith of Salem will be host.

Speaker Cites School Crisis

Atty. O'Hara Talks On PTA's Program

Atty. Delmar T. O'Hara of Wellsville spoke on "Today's Educational Crisis" at a meeting of No. 16 Parent-Teacher Association Friday night in the Yellow Creek Township school building.

He cited some of the school problems such as the shortage of teachers, their inadequate pay and crowded conditions in schools.

The fifth and sixth grades taught by Miss Edna Duncan led devotions. Donna Wilks read scripture II Timothy 2; Miss Duncan offered prayer and Lynn Clark led the pledge to the flag.

The group sang "America" and Beverly Reight, Jimmy Falconer and Sherrie Falconer, fifth and sixth grade pupils, gave the Preamble to the Constitution. A quartet comprised of Glenda Shenton, Linda Corbin, Marilyn Bentz and Donna Parker sang "Dark Town Strutter's Ball" and "Glory Hallelujah," accompanied by Mary Falconer.

Edward Serafy, president, conducted business. It was decided that blacktop remaining from the surfacing of the basketball court will be used on the side of the building to improve the driveway. The group voted to reimburse the Board of Education with $375 as its share of the cost of the blacktop.

Faculty members and parents were introduced. Mrs. C. B. Watson, ways and means chairman, announced that her committee will meet a half hour prior to each session to discuss activities it is planning. Jerry Russell, head of the Student Council, announced that it will sell Christmas cards and hold a bake sale to raise funds. The fifth and sixth grades, with 19 parents present, won the attendance banner.

Refreshments were served by the social committee comprised of Mrs. Hazel Chenault, Mrs. Pat Sabbato and Mrs. John McCauley.

Lisbon Council To Meet

LISBON—Village Council will meet tonight at 7:30 and Major John Todd said only routine business is scheduled.

Jolt Diet Starts Slimming Course

So you are having a mental struggle getting back on the diet! If you are like most reducers, you do not fall off your diet abruptly. Nor do you consciously decide to stop reducing. What happens is that you slip off your diet, little by little.

Ida Jean Kain

According to your reports, it takes two to three weeks of "slipping" to build up to the stage of being clear off the diet and back to fattening fare. Just when you are mildly determined to buckle down again, some special event comes along. It's your birthday, or your anniversary — or company comes. At such times, you naturally abandon all calorie caution. After a splurge, or following a lull in losing, you get a sort of defeated feeling of "Oh, what's the use!"

—:—

A YOUNG DIETER writer: "I had already lost 20 pounds, but at vacation time I got clear off my diet, and now to save me, I can't seem to get back on. Do you have any emergency measures to help us overweights cope with such a dismal situation?

"I feel uneasy about the way I'm eating now, but I can't seem to get back in the slimming groove."

Is this your predicament too? Then let's jolt back onto the slimming course. Ordinarily, this dietitian is not in favor of rigid dieting. It's everyday food habits that determine your weight.

But at the point when the protective diet plan is neither a treat nor a challenge, it may not serve to get you solidly back into your reducing routine. At such a time, it will help you to pull up short with a jolt - of plan. Here it is:

Before breakfast, have a glass of hot water with the juice of half a lemon. Drink rapidly. Try to have this 20 minutes or so before breakfast, if possible.

Breakfast

2 soft cooked eggs — no salt, coffee, black.

Luncheon

Ground round steak, large pattie, broiled; 5 oz. cooked wgt., no salt; sliced tomato; glass of buttermilk or skim milk.

Afternoon Pick-Up

Hot tea with tsp. sugar and lemon.

Dinner

Ground round steak, large pattie — 5 oz. cooked wgt.; chopped spinach or string beans; glass of buttermilk or skim milk.

—:—

THE TOTAL calories for the day are 965. The high proportion of protein and the absence of salt will help to counteract the tendency to store water and the pounds will be jolted off. This emergency menu should not be followed for more than 2 days, 3 at the very most.

It is guaranteed to get you back on the slimming beam. Following this rigid diet plan, the 1,000 calorie a day varied diet will seem ample, and you will feel content to be back on the protective plan — slimming happily.

Send a long, stamped, self - addressed envelope for "Hunger Control Diet." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests can not be answered.

Autumn Ideal Time For Painting

NEW YORK — Autumn is the ideal time to paint, bugs are almost non - existent, rainfall is usually at a minimum and temperatures fairly constant.

Autumn 1958 should be a particularly good season, for the paint industry is now marketing exterior paints "that have superior covering ability, qualities of great endurance and excellent color retention," the National Paint, Varnish and Lacquer Association, Inc., says.

When you plan your autumn painting, select colors that have character, don't repeat the same color you've had before and don't pick a "safely neutral" hue, it advises. If you choose a dull, lifeless color you are out - of - step with the nation. The association continues:

—:—

"**COLOR FOR** exterior use has enveloped the country — not just the south and west, where conservatism in exterior color always was the exception, but also in the northwest and midwest. Especially in the suburbs is the new color trend finding expression,, as pastel blue, pale green, lemon yellow and pink blossom forth.

"As well as being eye -pleasing, the pastel hues are functional as they give an illusion of size to a small home. The light hues also blend well with the summer landscape and provide a welcome note of soft color when snow blankets the ground.

"One large and famous housing development company, Levitt and Sons, absolutely scorns color conformity in individual houses, as well as in their "street scenes". Four different colors — this includes roof, masonry, paint and trim — are combined on most house exteriors.

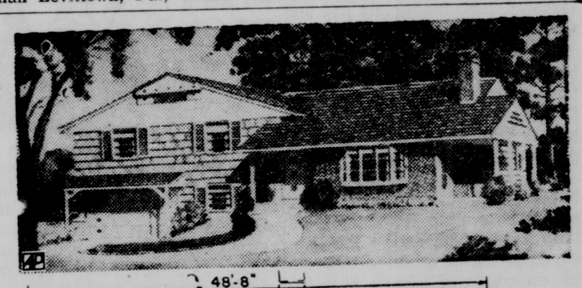
"There are 24 different color combinations being used in the new Levittown taking shape in New Jersey. Because the houses vary in style and size, the same color combination will be repeated only once in every 145 houses, and these identical twins will be a good distance apart.

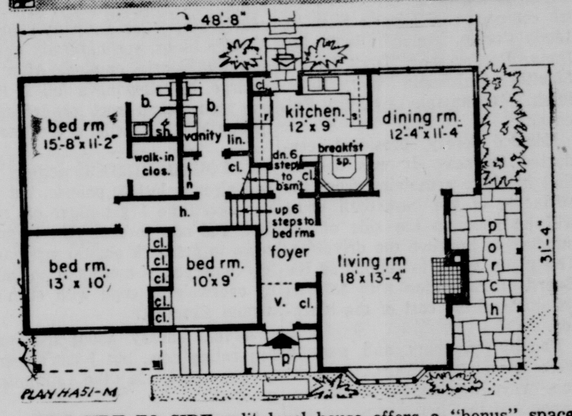
"To quote these big - time builders, 'not only must the colors of each house be in harmony, but the colors of a neighborhood must blend to give a feeling of variety, interest and aesthetic satisfaction'. Color combinations are very carefully planned and the colors to be used on each house are selected months before the house is built.

—:—

"**UNDERLINING** the growing importance of exterior color is the fact that Levittown, N. J., when completed, will be more colorful than Levittown, Pa., where the last of over 17,000 families have just moved into their new homes. Since the first family moved into this new city in the Delaware Valley in 1952, more than 600,000 gallons of paint have been used to provide colorful surroundings.

"The Pennsylvania colony of houses, howeveer, is more colorful than the original Levittown at Long Island, N. Y., where the 82,000 members of this huge community have just celebrated their 10th anniversary."





THIS SIDE TO SIDE split level house offers a "bonus" space under the bedroom level—700 square feet of additional usable area for only a portion of the square foot cost of the home. The lower level, not shown here, includes the recreation room, garage, laundry, shop and storage space. The plan, HA51-M, is by Architect Rudolph A. Matern, 90-04 161st St., Jamaica 32, N. Y. Excluding the porch and the garage level, the house has 1,314 square feet.

Sink Proves Key Factor In Proper Kitchen Setup

CHICAGO — Probably no room in the house has been subjected to more scientific scrutiny in recent years than the kitchen. The result is that there is available a vast fund of useful information on how to plan a kitchen to save time and steps.

One of the simple fundamentals of kitchen planning is to get a good location for the sink. Even if there is an automatic dishwasher in the kitchen, the sink is still a very important piece of equipment in the kitchen, the Plumbing, Heating - Cooling Information Bureau points out.

About half of the homemaker's time is spent at the sink in the preparation of food and in the clearing away process. The preferred spot for the sink is under a window. Also the sink should, if possible, be placed between the refrigerator and the range. It is used most often in connection with these in food preparation.

The trend in kitchen planning is toward the sink with two compartments. The number of drainboards is optional. A disappearing rinse hose for cleaning vegetables and fruits is a very useful adjunct to the sink. Virtually all sinks now come with a crumb strainer which converts the bowl to a water-tight compartment.

Possibly no other piece of equipment in the home is used as often as the faucet on the kitchen sink. For this reason a faucet of good quality is a sound investment.

11-Day Strike Ends

DAYTON, Ohio (AP)—Some 12,000 workers at Master Electric Co., a division of Reliance Electric and Engineering Co. here, are back at work today after voting Sunday to end an 11-day strike. They accepted an 8-cent across-the-board increase plus fringe benefits, Reamon Clark, president of Local 2154, International Assn. of Machinists, announced.

Autumn Ideal Time For Painting

NEW YORK — Autumn is the ideal time to paint, bugs are almost non - existent, rainfall is usually at a minimum and temperatures fairly constant.

Autumn 1958 should be a particularly good season, for the paint industry is now marketing exterior paints "that have superior covering ability, qualities of great endurance and excellent color retention," the National Paint, Varnish and Lacquer Association, Inc., says.

When you plan your autumn painting, select colors that have character, don't repeat the same color you've had before and don't pick a "safely neutral" hue, it advises. If you choose a dull, lifeless color you are out - of - step with the nation. The association continues:

—:—

"COLOR FOR exterior use has enveloped the country — not just the south and west, where conservatism in exterior color always was the exception, but also in the northwest and midwest. Especially in the suburbs is the new color trend finding expression,, as pastel blue, pale green, lemon yellow and pink blossom forth.

"As well as being eye -pleasing, the pastel hues are functional as they give an illusion of size to a small home. The light hues also blend well with the summer landscape and provide a welcome note of soft color when snow blankets the ground.

"One large and famous housing development company, Levitt and Sons, absolutely scorns color conformity in individual houses, as well as in their "street scenes". Four different colors — this includes roof, masonry, paint and trim — are combined on most house exteriors.

"There are 24 different color combinations being used in the new Levittown taking shape in New Jersey. Because the houses vary in style and size, the same color combination will be repeated only once in every 145 houses, and these identical twins will be a good distance apart.

"To quote these big - time builders, 'not only must the colors of each house be in harmony, but the colors of a neighborhood must blend to give a feeling of variety, interest and aesthetic satisfaction'. Color combinations are very carefully planned and the colors to be used on each house are selected months before the house is built.

—:—

"UNDERLINING the growing importance of exterior color is the fact that Levittown, N. J., when completed, will be more colorful than Levittown, Pa., where the last of over 17,000 families have just moved into their new homes. Since the first family moved into this new city in the Delaware Valley in 1952, more than 600,000 gallons of paint have been used to provide colorful surroundings.

"The Pennsylvania colony of houses, howeveer, is more colorful than the original Levittown at Long Island, N. Y., where the 82,000 members of this huge community have just celebrated their 10th anniversary."

THIS SIDE TO SIDE split level house offers a "bonus" space under the bedroom level—700 square feet of additional usable area for only a portion of the square foot cost of the home. The lower level, not shown here, includes the recreation room, garage, laundry, shop and storage space. The plan, HA51-M, is by Architect Rudolph A. Matern, 90-04 161st St., Jamaica 32, N. Y. Excluding the porch and the garage level, the house has 1,314 square feet.

Sink Proves Key Factor In Proper Kitchen Setup

CHICAGO — Probably no room in the house has been subjected to more scientific scrutiny in recent years than the kitchen. The result is that there is available a vast fund of useful information on how to plan a kitchen to save time and steps.

One of the simple fundamentals of kitchen planning is to get a good location for the sink. Even if there is an automatic dishwasher in the kitchen, the sink is still a very important piece of equipment in the kitchen, the Plumbing, Heating - Cooling Information Bureau points out.

About half of the homemaker's time is spent at the sink in the preparation of food and in the clearing away process. The preferred spot for the sink is under a window. Also the sink should, if possible, be placed between the refrigerator and the range. It is used most often in connection with these in food preparation.

The trend in kitchen planning is toward the sink with two compartments. The number of drainboards is optional. A disappearing rinse hose for cleaning vegetables and fruits is a very useful adjunct to the sink. Virtually all sinks now come with a crumb strainer which converts the bowl to a water-tight compartment.

Possibly no other piece of equipment in the home is used as often as the faucet on the kitchen sink. For this reason a faucet of good quality is a sound investment.

Handyman Needs Tidy Work Bench

By JOHN O. B. WALLACE

NEW YORK (AP) — A tidy work bench and an orderly repair kit are essential to the home handyman. Well tended tools and neatly stored materials are the marks of a careful workman.

Treated with respect, even complex tools give long, trouble-free service. On the other hand, neglected, dull and rusted tools make repair jobs more difficult.

Another thing, if your work bench looks like it's been hit by a hurricane, there's always the tendency to postpone minor repair jobs until they become costly major ones.

—:—

START tidying up by weeding out useless items such as dried out cans or jars of putty and paste, rusted nails, scrambled nuts and bolts, worn down pencil stubs and broken tools. Replace only what you need.

To avoid waste through breakage, spillage and drying out, buy repair kit items packaged in unbreakable and easily capped containers, whenever possible.

Hardware stores carry a large assortment of home repair materials in fold - up metal tubes. These are easy to handle, easy to store, and they have the additional advantage of being light in weight and air tight.

Metal tubes roll up, like a tube of toothpaste, as the materials in them are used and they require less storage space in a repair kit. They also can be hung on a wall or on the back of a work bench in a row of small spring clips.

—:—

A SECOND row of spring clips, mounted on the back of your work bench or on the wall, can be used to hold your tools.

A handyman's repair kit, incidentally, should include at least a medium - weight hammer, pliers, a small wire cutter, large and small wire cutter, large and small saw and a monkey wrench. Also, a flexible tape measure, insulating tape and an assortment of nails and screws.

A full-fledged work bench usually is a luxury reserved for the homeowner. Yet you can improvise one in an apartment if you have a spare, solid closet door—leading, say, into a storage closet.

Using plywood, hinges and a piece of 2-by-6 as a base, the latter secured against the back of the door, make your apartment work bench in much the same way you would make a drop leaf table mounted on a wall.

The top edge of the 2-by-6 base should be placed about 36 inches off the floor and mounted horizontally on the inside of the door with the 6-inch-wide face against the door. The base should be trimmed enough at the sides to permit the door to close.

The plywood bench should be cut the same width of the trimmed base and about 30 inches in depth.

Hinge it to the base. A lightweight, collapsible "horse" completes the apartment work bench. Simply open the closet door, raise the plywood on its hinges and rest it on the horse.

The part of the door above the drop-leaf work bench can be used to hang tools and materials just as if it were the back of a basement work bench.

Big Truck Jackknifes, Runs Wild In Town

MARYSVILLE, Ohio (AP)—The signal turned red at the junction of U.S. 33 and 42 southeast of here, and tractor - trailer driver Alvin Fields put on the brakes.

But his rig, owned by Connersville, Ind., Casket Co., jackknifed, then went through the intersection out of control. It hit a utility pole, plowed through three gasoline pumps at a service station, slammed into two parked cars and ripped off the corner of a building before coming to rest and catching fire.

Neither Fields, 48, of Connersville, nor anyone else was reported injured in the accident Sunday, the Ohio Highway Patrol said. Damage was estimated at $12,000 to the truck and $1,500 to the building.

Crash Kills John Love, Cleveland Newsman

CLEVELAND (AP) — John W. Love, 65, an Ohio newspaperman since 1914, died in his automobile Sunday night as it hit a tree.

He may have suffered a heart attack before the car went out of control near his home here.

Love was business editor of the Cleveland Press and author of a column in that and other Scripps Howard newspapers. He joined the Press in 1931, after serving as business columnist for the Cleveland Plain Dealer. He joined the Plain Dealer as a reporter in 1916, two years after starting his career as editor of the Citizen in Shelby, Ohio, his birthplace.

He leaves his widow and two sons.

A graduate of Oberlin College, he became a trustee of that school.

Use Of Miter Box Brings Accuracy

The home owner who does any amount of work around the house knows that there are many times when it is necessary to cut a strip of wood, molding, or a plank in a certain manner in order to get a neat joint.

Of course this can be done by laying out a square and then making a mark from one corner to another. But the accuracy of this method, particularly when it is being done by an amateur carpenter, leaves much to be desired. The best and most exact way to make cuts for corner joints is with a miter box.

A miter box is simply an open-ended wood box without a top. Along the sides, saw - guides are cut through so that they will guide a saw accurately.

The strip to be cut is set in the box and held against one of the sides while the saw is plied. When two cuts are made through the opposite guides, the ends of the strips will meet in a perfect joint and be ready to nail in place. Some miter boxes have a right-angle cut guide in addition to the miter - cut guides.

The average good quality miter box can be bought very cheaply and should last the average man for a great many years, particularly if he takes the trouble to shellac or varnish it immediately after he buys it. This will prevent any possibility of warping or otherwise getting out of shape.

The householder who contemplates a job such as laying out panels of molding on a wall, setting an edge around a table or counter or making a picture or mirror frame, simply cannot afford to start the operation without a miter box.

Wool differs from hair because its fibres are solid while hair fibres have a hollow core up the center.

14,000 Hear Graham

CHARLOTTE, N.C. (AP)—Rain which threatened the opening of Billy Graham's Charlotte crusade didn't worry the evangelist. Asked if the rain would cut attendance, Graham, who later had an overflow audience of 14,375, replied: "No, I think it might help. At least, it will drive the golfers in."

The sheep is the world's chief fiber-producing animal.

How we help your heating system wake up for winter
INSPECT FURNACE — No matter what fuel you use—coal, oil or gas—we'll make a complete furnace checkup.
CHECK DUCTS — Are supply and return ducts large enough to allow sufficient passage of warm air?
CHECK REGISTERS — Are there enough of them? Are they designed to maintain a proper flow of warm air?
CHECK THERMOSTAT — Is system sensitive enough to maintain constant "comfort level" temperature?
call for a CLIMA-TEST and let cold weather come!
Time to bring your heating system out of hibernation. Get set for the season with a Clima•test — and settle back for the coziest, healthiest winter you've ever known.
We will make a complete Clima•test survey of your system . . . check not only the furnace but ducts, controls — the works.
No charge for a Clima•test! Why not call now!

County Republicans To Hear House Speaker

LISBON — Roger W. Cloud, speaker of the Ohio House of Representatives, will give the principal address for the Columbiana County Republican meeting to be held Wednesday, Oct. 1, at 6:30 p. m. at the American Legion home.

The Mid-County Republican Club is sponsoring the dinner meeting and expects 180 to attend.

Mrs. Blanch Neill is president of the club; Mrs. Evelyn Wilhelm and Mrs. Velma Cope are in charge of tickets, assisted by 15 central committeemen in Wayne, Madison, Elkrun and Center Townships, and Mrs. Merritt Henry is in charge of diningroom. Merle Burson heads the house committee.

All state GOP candidates have been invited and they will be introduced by Atty. James McSweeney of Wellsville, Republican chairman.

Atty. Charles Pike will be master of ceremonies and Rep. Clarence Wetzel will introduce Cloud.

Man Shoots Daughter Mistaken For Prowler

COLUMBUS, Ohio (AP)—It was 5:15 a.m. when William Hughes heard the noise. Someone was trying to get in his front door.

He took out his .38 caliber revolver. When he heard the noise again, he squeezed off a shot.

His shot hit the person entering the house—his daughter Joan, 18, who has been living in Marion (at 590 Euclid St.). The bullet grazed her right ear and cheek.

As her father rushed her to Mercy Hospital Sunday morning, she explained that she and a companion, David C. Thomas of (139 Charles St.) Marion, had just entered the house. She was treated and released.

Newsman Dies At 62

READING, Pa. (AP)—William T. Reedy, 62, whose newspaper career with the Reading Eagle spanned 45 years, died Sunday of a heart ailment. He retired two years ago as sports editor. A brother, Thomas A. Reedy, is Associated Press chief of bureau in Stocklhom.

CIVIC MUSIC WEEK opens today under a proclamation issued by Mayor Fred P. Lawrence to mark the annual membership drive of the East Liverpool Civic Music Association. Mayor Lawrence is shown above handing his proclamation to Mrs. Grace Ruth of Civic Concerts of New York City, who is directing the campaign. The kickoff meeting for the drive is scheduled tonight at 8 in the basement of the First Methodist Church.

Area Servicemen End Service With Outfit At Ft. Knox

Four East Liverpool soldiers and one from Wellsville have completed eight weeks of advanced armor training under the Reserve Forces Act program at Ft. Knox, Ky.

They include:

Pvt. Frank J. Wolfe, 23, son of Mr. and Mrs. Raymond F. Wolfe, 216 W. Church Ln. A 1953 graduate of East Liverpool High School, he formerly was employed at the Wines Barber Shop.

Pvt. Robert D. White Jr., 19, son of Mr. and Mrs. Robert White of R. D. 2. He is a 1956 graduate of East Liverpool High.

Pvt. Roy J. McKinney, 23, son of Mr. and Mrs. Roy W. McKinney, 313 Monroe St., and husband of Mrs. Beverly McKinney, 136 W. 3rd St. A 1952 graduate of East Liverpool High and a 1953 graduate of Ohio Valley Business College, he was employed at the Midland Works of the Crucible Steel Co.

Pvt. Jack E. Manley, 23, son of Mr. and Mrs. Wilbert A. Manley of Anderson Blvd. He is a 1955 graduate of East Liverpool High and attended Ohio University.

Pvt. Larry C. Miller, 19, son of Mr. and Mrs. Clyde Miller of Wellsville R. D. 1. He is a 1956 graduate of Wellsville High School.

Occupants Uninjured In 2 Traffic Crashes

Two minor accidents were reported Saturday by the Lisbon State Highway Patrol. No one was injured.

Dale Lane, 16, of East Palestine escaped injury when his car struck a tree at 12:50 a. m. on the Rogers-Clarkson Rd. about 2 miles southeast of Rogers.

Officers said Lane lost control on a curve. He will appear in Juvenile Court at Lisbon.

Cars driven by Betty Ann Stoita, 17, Salem, and Fred Jarvis, 29, of Alliance sideswiped on Route 62 about 3½ mile west of Salem at 1 a. m. Jarvis lost control and went left of center, officers said.

He was cited for driving left of center.

Ohio Community Has Its 150th Anniversary

GREENVILLE, Ohio (AP)—There's an air of originality about this community's 150th anniversary.

For example, farm machinery is on display at the Darke County Fairgrounds during the four-day celebration which began Sunday but emphasis is on antique farm machinery—the kind used in the county 150 years or so ago.

And the beard-growing contest, for which prizes have been awarded, has a sequel. There's to be a beard-shaving contest, and the winners of the growing contest will be allowed to use their prizes —electric razors—in the shaving competition.

Former Midland Mill Metallurgist Promoted

Charles W. Schott has been appointed development engineer in technical development at the Crucible Steel Co. at Pittsburgh.

He was formerly research metallurgist with the research and development department.

In his new post, Schott will plan and co-ordinate technical development programs concerned with new processes or new products for pilot operations, pilot production or evaluation.

Schott has been with Crucible since 1954 when he was appointed general supervisor of metallurgical control at the company's Midland works. Two years later he was transferred to the company's general offices in Pittsburgh as staff research metallurgist, a position he held until his present appointment.

Before joining Crucible, Schott was employed by the United States Steel Corp., Carnegie-Illinois Steel Co. and Bethlehem Steel Co. During World War II, he served as a research engineer with the War Production Board in the National Research Council, specializing in steel shells. He was also a part-time instructor at the University of Pittsburgh, teaching liquid steel control methods and inspection practices.

Clinton Woman Hurt; Driver Fined In Crash

Mrs. Mary Wolanski, 54, of Clinton R. D. 1 was admitted to the Ohio Valley Hospital at McKees Rocks with a broken right leg and bruises and laceration suffered in an auto crash Friday evening on Route 30 a mile west of Clinton.

Pennsylvania State Police at the Carnegie Barracks said she was one of six passengers in an auto driven by Joseph Wolanski, 34, of Clinton R. D. 1, which struck the rear of a car driven by Pedro Ramsey, 28, of Imperial R. D. 1.

Damage totaled $1,200 to both cars, police said.

In a hearing before Squire John Uffelman of Imperial, Wolanski pleaded guilty and was fined $20 and costs for lack of an operator's license and traveling too fast for conditions.

Ramsey's son, William, 23 months old, suffered bruises.

Trustees O.K. Street Closing

Liverpool Township Unit Gives Approval

A petition to close a section of Calhoun St. was approved by the Liverpool Township trustees at a meeting Friday night at City Hall.

The petition was circulated and presented by Mrs. Cuma Humes. The street, which has never formally opened, lies west of Price St. in the Dry Run Hollow section. The petition asked that it be closed for other uses.

The State Highway Department reported in a letter that a yellow line has been painted on Route 267 in LaCroft.

Trustees for the East and West volunteer fire departments agreed to pay half the gas and electric bills at the stations during the winter to relieve the township of extra expense.

Trustees approved the purchase of new batteries for both fire trucks. A discussion was held with the West department about repairs to the station roof. It was decided the department will purchase the materials, do the work, and then be reimbursed by the township.

A meeting will be held Tuesday night at 7:30 with the City Board of Utilities at the water works office to discuss a proposed charge to be placed on each fire hydrant in the township.

The next meeting will be Oct. 3.

Cub Scout Awards Given To 9 Youths

Awards were presented nine boys at the first meeting of the fall season of Cub Pack 43 Friday night at the Pleasant Heights School. The unit is sponsored by the Home and School Association.

Bill Brown and Paul Caton were given Lion badges and Gold Arrows in the Lion rank. Wolf badges went to Jerry Williams and Mickey Casey. Bobcat badges went to Wayne Bates, Robert Charlton, Keith Brown, Kenny Baughman and Robert Moore.

The presentation was made by John Hill, cubmaster. Hill and Walter Silliman, committee chairman, presided. Plans were outlined for participation in the Scout Show to be held at Lisbon Oct. 4.

Den 4, under the direction of Mrs. Evelyn Bloor, was in charge of the opening ceremony. Den 5, with Mrs. Gayle Merriman, den mother, in charge, sang. Den 6, with Mrs. Alma Taylor, den mother, and Den 3, Mrs. Ormond Williams, den mother, presented skits. Den 6 won the attendance banner.

Den 1, under the direction of Mrs. Martha Campbell, was in charge of the closing.

125,000 Jam New Airport For Columbus

COLUMBUS, Ohio (AP) — It's business as usual at Port Columbus Airport today, and it'll probably be many years before as many people gather there—at one time—as did Sunday.

Estimates vary, but somewhere between 125,000 and 150,000 people swarmed over its 2,200 acres to watch dedication of a new terminal and other facilities, valued collectively at around 12 million dollars; look over military and airline planes parked around the field, and gaze up at a three-hour air show.

Prominent among those attending were Neil H. McElroy of Cincinnati, the nation's secretary of defense; Capt. E. V. (Eddie) Rickenbacker, formerly of Columbus, the World War I ace of aces who is now an airline executive, and Ohio Gov. C. William O'Neill.

McElroy, Rickenbacker and Air Force Gen. Curtiss E. LeMay, another Columbus - born flier, were honored with certificates proclaiming them distinguished citizens of Ohio. LeMay couldn't be present, but his parents, Mr. and Mrs. Erving LeMay of Mount Vernon, were in the audience.

Also present was Francis A. (Jack) Bolton of Newark, the airport's superintendent for 13 years.

Girl Killed In Dispute

CLEVELAND (AP)—Sylvia Williams, 9, was shot and killed in Oakwood Sunday as the climax of a wild argument at the home where her mother was staying, reported George W. Starkey, the suburb's police chief. He said her father, Monroe Williams, visited the home of Mrs. Jessie Mitchner, 41, and started arguing with his wife, Ruth. The landlady fired two shots at the father and one hit the girl, Starkey said.

Handyman Needs Tidy Work Bench

By JOHN O. B. WALLACE

NEW YORK (AP) — A tidy work bench and an orderly repair kit are essential to the home handyman. Well tended tools and neatly stored materials are the marks of a careful workman.

Treated with respect, even complex tools give long, trouble-free service. On the other hand, neglected, dull and rusted tools make repair jobs more difficult.

Another thing, if your work bench looks like it's been hit by a hurricane, there's always the tendency to postpone minor repair jobs until they become costly major ones.

—:—

START tidying up by weeding out useless items such as dried out cans or jars of putty and paste, rusted nails, scrambled nuts and bolts, worn down pencil stubs and broken tools. Replace only what you need.

To avoid waste through breakage, spillage and drying out, buy repair kit items packaged in unbreakable and easily capped containers, whenever possible.

Hardware stores carry a large assortment of home repair materials in fold - up metal tubes. These are easy to handle, easy to store, and they have the additional advantage of being light in weight and air tight.

Metal tubes roll up, like a tube of toothpaste, as the materials in them are used and they require less storage space in a repair kit. They also can be hung on a wall or on the back of a work bench in a row of small spring clips.

—:—

A SECOND row of spring clips, mounted on the back of your work bench or on the wall, can be used to hold your tools.

A handyman's repair kit, incidentally, should include at least a medium - weight hammer, pliers, a small wire cutter, large and small wire cutter, large and small screw drivers, a small saw and a monkey wrench. Also, a flexible tape measure, insulating tape and an assortment of nails and screws.

A full-fledged work bench usually is a luxury reserved for the homeowner. Yet you can improvise one in an apartment if you have a spare, solid closet door—leading, say, into a storage closet.

Using plywood, hinges and a piece of 2-by-6 as a base, the latter secured against the back of the door, make your apartment work bench in much the same way you would make a drop leaf table mounted on a wall.

The top edge of the 2-by-6 base should be placed about 36 inches off the floor and mounted horizontally on the inside of the door with the 6-inch-wide face against the door. The base should be trimmed enough at the sides to permit the door to close.

The plywood bench should be cut the same width of the trimmed base and about 30 inches in depth.

Hinge it to the base. A lightweight, collapsible "horse" completes the apartment work bench. Simply open the closet door, raise the plywood on its hinges and rest it on the horse.

The part of the door above the drop-leaf work bench can be used to hang tools and materials just as if it were the back of a basement work bench.

Big Truck Jackknifes, Runs Wild In Town

MARYSVILLE, Ohio (AP)—The signal turned red at the junction of U.S. 33 and 42 southeast of here, and tractor - trailer driver Alvin Fields put on the brakes.

But his rig, owned by Connersville, Ind., Casket Co., jackknifed, then went through the intersection out of control. It hit a utility pole, plowed through three gasoline pumps at a service station, slammed into two parked cars and ripped off the corner of a building before coming to rest and catching fire.

Neither Fields, 48, of Connersville, nor anyone else was reported injured in the accident Sunday, the Ohio Highway Patrol said. Damage was estimated at $12,000 to the truck and $1,500 to the building.

Crash Kills John Love, Cleveland Newsman

CLEVELAND (AP) — John W. Love, 65, an Ohio newspaperman since 1914, died in his automobile Sunday night as it hit a tree.

He may have suffered a heart attack before the car went out of control near his home here.

Love was business editor of the Cleveland Press and author of a column in that and other Scripps Howard newspapers. He joined the Press in 1931, after serving as business columnist for the Cleveland Plain Dealer. He joined the Plain Dealer as a reporter in 1916, two years after starting his career as editor of the Citizen in Shelby, Ohio, his birthplace.

He leaves his widow and two sons.

A graduate of Oberlin College, he became a trustee of that school.

Use Of Miter Box Brings Accuracy

The home owner who does any amount of work around the house knows that there are many times when it is necessary to cut a strip of wood, molding, or a plank in a certain manner in order to get a neat joint.

Of course this can be done by laying out a square and then making a mark from one corner to another. But the accuracy of this method, particularly when it is being done by an amateur carpenter, leaves much to be desired. The best and most exact way to make cuts for corner joints is with a miter box.

A miter box is simply an open-ended wood box without a top. Along the sides, saw - guides are cut through so that they will guide a saw accurately.

The strip to be cut is set in the box and held against one of the sides while the saw is plied. When two cuts are made through the opposite guides, the ends of the strips will meet in a perfect joint and be ready to nail in place. Some miter boxes have a right-angle cut guide in addition to the miter - cut guides.

The average good quality miter box can be bought very cheaply and should last the average man for a great many years, particularly if he takes the trouble to shellac or varnish it immediately after he buys it. This will prevent any possibility of warping or otherwise getting out of shape.

The householder who contemplates a job such as laying out panels of molding on a wall, setting an edge around a table or counter or making a picture or mirror frame, simply cannot afford to start the operation without a miter box.

Wool differs from hair because its fibres are solid while hair fibres have a hollow core up the center.

14,000 Hear Graham

CHARLOTTE, N.C. (AP)—Rain which threatened the opening of Billy Graham's Charlotte crusade didn't worry the evangelist. Asked if the rain would cut attendance, Graham, who later had an overflow audience of 14,375, replied: "No, I think it might help. At least, it will drive the golfers in."

The sheep is the world's chief fiber-producing animal.

How we help your heating system
wake up for winter
INSPECT FURNACE — No matter what fuel you use—coal, oil or gas—we'll make a complete furnace checkup.
CHECK DUCTS — Are supply and return ducts large enough to allow sufficient passage of warm air?
CHECK REGISTERS — Are there enough of them? Are they designed to maintain a proper flow of warm air?
CHECK THERMOSTAT — Is system sensitive enough to maintain constant "comfort level" temperature?
call for a CLIMA-TEST and let cold weather come!
Time to bring your heating system out of hibernation. Get set for the season with a Clima•test — and settle back for the coziest, healthiest winter you've ever known.
We will make a complete Clima•test survey of your system . . . check not only the furnace but ducts, controls — the works.
No charge for a Clima•test! Why not call now!

County Republicans To Hear House Speaker

LISBON — Roger W. Cloud, speaker of the Ohio House of Representatives, will give the principal address for the Columbiana County Republican meeting to be held Wednesday, Oct. 1, at 6:30 p. m. at the American Legion home.

The Mid-County Republican Club is sponsoring the dinner meeting and expects 180 to attend.

Mrs. Blanch Neill is president of the club; Mrs. Evelyn Wilhelm and Mrs. Velma Cope are in charge of tickets, assisted by 15 central committeemen in Wayne, Madison, Elkrun and Center Townships, and Mrs. Merritt Henry is in charge of diningroom. Merle Burson heads the house committee.

All state GOP candidates have been invited and they will be introduced by Atty. James McSweeney of Wellsville, Republican chairman.

Atty. Charles Pike will be master of ceremonies and Rep. Clarence Wetzel will introduce Cloud.

Man Shoots Daughter Mistaken For Prowler

COLUMBUS, Ohio (AP)—It was 5:15 a.m. when William Hughes heard the noise. Someone was trying to get in his front door.

He took out his .38 caliber revolver. When he heard the noise again, he squeezed off a shot.

His shot hit the person entering the house—his daughter Joan, 18, who has been living in Marion (at 590 Euclid St.). The bullet grazed her right ear and cheek.

As her father rushed her to Mercy Hospital Sunday morning, she explained that she and a companion, David C. Thomas of (139 Charles St.) Marion, had just entered the house. She was treated and released.

Occupants Uninjured In 2 Traffic Crashes

Two minor accidents were reported Saturday by the Lisbon State Highway Patrol. No one was injured.

Dale Lane, 16, of East Palestine escaped injury when his car struck a tree at 12:50 a. m. on the Rogers-Clarkson Rd. about 2 miles southeast of Rogers.

Officers said Lane lost control on a curve. He will appear in Juvenile Court at Lisbon.

Cars driven by Betty Ann Stoita, 17, Salem, and Fred Jarvis, 29, of Alliance sideswiped on Route 62 about 3½ mile west of Salem at 1 a. m. Jarvis lost control and went left of center, officers said.

He was cited for driving left of center.

Ohio Community Has Its 150th Anniversary

GREENVILLE, Ohio (AP)—There's an air of originality about this community's 150th anniversary.

For example, farm machinery is on display at the Darke County Fairgrounds during the four-day celebration which began Sunday but emphasis is on antique farm machinery—the kind used in the county 150 years or so ago.

And the beard-growing contest, for which prizes have been awarded, has a sequel. There's to be a beard-shaving contest, and the winners of the growing contest will be allowed to use their prizes—electric razors—in the shaving competition.

Former Midland Mill Metallurgist Promoted

Charles W. Schott has been appointed development engineer in technical development at the Crucible Steel Co. at Pittsburgh.

He was formerly research metallurgist with the research and development department.

In his new post, Schott will plan and co-ordinate technical development programs concerned with new processes or new products for pilot operations, pilot production or evaluation.

Schott has been with Crucible since 1954 when he was appointed general supervisor of metallurgical control at the company's Midland works. Two years later he was transferred to the company's general offices in Pittsburgh as staff research metallurgist, a position he held until his present appointment.

Before joining Crucible, Schott was employed by the United States Steel Corp., Carnegie-Illinois Steel Co. and Bethlehem Steel Co. During World War II, he served as a research engineer with the War Production Board in the National Research Council, specializing in steel shells. He was also a part-time instructor at the University of Pittsburgh, teaching liquid steel control methods and inspection practices.

Clinton Woman Hurt; Driver Fined In Crash

Mrs. Mary Wolanski, 54, of Clinton R. D. 1 was admitted to the Ohio Valley Hospital at McKees Rocks with a broken right leg and bruises and laceration suffered in an auto crash Friday evening on Route 30 a mile west of Clinton.

Pennsylvania State Police at the Carnegie Barracks said she was one of six passengers in an auto driven by Joseph Wolanski, 34, of Clinton R. D. 1, which struck the rear of a car driven by Pedro Ramsey, 28, of Imperial R. D. 1.

Damage totaled $1,200 to both cars, police said.

In a hearing before Squire John Uffelman of Imperial, Wolanski pleaded guilty and was fined $20 and costs for lack of an operator's license and traveling too fast for conditions.

Ramsey's son, William, 23 months old, suffered bruises.

Trustees O.K. Street Closing

Liverpool Township Unit Gives Approval

A petition to close a section of Calhoun St. was approved by the Liverpool Township trustees at a meeting Friday night at City Hall.

The petition was circulated and presented by Mrs. Cuma Humes. The street, which has never formally opened, lies west of Price St. in the Dry Run Hollow section. The petition asked that it be closed for other uses.

The State Highway Department reported in a letter that a yellow line has been painted on Route 267 in LaCroft.

Trustees for the East and West volunteer fire departments agreed to pay half the gas and electric bills at the stations during the winter to relieve the township of extra expense.

Trustees approved the purchase of new batteries for both fire trucks. A discussion was held with the West department about repairs to the station roof. It was decided the department will purchase the materials, do the work, and then be reimbursed by the township.

A meeting will be held Tuesday night at 7:30 with the City Board of Utilities at the water works office to discuss a proposed charge to be placed on each fire hydrant in the township.

The next meeting will be Oct. 3.

Cub Scout Awards Given To 9 Youths

Awards were presented nine boys at the first meeting of the fall season of Cub Pack 43 Friday night at the Pleasant Heights School. The unit is sponsored by the Home and School Association.

Bill Brown and Paul Caton were given Lion badges and Gold Arrows in the Lion rank. Wolf badges went to Jerry Williams and Mickey Casey. Bobcat badges went to Wayne Bates, Robert Charlton, Keith Brown, Kenny Baughman and Robert Moore.

The presentation was made by John Hill, cubmaster. Hill and Walter Silliman, committee chairman, presided. Plans were outlined for participation in the Scout Show to be held at Lisbon Oct. 4.

Den 4, under the direction of Mrs. Evelyn Bloor, was in charge of the opening ceremony. Den 5, with Mrs. Gayle Merriman, den mother, in charge, sang. Den 6, with Mrs. Alma Taylor, den mother, and Den 3, Mrs. Ormond Williams, den mother, presented skits. Den 6 won the attendance banner.

Den 1, under the direction of Mrs. Martha Campbell, was in charge of the closing.

125,000 Jam New Airport For Columbus

COLUMBUS, Ohio (AP) — It's business as usual at Port Columbus Airport today, and it'll probably be many years before as many people gather there—at one time—as did Sunday.

Estimates vary, but somewhere between 125,000 and 150,000 people swarmed over its 2,200 acres to watch dedication of a new terminal and other facilities, valued collectively at around 12 million dollars; look over military and airline planes parked around the field, and gaze up at a three-hour air show.

Prominent among those attending were Neil H. McElroy of Cincinnati, the nation's secretary of defense; Capt. E. V. (Eddie) Rickenbacker, formerly of Columbus, the World War I ace of aces who is now an airline executive, and Ohio Gov. C. William O'Neill.

McElroy, Rickenbacker and Air Force Gen. Curtiss E. LeMay, another Columbus - born flier, were honored with certificates proclaiming them distinguished citizens of Ohio. LeMay couldn't be present, but his parents, Mr. and Mrs. Erving LeMay of Mount Vernon, were in the audience.

Also present was Francis A. (Jack) Bolton of Newark, the airport's superintendent for 13 years.

Girl Killed In Dispute

CLEVELAND (AP)—Sylvia Williams, 9, was shot and killed in Oakwood Sunday as the climax of a wild argument at the home where her mother was staying, reported George W. Starkey, the suburb's police chief. He said her father, Monroe Williams, visited the home of Mrs. Jessie Mitchner, 41, and started arguing with his wife, Ruth. The landlady fired two shots at the father and one hit the girl, Starkey said.

Braves Make It Two Flags In Row By Nosing Out Redlegs

Triumph 6-5; Pirates-Phils Idled By Rain

By The Associated Press

It's official now. The Milwaukee Braves will meet the New York Yankees in the World Series for the second straight year. Pittsburgh put up a game fight but the lights went out Sunday while they sat in the rain at Philadelphia and Milwaukee beat Cincinnati.

The Braves had their troubles before nailing down the clincher 6-5. Warren Spahn, the likely choice to open the Series against the Yanks Oct. 1 in Milwaukee, rolled along with a one-hitter through six innings. Then the Redlegs knocked him out in a five-run inning.

Don McMahon finally subdued Cincy. It was Spahn's 21st victory.

As a result of the Braves' victory and the Pirates' rainout of a scheduled doubleheader at Philadelphia, Milwaukee boosted its lead to 5½ games with four to play.

Willie Mays opened up more of a lead in the National batting race with two hits in three trips that gave him a .342 average. The San Francisco outfielder has a four-point edge on Richie Ashburn of the Phils. Ramon Monzant, who relieved starter Johnny Antonelli in the second inning, was the winner as the Giants whipped St. Louis 7-4.

Los Angeles took over sixth place by shading the Chicago Cubs 2-1. Although the Dodgers used five pitchers, they had a shutout going to the ninth. The Cubs loaded the bases in both the eighth and ninth with none out.

In the American, Baltimore dumped the champion New York Yankees again 3-2. Cleveland beat Detroit 3-1 as the Tigers, Indians and Red Sox tied for third place. Chicago beat Kansas City 2-1, and Boston shut out Washington 2-0.

In the Braves' clincher, Spahn had allowed only a first-inning single and two walks until the seventh. The Braves had knocked out Brooks Lawrence in a four-run burst in the fifth, and led 6-0 going to the last of the seventh.

Frank Robinson's home run and an error by Johnny Logan started the Redlegs on the way to their big seventh inning before McMahon finally stopped them.

Sandy Koufax, the starter, was the Dodger winner although Roger Craig, Fred Kipp, Don Bessent and Johnny Klippstein all saw action.

'Open For Offers,' Bassey Manager Shouts After Win

BOSTON (AP) — Hogan (Kid) Bassey was in the market for big money fights with his featherweight championship as bait today after crushing the hopes of Willie Pep for one more title shot.

"We're open to all offers," said Manager George Biddles. "No one is barred. Hogan is in big demand."

The 26-year-old champion from Nigeria let his manager do the talking as he began a week's rest after battering Pep for a ninth-round technical knockout Saturday night in the Boston Garden.

"Hogan will be ready to fight again in a month," Biddles said. "We'll be in this country six months and I want to keep him boxing. He thrives on action."

The 126-pound Bassey picked up a check for $11,611.50 after flooring 35-year-old Pep twice for a TKO at 42 seconds of the ninth round. The scheduled non-title 10 rounder drew a crowd of 10,409.

Yesterday's Stars

Batting, Willie Mays, Giants, boosted National League batting lead to .342 with single and double in three trips. He also walked twice and scored two runs in 7-4 victory over St. Louis.

Pitching, Dick Donovan, White Sox, held Kansas City to three hits to win 15th of season, 2-1.

Killed By Shotgun

NEW ORLEANS (AP) — Nine-year-old Glenda Prudhomme and her brother were playing in the family garage when she saw a shotgun on a table. "Is it loaded?" she asked. Six-year-old Larry replied, "No." As Glenda picked up the gun it discharged. The charge struck Larry in the side. He was dead when an ambulance got him to a local hospital.

DANCING IN THE STREETS. Milwaukee Brave fans danced the Bunny Hop on Milwaukee's main street as part of the citywide celebration marking the winning of the second pennant in a row by their ball team. (UPI Telephoto)

Braves And Fans Making Whoopee

MILWAUKEE (AP)—Today the Milwaukee Braves own this town—lock, stock and beer barrel.

Horn-tooting home town fans whooped it up Sunday evening, pausing only to welcome the National League champions when they flew in from Cincinnati.

The celebration started in Cincinnati's Crosley Field Sunday afternoon immediately after the world champion Braves clinched their pennant with a 6-5 victory over the Redlegs.

The triumph made the Braves hosts for the New York Yankees in the start of the World Series Oct. 1.

In Milwaukee, fans took to their cars to toot their way down Wisconsin Ave., Milwaukee's main street.

The main celebration reached a climax at General Mitchell Field, where a crowd estimated at 14,000 jammed the passenger terminal to greet the Braves.

Police estimated another 15,000 lined the route to the airport, although there was no motorcade of players in the plane.

First man off the chartered airliner was Manager Fred Haney, who jokingly declared, "Folks, it was never in doubt; we had it all the way."

This brought shouts of laughter from the fans, who had waited tensely while their Braves battled in recent weeks to escape the hot pursuit of the Pittsburgh Pirates.

The players' wives and children joined them outside the terminal before the crowds surged onto the concrete apron and engulfed the Braves.

Corks popped from champagne bottles which Braves owner Lou Perini had kept on ice every since last Friday—waiting for the pennant clincher.

Players alternately gulped at the champagne and poured it over each other.

Rookies Star In Brown Win

CLEVELAND (AP)— Warmed by his boys' romp over the Detroit Lions, Coach Paul Brown faced today the chore of getting the Cleveland Browns' roster down to 35 players.

Three will have to be cut by Tuesday.

In addition there may be a trade brewing. Both Detroit and Baltimore are hard up for offensive ends. The Browns have Frank Clarke, a sophomore, and rookie Jim Gibbons of Iowa, competing for the job of third end, and one candidate will be expendable.

In a post-game analysis of the 41-7 exhibition victory over the Lions at Municipal Stadium here Saturday night, Coach Brown naturally was pleased with two rookie halfbacks, Bobby Mitchell and Leroy Bolden, who accounted for three touchdowns.

He disclosed that one of the running plays for Mitchell was used twice, losing three yards on the first occasion.

"The first time, two of the new men didn't adjust on their blocks," said the coach. "So we sent in the play again with special instructions for them."

That time Mitchell went 83 yards from scrimmage for his second touchdown of the evening.

Running dominated the scoring until Jim Ninowski, taking over at quarterback late in the game, threw two touchdown aerials.

Together, quarterback Milt Plum and Ninowski threw only 24 passes, but completed 20 of them.

The squad starts preparations Tuesday for the opening league game next Sunday in Los Angeles.

Toronto And Montreal To Meet Again Tonight

TORONTO (AP) — Clear weather was forecast for tonight's third game in the International League final playoffs between the Toronto Maple Leafs and the Montreal Royals.

The first of Toronto's home games in the best-of-seven series was to have been played Sunday but rain forced cancellatin.

The Royals lead 2-0 in the series after their 10-9 victory Saturday in Montreal.

Tables Reversed

OKLAHOMA CITY (AP)—K. C. Jones, 22, has started a three-year course at the University of Oklahoma School of Nursing. He's the only male in a class of 111 students, but it figures. Jones' girl friend, Sandra Kiester, is the only female in the University of Oklahoma School of Civil Egineering.

Runnels' Bid For Crown Holds League's Interest

By The Associated Press

Pete Runnels challenge for the batting crown and the three-way scrap for third place among Detroit, Cleveland and Boston provide the interest in the final week of the American League season.

Ted Williams, a Boston teammate who now is nine points behind Runnels, tried so hard to catch up Sunday that he accidentally hit a lady fan with a bat.

Disgusted with himself for taking a third called strike in the third inning, the 40-year-old slugger let his bat fly and hit a woman in a box seat 75 feet away. The woman, apparently not seriously injured, was Mrs. Gladys Heffernan, the housekeeper for Joe Cronin, Boston general manager.

Williams got a double and finished the day at .314. Runnels had three hits in four trips for a .323 leading average. Detroit's Harvey Kuenn is second at .319.

Ike Delock threw a seven-hitter at Washington for a 2-0 victory.

Tom Sturdivant, inactive since Aug. 12 with arm trouble and an injured heel, started for the New York Yankees at Baltimore and lost 3-2. The Yanks, who were guilty of five errors, have dropped five straight.

Bill Skowron, playing third base for the second straight day, made three errors, a total of five in two days. Mickey Mantle dropped his second fly ball in three games. Milt Pappas backed up Hoyt Wilhelm's no-hitter of Saturday with a nine-hit job against the Yanks for his 10th victory. Sturdivant went six innings, allowing eight hits and five walks.

Minnie Minoso's three-run homer in the first inning was enough to give Cleveland a 3-1 triumph over Detroit. Dick Donovan's three-hitter for Chicago turned back Kansas City 2-1.

The Indians, Tigers and Red Sox are tied for third place at even .500 with 74-74 records.

Milwaukee clinched its second straight National League pennant by shading Cincinnati 6-5 for Warren Spahn's 21st victory. Pittsburgh, the last remaining challenger, was rained out of a double-header at Philadelphia. San Francisco beat St. Louis 7-4. Los Angeles used five pitchers in beating Chicago 2-1.

Williams' tantrum in Boston was a direct result of the batting race.

"I was mad at myself because I really wanted a base hit," he said. "I started to flip the bat along the ground but the sticky stuff I use on my hands kept it in my grip just long enough so the bat left my hands on the fly."

Runnels collected three singles in four trips to gain three points.

Mantle drove in both Yankee runs with a double in the first inning.

Chester Turns Back Beaver Local, 27-0, In Second Win

Ohioans Find Panthers Too Hard To Hold

By ROB NIBLOCK

Chester High posted its second football victory of the season in easy fashion Saturday night when it triumphed over Beaver Local 27-0, at Chester City Park.

Coach Dom Amedo's Panther eleven has been tied, 14-14, by New Cumberland.

Coach Jack O'Rourke's Beaver Local squad, which looked like it might be the district's "Cinderella' team this season when it downed Irondale, 8-0, last week, failed in its first crack at tougher competition.

—:—

THE CHESTER squad packed too much depth and experience for the Beavers, despite the absence of first-string fullback Don Shaw, who was out with an ankle injury.

His replacement, Ken Sayre, was a hard man for the Beaver Local defense to bring down and halfbacks Bill Mayhew and Dave Lyons plagued the Beavers further with sweeps around the ends.

Dave Brookes, who has developed into a smooth quarterback for the Panthers, was effective on the keeper and completed five of 10 passes for 123 yards.

Slow in starting, Chester got the necessary spark when end Bob Shaffer intercepted a pass thrown by the Beaver's quarterback, Bill Dunn, at the Chester 40 and dashed 60 yards for the touchdown with less than seven minutes remaining in the first quarter.

—:—

THE BEAVERS had driven to the Chester 29-yard line after taking the opening kickoff at their own 36. A five-yard penalty gave them a fourth and nine situation at the 34 when Dunn tried the ever risky pass in the flat, it was grabbed by the alert Shaffer and turned into a Chester touchdown.

Undaunted, Beaver Local mounted another offensive at its own 46-yard line after the Chester kickoff.

With 130-pound halfback Tim Feit, the Beaver's mighty mite, and quarterback Dunn sharing the running burden, Beaver Local marched to the Panther 20. But fullback Fred Needs failed to make the necessary two yards on a fourth down situation and Chester took over and punted out of trouble.

Chester got the ball again early in the third quarter after a punt by Needs had bounced out at the Beavers 49-yard line.

In six plays, the Panthers moved to the Beaver Local 18, from where Bill Mayhew skirted left end for a touchdown. Quarterback Brookes scored the extra point and Chester lead, 13-0, at 7:07 of the second quarter.

—:—

THREE PLAYS later, Chester added its third marker. Larry Murray recovered a fumble at the Beaver 30 and Ken Sayre went over from the 13 after a Brookes-to-Shaffer aerial covered 17 yards and placed the ball in scoring position.

Brookes added the extra point on an end sweep.

Another pass—this time a 25-yarder from Ken Sayre to Larry Murray—put the Panthers in touchdown position at the two-yard line after they had moved from the Beaver 46.

But Brookes fumbled as he tried to plunge over from the two and it was recovered by a Beaver Local defender, bringing the ball out to the 20 in the Beavers' possession with minutes remaining in the half.

Leading 20-0 after the half, Chester ground out heavy yardage against the weary Beaver Local defenders in the third quarter, but was unable to punch across a touchdown.

But on the first play of the fourth period, quarterback Brookes threw to halfback Murray at the five and he carried over with the final Chester score. The pass covered 34 yards. Halfback Bill Mayhew added the extra point.

With a Chester victory apparent, both coaches flooded the field with substitutions late in the fourth period.

Redsox Signs Higgins To One-Year Contract

BOSTON (AP)—The Boston Red Sox have given Manager Mike Higgins another chance to make it next year.

He signed a one-year contract for 1959 Sunday after the Red Sox had taken their third straight 2-0 victory from the Washington Senators.

Higgins is finishing a three year contract with the Sox.

John P. Cooke of Ansonia, Conn., a member of the 1956 world champion Olympic crew and a three-year veteran of Yale varsity rowing, will coach the Eli's 150-pound crew.

United Eagles Defeated 18-6

United High's Golden Eagles fell under a second-quarter aerial attack as Dennison St. Mary's earned a 18-6 victory Saturday afternoon on the winner's field.

Dennison struck early in the first quarter when fullback Bob Peyton crashed over from the 6-yard line and they later registered two more touchdowns on long pass plays to clinch the victory.

Quarterback Sandy Bonvechio flipped the first one to end Ken Beamer in a play which covered 60 yards and minutes later hit Peyton with another pass covering approximately the same distance. Hefty fullback Jim Summer scored United's lone touchdown on a short buck off right guard in the second quarter. The Eagles started a scoring drive early in the second half but a 15-yard holding penalty was costly to Coach Ray Russell's club.

United won its opener last week, 18-0, over Malvern. It was a repeat victory over the Eagles for Dennison, which won last year, 47-0.

200-Mile Homing Club Race Ends In 2-Way Tie

Two pigeons from the loft of Victor Giovenco tied for first place in the 200-mile race of the East Liverpool Homing Club Sunday.

The birds, "Jennie" and "Bennie", flew the distance from Xenia in duplicate times of 3:47-7 for a two-way tie. Bob Glynn's "Silver Streak" was third in a time of 3:56-19.

The next race is scheduled Oct. 5 and will be 300 miles from Greenfield, Ind. About 162 birds participated in Sunday's race.

Rebels Beaten At Lowellville

LOWELLVILLE — Fairfield-Waterford's Rebels dropped their second straight game of the football season here Saturday afternoon as Paul Menechini scored a pair of touchdowns and passed for two others in leading Lowellville to a 52-0 romp.

Menechini tallied on runs of 14 and 4 yards and also flipped a 10-yard pass to Fred Rapone and another of the same distance to end Dan Donatelli. It was Lowellville's first win of the season after dropping its opener last week.

Salineville Bows To Jefferson Foe

Salineville High's fumble-troubled Indians found nearby Springfield Township too big and too powerful to handle and the Jefferson Countians unleashed a four-touchdown scoring parade, led by slashing halfback Jack Everett, to whip Coach Dick Jones' club, 27-0, Saturday night.

Springfield's Flying Tigers, from the Bergholz area, thus won their opening game under the school's newly-installed lighting system.

Salineville was outweighed heavily by their king-sized neighbors, who fielded a first-string line weighing close to 200 pounds plus a pair of hard running backs in Everett, who scored two touchdowns and booted an extra point, and speedster Jim Dillon, who added another.

Only fumbles by the winners prevented them from running the score higher. Springfield staged several marches before being halted by alert recoveries by Salineville. End Dick Beadnell got credit for two of the recoveries.

Salineville also had its troubles with the football, two of Springfield's touchdowns being set up by recoveries while the Indians were operating deep in their own territory.

Springfield's first score came early in the first quarter when Dillon bolted across the goal line from six yards out after a 55-yard scoring march following a Salineville punt.

Everett added another near the end of the second quarter with a 10-yard run around end after Salineville had fumbled on its 15-yard stripe.

A 47-yard punt return by Everett gave Springfield a 19-0 lead at the end of the third quarter and second-stringer Denny Wales closed out the scoring with a 10-yard dash in the final period after Salineville had fumbled once more near the goal line while trying a pitchout from the T-formation.

Salineville's passing game which had produced four touchdowns in last week's win over Darlington, was effective at times and set up several scoring chances, but fumbles each time halted the drives.

Halfback Rich Dunlap made several long dashes on pass completions from quarterback Larry Kessler and twice nearly broke away before being hauled down from behind by the giant Springfield defenders.

Springfield, which lost its opener last week to Wintersville, had a 12-5 edge in first downs.

Braves Make It Two Flags In Row By Nosing Out Redlegs

Triumph 6-5; Pirates-Phils Idled By Rain

By The Associated Press

It's official now. The Milwaukee Braves will meet the New York Yankees in the World Series for the second straight year. Pittsburgh put up a game fight but the lights went out Sunday while they sat in the rain at Philadelphia and Milwaukee beat Cincinnati.

The Braves had their troubles before nailing down the clincher 6-5. Warren Spahn, the likely choice to open the Series against the Yanks Oct. 1 in Milwaukee, rolled along with a one-hitter through six innings. Then the Redlegs knocked him out in a five-run inning.

Don McMahon finally subdued Cincy. It was Spahn's 21st victory.

As a result of the Braves' victory and the Pirates' rainout of a scheduled doubleheader at Philadelphia, Milwaukee boosted its lead to 5½ games with four to play.

Willie Mays opened up more of a lead in the National batting race with two hits in three trips that gave him a .342 average. The San Francisco outfielder has a four-point edge on Richie Ashburn of the Phils. Ramon Monzant, who relieved starter Johnny Antonelli in the second inning, was the winner as the Giants whipped St. Louis 7-4.

Los Angeles took over sixth place by shading the Chicago Cubs 2-1. Although the Dodgers used five pitchers, they had a shutout going to the ninth. The Cubs loaded the bases in both the eighth and ninth with none out.

In the American, Baltimore dumped the champion New York Yankees again 3-2. Cleveland beat Detroit 3-1 as the Tigers, Indians and Red Sox tied for third place. Chicago beat Kansas City 2-1, and Boston shut out Washington 2-0.

In the Braves' clincher, Spahn had allowed only a first-inning single and two walks until the seventh. The Braves had knocked out Brooks Lawrence in a four-run burst in the fifth, and led 6-0 going to the last of the seventh.

Frank Robinson's home run and an error by Johnny Logan started the Redlegs on the way to their big seventh inning before McMahon finally stopped them.

Sandy Koufax, the starter, was the Dodger winner although Roger Craig, Fred Kipp, Don Bessent and Johnny Klippstein all saw action.

'Open For Offers,' Bassey Manager Shouts After Win

BOSTON (AP) — Hogan (Kid) Bassey was in the market for big money fights with his featherweight championship as bait today after crushing the hopes of Willie Pep for one more title shot.

"We're open to all offers," said Manager George Biddles. "No one is barred. Hogan is in big demand."

The 26-year-old champion from Nigeria let his manager do the talking as he began a week's rest after battering Pep for a ninth-round technical knockout Saturday night in the Boston Garden.

"Hogan will be ready to fight again in a month," Biddles said. "We'll be in this country six months and I want to keep him boxing. He thrives on action."

The 126-pound Bassey picked up a check for $11,611.50 after flooring 35-year-old Pep twice for a TKO at 42 seconds of the ninth round. The scheduled non-title 10 rounder drew a crowd of 10,409.

Yesterday's STARS

Batting, Willie Mays, Giants, boosted National League batting lead to .342 with single and double in three trips. He also walked twice and scored two runs in 7-4 victory over St. Louis.

Pitching, Dick Donovan, White Sox, held Kansas City to three hits to win 15th of season, 2-1.

Killed By Shotgun

NEW ORLEANS (AP) — Nine-year-old Glenda Prudhomme and her brother were playing in the family garage when she saw a shotgun on a table. "Is it loaded?" she asked. Six-year-old Larry replied, "No." As Glenda picked up the gun it discharged. The charge struck Larry in the side. He was dead when an ambulance got him to a local hospital.

Braves And Fans Making Whoopee

MILWAUKEE (AP)—Today the Milwaukee Braves own this town—lock, stock and beer barrel.

Horn-tooting home town fans whooped it up Sunday evening, pausing only to welcome the National League champions when they flew in from Cincinnati.

The celebration started in Cincinnati's Crosley Field Sunday afternoon immediately after the world champion Braves clinched their pennant with a 6-5 victory over the Redlegs.

The triumph made the Braves hosts for the New York Yankees in the start of the World Series Oct. 1.

In Milwaukee, fans took to their cars to toot their way down Wisconsin Ave., Milwaukee's main street.

The main celebration reached a climax at General Mitchell Field, where a crowd estimated at 14,000 jammed the passenger terminal to greet the Braves.

Police estimated another 15,000 lined the route to the airport, although there was no motorcade of players in the plane.

First man off the chartered airliner was Manager Fred Haney, who jokingly declared, "Folks, it was never in doubt; we had it all the way."

This brought shouts of laughter from the fans, who had waited tensely while their Braves battled in recent weeks to escape the hot pursuit of the Pittsburgh Pirates.

The players' wives and children joined them outside the terminal before the crowds surged onto the concrete apron and engulfed the Braves.

Corks popped from champagne bottles which Braves owner Lou Perini had kept on ice every since last Friday—waiting for the pennant clincher.

Players alternately gulped at the champagne and poured it over each other.

Rookies Star In Brown Win

CLEVELAND (AP)— Warmed by his boys' romp over the Detroit Lions, Coach Paul Brown faced today the chore of getting the Cleveland Browns' roster down to 35 players.

Three will have to be cut by Tuesday.

In addition there may be a trade brewing. Both Detroit and Baltimore are hard up for offensive ends. The Browns have Frank Clarke, a sophomore, and rookie Jim Gibbons of Iowa, competing for the job of third end, and one candidate will be expendable.

In a post-game analysis of the 41-7 exhibition victory over the Lions at Municipal Stadium here Saturday night, Coach Brown naturally was pleased with two rookie halfbacks, Bobby Mitchell and Leroy Bolden, who accounted for three touchdowns.

He disclosed that one of the running plays for Mitchell was used twice, losing three yards on the first occasion.

"The first time, two of the new men didn't adjust on their blocks," said the coach. "So we sent in the play again with special instructions for them."

That time Mitchell went 83 yards from scrimmage for his second touchdown of the evening.

Running dominated the scoring until Jim Ninowski, taking over at quarterback late in the game, threw two touchdown aerials.

Together, quarterback Milt Plum and Ninowski threw only 24 passes, but completed 20 of them.

The squad starts preparations Tuesday for the opening league game next Sunday in Los Angeles.

Toronto And Montreal To Meet Again Tonight

TORONTO (AP) — Clear weather was forecast for tonight's third game in the International League final playoffs between the Toronto Maple Leafs and the Montreal Royals.

The first of Toronto's home games in the best-of-seven series was to have been played Sunday but rain forced cancellatin.

The Royals lead 2-0 in the series after their 10-9 victory Saturday in Montreal.

Runnels' Bid For Crown Holds League's Interest

By The Associated Press

Pete Runnels challenge for the batting crown and the three-way scrap for third place among Detroit, Cleveland and Boston provide the interest in the final week of the American League season.

Ted Williams, a Boston teammate who now is nine points behind Runnels, tried so hard to catch up Sunday that he accidentally hit a lady fan with a bat.

Disgusted with himself for taking a third called strike in the third inning, the 40-year-old slugger let his bat fly and hit a woman an in a box seat 75 feet away. The woman, apparently not seriously injured, was Mrs. Gladys Heffernan, the housekeeper for Joe Cronin, Boston general manager.

Williams got a double and finished the day at .314. Runnels had three hits in four trips for a .323 leading average. Detroit's Harvey Kuenn is second at .319.

Ike Delock threw a seven-hitter at Washington for a 2-0 victory.

Tom Sturdivant, inactive since Aug. 12 with arm trouble and an injured heel, started for the New York Yankees at Baltimore and lost 3-2. The Yanks, who were guilty of five errors, have dropped five straight.

Bill Skowron, playing third base for the second straight day, made three errors, a total of five in two days. Mickey Mantle dropped his second fly ball in three games. Milt Pappas backed up Hoyt Wilhelm's no-hitter of Saturday with a nine-hit job against the Yanks for his 10th victory. Sturdivant went six innings, allowing eight hits and five walks.

Minnie Minoso's three-run homer in the first inning was enough to give Cleveland a 3-1 triumph over Detroit. Dick Donovan's three-hitter for Chicago turned back Kansas City 2-1.

The Indians, Tigers and Red Sox are tied for third place at even .500 with 74-74 records.

Milwaukee clinched its second straight National League pennant by shading Cincinnati 6-5 for Warren Spahn's 21st victory. Pittsburgh, the last remaining challenger, was rained out of a double-header at Philadelphia. San Francisco beat St. Louis 7-4. Los Angeles used five pitchers in beating Chicago 2-1.

Williams' tantrum in Boston was a direct result of the batting race.

"I was mad at myself because I really wanted a base hit," he said. "I started to flip the bat along the ground but the sticky stuff I use on my hands kept it in my grip just long enough so the bat left my hands on the fly."

Runnels collected three singles in four trips to gain three points.

Mantle drove in both Yankee runs with a double in the first inning.

More Rugged Contests Due This Weekend

By The Associated Press

The heavy artillery in college football rolls out Saturday—the likes of Ohio State, Oklahoma, Notre Dame and Michigan State—and you couldn't blame them if they approach their tasks with something less than enthusiasm.

The season is only a week old and already at least half a dozen dreams have been shattered. Teams like Maryland, North Carolina, Penn State, Georgia Tech, Duke and Texas A&M are picking up the pieces.

Ohio State, tabbed as the No. 1 team in the country over the protests of Coach Woody Hayes, gets its feet wet against Southern Methodist.

Oklahoma faces a toughie, West Virginia, which hasn't lost a Southern Conference game in years and years. Auburn, the national champion last year, plays Tennessee—still in the rebuilding stage—in the NCAA TV Game of the Week.

Notre Dame, which appears on the way back, plays the Big Ten's Indiana—a blood brother.

Michigan State, which is tabbed to fight it out for the Big Ten title with Ohio State, has what looks like an easy assignment against California, which was victimized by little College of Pacific 24-20 last week.

Easy assignment?

Well, now, Maryland figured it had an easy assignment against Wake Forest Saturday. The Deacons had lost 12 straight and were headed nowhere. Tommy Mont, who had taken some unpleasant lumps since taking over at Maryland two years back, thought he had a real ball club this time. Result: Wake Forest 34, Maryland 0.

That about eliminated Maryland from consideration as a possible Atlantic Coast Conference champion. North Carolina figured it might be ready to take over since North Carolina State, defending champion, was on the downgrade (someone said).

Instead, for the third straight year—and this one hurt—State licked Jim Tatum's Tar Heels. The score was 21-14. Duke, another hopeful in this traditionally strong league, thought it might be in there. And Georgia Tech had hopes of winning the Southeastern Conference crown.

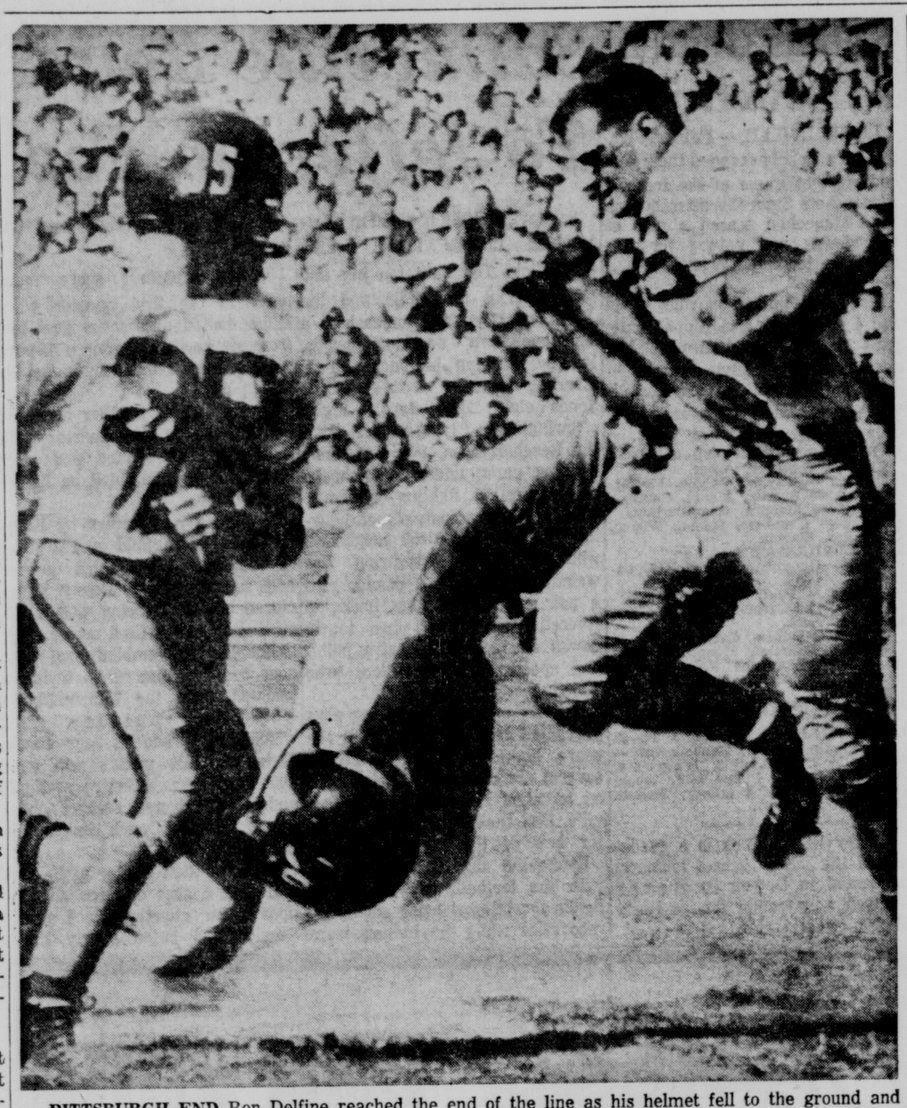
So South Carolina blanked Duke 8-0, and Kentucky shut out Georgia Tech 13-0.

Penn State had high hopes of winning the mythical Eastern championship and had a setup against Nebraska. But Nebraska picked up the marbles 14-7.

That leaves Pitt, which belted UCLA 27-6, as one of the top candidates for Eastern honors.

The first day under the new scoring system was inconclusive. This year, if a team elects to pass or run for the conversion after a touchdown, it will be worth two points. A kick remains at one point.

Only one game actually was decided by the new system. That was the COP-California battle. COP, trailing three times, went for two after each of its three touchdowns and made good each time.



PITTSBURGH END Ron Delfine reached the end of the line as his helmet fell to the ground and UCLA's Eugene Gains applied the tackle during Saturday's game at Los Angeles. The Panthers upset the favored Uclans, 27-6. (UPI Telephoto)

Halas' Bears Look Big, Bad

By The Associated Press

The final National Football League exhibition standings say it will be a Chicago subway series between the Bears and Cardinals for the world championship in December.

But the tune has been known to change before the dance is over and as they begin the NFL season next weekend the only solid fact is that the Bears are back — big and bad.

Owner George Halas took over the Bears' coaching duties this year after giving Paddy Driscoll a two-year try at a world championship. The best he could do was a losing try against the New York Giants in the 1956 championship affair.

So far, Halas is undefeated as his Bruins finished the "no count" games with a 6-0 record, beating Washington 27-24 Sunday. They showed a national television audience that the trademarks of the Bears of old — a big, immovable line and flashing runners — are once more that hallmark.

The Cards, with a 3-2-1 exhibition mark in the Eastern Division, are one of the surprises of the pre-season. They polished off the Green Bay Packers 31-24 Sunday. Originally, the experts throught the world champion Detroit Lions, in the West, and the Cleveland Browns, perennial Eastern titlists, would take the marbles. The Lions, opening with a stunning 35-19 loss to the College All-Stars, staggered to the end of the exhibition trail with a 41 - 7 loss to the Browns, Saturday night. The Browns wound up with .500, at 3-3, the Lions at 2-3-0.

Other Sunday exhibitions: Baltimore defeated New York 42-21; Los Angeles beat Pittsburgh 31-6; and Philadelphia edged San Francisco 31-28.

George Blanda's field goal in the last 17 seconds won for the Bears, down 17-0 at one point late in the first half. Willie Gallimore's 70-yard touchdown return of a punt tied it 24-24 in the final period.

Rookie Mike Sommer returned two Chicago kicks 65 and 85 yards for Washington scorers.

Mike Smithwith, 29, a trainer, and his brother Pat, 31, a steeplechase jockey, each chalked up five jumping victories during the 1958 Monmouth Park meeting.

Boston (AP) —A subdued Ted Williams, on the downhill side of an explosive baseball career, today awaited American League action for hitting a woman fan with a thrown bat.

In the latest of his tempermental outbursts, the 40-year-old Boston slugger, angered by a called third strike, flung his bat which caused a contusion over the woman's left eye.

Mrs. Gladys Hefferman, the 60-year-old victim, by coincidence is housekeeper for Red Sox General Manager Joe Cronin.

She was kept in the hospital for observation over night though not seriously hurt.

A staunch Williams fan, Mrs. Hefferman said "I felt awful sorry for him after it happened." Williams said he felt just plain awful. Fan reaction was mixed. Cronin made it plain no club action was planned.

But the man still to be heard was Will Harridge, president of the American League.

Umpire in Chief Bill Summers, though understanding Ted's anguish, wired a report to Harridge in Chicago rather than wait for the mails to carry it.

Fined twice previously for bat throwing, Williams did more than anyone else to bring about a mandatory $50 fine in both major leagues for the act.

Speculation on Harridge's action ranged from a minimum reprimand to a heavy fine plus suspension for the balance of the season—a matter of six games.

However, some veteran observers felt the league would be compelled to take more severe steps than in the Kansas City case.

Ted's anger Sunday was directed at himself for taking a good pitch and going for the ninth straight time without a hit in his bid for a sixth league batting crown.

But the possible consequences became far more serious when the bat sailed to the seats 75 feet away.

Williams rushed to the box seat railing where Mrs. Heffernan told him: "Don't worry about me, Ted. I'm all right. I know you didn't mean it."

The hit-master, who won male athlete of the year honors in 1957 for producing an almost unbelievable .388 batting average at 39, broke down for a moment.

"Ted was crying. He looked terrible," Summers said. "I had to tell him to get out on the field to play ball he was so upset."

The crowd of 9,785 booed when Williams ran out to his left field position but reaction was mixed after that and when he doubled home a run in the sixth inning he was loudly cheered. He wound up with a 1-for-3 day and held his average at .314—nine points behind league pacesetter and teammate Pete Runnels.

British Crew Still Has Hope In Cup Races

NEWPORT, R.I. (AP) — The hopes of Britain's proud Sceptre rode with the winds today.

If the promised 15 to 25 m.p.h. southwest gusts which the weatherman promised, materialized, the British crew figured they had a chance to get back in the America's Cup competition.

They already are one-down, having lost Saturday's opening race. Three more defeats and the coveted cup stays right here where it has rested for more than 100 years.

The only trouble, stiff winds also are bread and butter for Columbia, the 12-metre class yacht that is the American defender in the best of seven series.

Jim Bunning's no - hitter in 1958 was the fourth for a Detroit Tiger pitcher. Virgil Trucks pitched a pair of no - hitters in 1952 and George Mullin tossed one in 1912.

SMU Will Test Ohio State In Opening Duel

By FRITZ HOWELL

COLUMBUS, Ohio (AP) — Southern Methodist's Mustangs come to town Saturday to test Ohio State's ranking as the No. 1 college football team in the land.

It looms as a land vs air battle. The ground-eating Bucks are expected to stick with their powerful plunges, while the Texans will depend on the pin-point passing of Don Meredith, rated one of the country's finest aerial artists.

Twice before the SMU team invaded Columbus, armed with one of the most sensational passers ever seen here—Freddie Benners. In 1950, Wes Fesler's final year at the Buckeye helm, Benners passed the Mustangs to a 32-27 conquest.

He was just as tough the following year, as Woody Hayes made his debut, but Ohio won it 7-0. Woody's "give 'em the short ones" plan worked to perfection for the Texans couldn't get across the goal line despite a phenomenal completion percentage.

The Mustang - Buckeye fray is just one of seven interstate games on tap for Ohio squads next weekend. The home boys are off in front with a 10-1 record, and a 214-74 scoring advantage, against the outsiders this year. The lone loss was Wilmington's 7-6 defeat at the hands of Centre—a Quaker try for a two-point conversion failing.

The weekend slate calls for seven Ohio Conference games, two in the Mid-American, one in the Missouri Valley and three in the Mid-Ohio loop, along with seven non-league affairs.

The Wittenberg-Marietta, Denison-Otterbein and Ohio Wesleyan-Heidelberg events in the Ohio Conference are between teams which escaped unbeaten over the weekend, and the Toledo-Ohio U. Mid-American fray could be a corker.

'We've Got A Chance,' Mustang Coach Says

DALLAS (AP) — Coach Bill Meek of Southern Methodist said today he had his team working mostly on kickoff returns and punting since finding out about Ohio State.

The Methodists go to Columbus Saturday to meet the nation's No. 1 team and Meek professed considerable awe when he noted that the lightest man in the Ohio State line other than the center weighed 232 pounds.

"The center is just 190 but Woody Hayes has said he's the greatest blocker he ever had," Meek observed.

SMU will start a line that averages 209 pounds to the man. Meek said he understood Ohio State's line would average 227 and that Coach Hayes had said this was the biggest and best team he ever had.

"See why we've been thinking mostly of kickoff returns and punting," said Meek, obviously with tongue in cheek but still a little serious about it. "Our biggest problem will be getting the ball awhile. Of course, if Ohio State scores as much as everybody thinks, that problem can be somewhat resolved. We'll have the ball after each touchdown."

The SMU coach said, "We've got a chance of pulling an upset although it may be slim. But we're going to Columbus Saturday with the idea of winning."

He indicated that his quarterback, Don Meredith, the nation's No. 1 passer last year, would be throwing the ball considerably, but that his running game had been looking pretty good.

Agha Alibhai Wins $3,500 Waterford Feature Race

Keystone Stable's Agha Alibhai held onto a slim stretch lead and gained a neck verdict over long shot Tachometer to capture the $3,500 Autumn Leaves Handicap before 6,162 fans Saturday afternoon at Waterford Park.

Piloted by jockey Colin Shaw, Agha Alibhai paid $6.80, $4.60 and $3 and was timed in the seven furlongs over a soft turf course at 1:25 and 1-5. Tachometer ran second, paying $18.40 and $7 while No Fear 2nd was third and paid $3.60 to show.

Chester Turns Back Beaver Local, 27-0, In Second Win

Ohioans Find Panthers Too Hard To Hold

By ROB NIBLOCK

Chester High posted its second football victory of the season in easy fashion Saturday night when it triumphed over Beaver Local 27-0, at Chester City Park.

Coach Dom Amedo's Panther eleven has been tied, 14-14, by New Cumberland.

Coach Jack O'Rourke's Beaver Local squad, which looked like it might be the district's "Cinderella' team this season when it downed Irondale, 8-0, last week, failed in its first crack at tougher competition.

—:—

THE CHESTER squad packed too much depth and experience for the Beavers, despite the absence of first-string fullback Don Shaw, who was out with an ankle injury.

His replacement, Ken Sayre, was a hard man for the Beaver Local defense to bring down and halfbacks Bill Mayhew and Dave Lyons plagued the Beavers further with sweeps around the ends.

Dave Brookes, who has developed into a smooth quarterback for the Panthers, was effective on the keeper and completed five of 10 passes for 123 yards.

Slow in starting, Chester got the necessary spark when end Bob Shaffer intercepted a pass thrown by the Beaver's quarterback, Bill Dunn, at the Chester 40 and dashed 60 yards for the touchdown with less than seven minutes remaining in the first quarter.

—:—

THE BEAVERS had driven to the Chester 29-yard line after taking the opening kickoff at their own 36. A five-yard penalty gave them a fourth and nine situation at the 34 when Dunn tried the ever risky pass in the flat, it was grabbed by the alert Shaffer and turned into a Chester touchdown.

Undaunted, Beaver Local mounted another offensive at its own 46-yard line after the Chester kickoff.

With 130-pound halfback Tim Feit, the Beaver's mighty mite, and quarterback Dunn sharing the running burden, Beaver Local marched to the Panther 20. But fullback Fred Needs failed to make the necessary two yards on a fourth down situation and Chester took over and punted out of trouble.

Chester got the ball again early in the third quarter after a punt by Needs had bounced out at the Beavers 49-yard line.

In six plays, the Panthers moved to the Beaver Local 18, from where Bill Mayhew skirted left end for a touchdown. Quarterback Brookes scored the extra point and Chester lead, 13-0, at 7:07 of the second quarter.

—:—

THREE PLAYS later, Chester added its third marker. Larry Murray recovered a fumble at the Beaver 30 and Ken Sayre went over from the 13 after a Brookes-to-Shaffer aerial covered 17 yards and placed the ball in scoring position.

Brookes added the extra point on an end sweep.

Another pass—this time a 25-yarder from Ken Sayre to Larry Murray—put the Panthers in touchdown position at the two-yard line after they had moved from the Beaver 46.

But Brookes fumbled as he tried to plunge over from the two and it was recovered by a Beaver Local defender, bringing the ball out to the 20 in the Beavers' possession with minutes remaining in the half.

Leading 20-0 after the half, Chester ground out heavy yardage against the weary Beaver Local defenders in the third quarter, but was unable to punch across a touchdown.

But on the first play of the fourth period, quarterback Brookes threw to halfback Murray at the five and he carried over with the final Chester score. The pass covered 34 yards. Halfback Bill Mayhew added the extra point.

With a Chester victory apparent, both coaches flooded the field with substitutions late in the fourth period.

United Eagles Defeated 18-6

United High's Golden Eagles fell under a second-quarter aerial attack as Dennison St. Mary's earned a 18-6 victory Saturday afternoon on the winner's field.

Dennison struck early in the first quarter when fullback Bob Peyton crashed over from the 6-yard line and they later registered two more touchdowns on long pass plays to clinch the victory.

Quarterback Sandy Bonvechio flipped the first one to end Ken Beamer in a play which covered 60 yards and minutes later hit Peyton with another pass covering approximately the same distance. Hefty fullback Jim Summer scored United's lone touchdown on a short buck off right guard in the second quarter. The Eagles started a scoring drive early in the second half but a 15-yard holding penalty was costly to Coach Ray Russell's club.

United won its opener last week, 18-0, over Malvern. It was a repeat victory over the Eagles for Dennison, which won last year, 47-0.

200-Mile Homing Club Race Ends In 2-Way Tie

Two pigeons from the loft of Victor Giovenco tied for first place in the 200-mile race of the East Liverpool Homing Club Sunday.

The birds, "Jennie" and "Bennie", flew the distance from Xenia in duplicate times of 3:47-7 for a two-way tie. Bob Glynn's "Silver Streak" was third in a time of 3:56-19.

The next race is scheduled Oct. 5 and will be 300 miles from Greenfield, Ind. About 162 birds participated in Sunday's race.

Redsox Signs Higgins To One-Year Contract

BOSTON (AP)—The Boston Red Sox have given Manager Mike Higgins another chance to make it next year.

He signed a one-year contract for 1959 Sunday after the Red Sox had taken their third straight 2-0 victory from the Washington Senators.

Higgins is finishing a three year contract with the Sox.

John P. Cooke of Ansonia, Conn., a member of the 1956 world champion Olympic crew and a three-year veteran of Yale varsity rowing, will coach the Eli's 150-pound crew.

Rebels Beaten At Lowellville

LOWELLVILLE — Fairfield-Waterford's Rebels dropped their second straight game of the football season here Saturday afternoon as Paul Menechini scored a pair of touchdowns and passed for two others in leading Lowellville to a 52-0 romp.

Menechini tallied on runs of 14 and 4 yards and also flipped a 10-yard pass to Fred Rapone and another of the same distance to end Dan Donatelli. It was Lowellville's first win of the season after dropping its opener last week.

Salineville Bows To Jefferson Foe

Salineville High's fumble-troubled Indians found nearby Springfield Township too big and too powerful to handle and the Jefferson Countians unleashed a four-touchdown scoring parade, led by slashing halfback Jack Everett, to whip Coach Dick Jones' club, 27-0, Saturday night.

Springfield's Flying Tigers, from the Bergholz area, thus won their opening game under the school's newly-installed lighting system.

Salineville was outweighed heavily by their king-sized neighbors, who fielded a first-string line weighing close to 200 pounds plus a pair of hard running backs in Everett, who scored two touchdowns and booted an extra point, and speedster Jim Dillon, who added another.

Only fumbles by the winners prevented them from running the score higher. Springfield staged several marches before being halted by alert recoveries by Salineville. End Dick Beadnell got credit for two of the recoveries.

Salineville also had its troubles with the football, two of Springfield's touchdowns being set up by recoveries while the Indians were operating deep in their own territory.

Springfield's first score came early in the first quarter when Dillon bolted across the goal line from six yards out after a 55-yard scoring march following a Salineville punt.

Everett added another near the end of the second quarter with a 10-yard run around end after Salineville had fumbled on its 15-yard stripe.

A 47-yard punt return by Everett gave Springfield a 19-0 lead at the end of the third quarter and second-stringer Denny Wales closed out the scoring with a 10-yard dash in the final period after Salineville had fumbled once more near the goal line while trying a pitchout from the T-formation.

Salineville's passing game which had produced four touchdowns in last week's win over Darlington, was effective at times and set up several scoring chances, but fumbles each time halted the drives.

Halfback Rich Dunlap made several long dashes on pass completions from quarterback Larry Kessler and twice nearly broke away before being hauled down from behind by the giant Springfield defenders.

Springfield, which lost its opener last week to Wintersville, had a 12-5 edge in first downs.

Indians Edge Tigers Again, Tie For Third

KANSAS CITY (AP) — The Cleveland Indians are in a triple tie for third place and Rocky Colavtio is in a triple tie for league runner-up in home runs today as the baseball season goes into its final week.

Hitless in four trips during the Tribe's 3-1 triumph in Detroit Sunday, Vic Power all but dropped out of contention for the league's batting championship. Now .311 and in sixth place, Power is 12 points behind Pete Runnels of Boston, the leader.

Idle today, the Indians hope to have Colavito back when they open their final two-game series here Tuesday night. Rocky missed Sunday's game, flying home to Temple, Pa., where his 2-year-old son, Rocco Jr., was suffering from bronchitis and under an oxygen tent.

Minnie Minoso, whose previous home run high was 21, belted No. 23 in the first inning at Briggs Stadium to provide all of Cleveland's runs. The runs were unearned because of an error by Reno Bertoia on Power's grounder with Gary Geiger already on base via a walk.

Winner Ray Narleski (13-10) pitched the first 5 1-3 innings and got hitless relief from Jim Grant in the rest of the sixth and seventh, and from Gary Bell in the final two frames.

The Tigers scored in the sixth on a walk, a single and Tito Francona's pinch double.

By winning three out of four at Detroit, the Indians assured themselves of getting the Great Lakes Cup put up by mayors of Cleveland and Detroit for the club that holds an edge for the season in the Tigers-Indians series. Cleveland now stands 12-7 against Detroit, with three games left next weekend in Cleveland.

NOTICE OF ELECTION ON TAX LEVY IN EXCESS OF THE TEN MILL LIMITATION

Rev. Code, Secs. 345.03; 3501.11 (G); 5705.191, 5705.25

Notice is hereby given that in pursuance of a Resolution of the Board of Township Trustees of St. Clair Township, Columbiana County, Ohio, passed on the 25th day of August 1958, there will be submitted to a vote of the people of said St. Clair Township at a General Election to be held in St. Clair Township, Columbiana County, Ohio, at the regular places of voting therein, on Tuesday, the 4th day of November, 1958, the question of levying a tax, in excess of the ten mill limitation, for the benefit of St. Clair Township for the purpose of providing an adequate amount for current expenses in said township.

Said tax being an additional tax of seven-tenths (7-10) of one (1) mill to run for one (1) year at a rate not exceeding one (1) mill for each dollar of valuation, which amounts to seven cents ($0.07) for each one hundred dollars of valuation, for the tax year 1958, including a levy upon the tax duplicate of the current year

The Polls for said Election will be open at 6:30 o'clock A. M. and remain open until 6:30 o'clock P. M. Eastern Standard Time of said day

By order of the Board of Elections, of Columbiana County, Ohio.
C. L. Stacey, Chairman
Frank R. O'Hanlon, Clerk

Dated August 25, 1958.

Sealed bids will be received by the Board of Public Utilities of the City of East Liverpool, Ohio, at the office of the said Board in the City Hall, until 12:00 Noon, Eastern Daylight Saving Time, on September 30, 1958, for Contract No. 4 — Water Pumping Station — Laura Avenue and Contract No. 5—Electrical Work; according to the plans and specifications which are on file at the office of the Board of Public Utilities, City Hall, East Liverpool, Ohio, and also at the office of the Chester Engineers, 601 Suismon Street, Pittsburgh 12, Pennsylvania. Immediately after closing time for receipt of bids, they will be publicly opened and read aloud in the Council Chambers in the City Hall.

The successful bidder will be required to furnish satisfactory Performance Bond and Labor and Materialmen's Bond.

Copies of the plans and specifications may be obtained by depositing Fifteen Dollars ($15.00) with the Engineers for each set of documents so obtained, the total amount of which will be refunded to each actual bidder. A refund in the amount of Ten Dollars ($10.00) will be refunded to all others who return plans and specifications in good condition within ten (10) days after the opening of bids.

All bids should be plainly marked "Water System Improvements Bid".

The City of East Liverpool reserves the right to reject any and all bids and to waive any informalities in bidding.

Each bid must contain the full name of every person or company interested in the same. A certified check or bank draft payable to the City of East Liverpool, or a satisfactory bid bond executed by the bidder and a Surety Company, in an amount equal to five per cent (5%) of the bid, shall be submitted with each bid. Should any bid be rejected such check will be forthwith returned to the bidder, and should any bid be accepted such check will be returned upon the proper execution and securing of the contract.

All envelopes containing bids must be addressed to the Board of Public Utilities, City Hall, East Liverpool, Ohio, and must be plainly marked "Filter Building Repairs".

Immediately after closing time for the receipt of bids, they will be publicly opened and read aloud in the Council Chamber, City Hall, East Liverpool, Ohio.

The right is reserved to reject any and all bids.

Upsets Mark Opening Games On College Grid Schedule

More Rugged Contests Due This Weekend

By The Associated Press

The heavy artillery in college football rolls out Saturday—the likes of Ohio State, Oklahoma, Notre Dame and Michigan State—and you couldn't blame them if they approach their tasks with something less than enthusiasm.

The season is only a week old and already at least half a dozen dreams have been shattered. Teams like Maryland, North Carolina, Penn State, Georgia Tech, Duke and Texas A&M are picking up the pieces.

Ohio State, tabbed as the No. 1 team in the country over the protests of Coach Woody Hayes, gets its feet wet against Southern Methodist.

Oklahoma faces a toughie, West Virginia, which hasn't lost a Southern Conference game in years and years. Auburn, the national champion last year, plays Tennessee—still in the rebuilding stage—in the NCAA TV Game of the Week.

Notre Dame, which appears on the way back, plays the Big Ten's Indiana—a blood brother.

Michigan State, which is tabbed to fight it out for the Big Ten title with Ohio State, has what looks like an easy assignment against California, which was victimized by little College of Pacific 24-20 last week.

Easy assignment?

Well, now, Maryland figured it had an easy assignment against Wake Forest Saturday. The Deacons had lost 12 straight and were headed nowhere. Tommy Mont, who had taken some unpleasant lumps since taking over at Maryland two years back, thought he had a real ball club this time. Result: Wake Forest 34, Maryland 0.

That about eliminated Maryland from consideration as a possible Atlantic Coast Conference champion. North Carolina figured it might be ready to take over since North Carolina State, defending champion, was on the downgrade (someone said).

Instead, for the third straight year—and this one hurt—State licked Jim Tatum's Tar Heels. The score was 21-14. Duke, another hopeful in this traditionally strong league, thought it might be in there. And Georgia Tech had hopes of winning the Southeastern Conference crown.

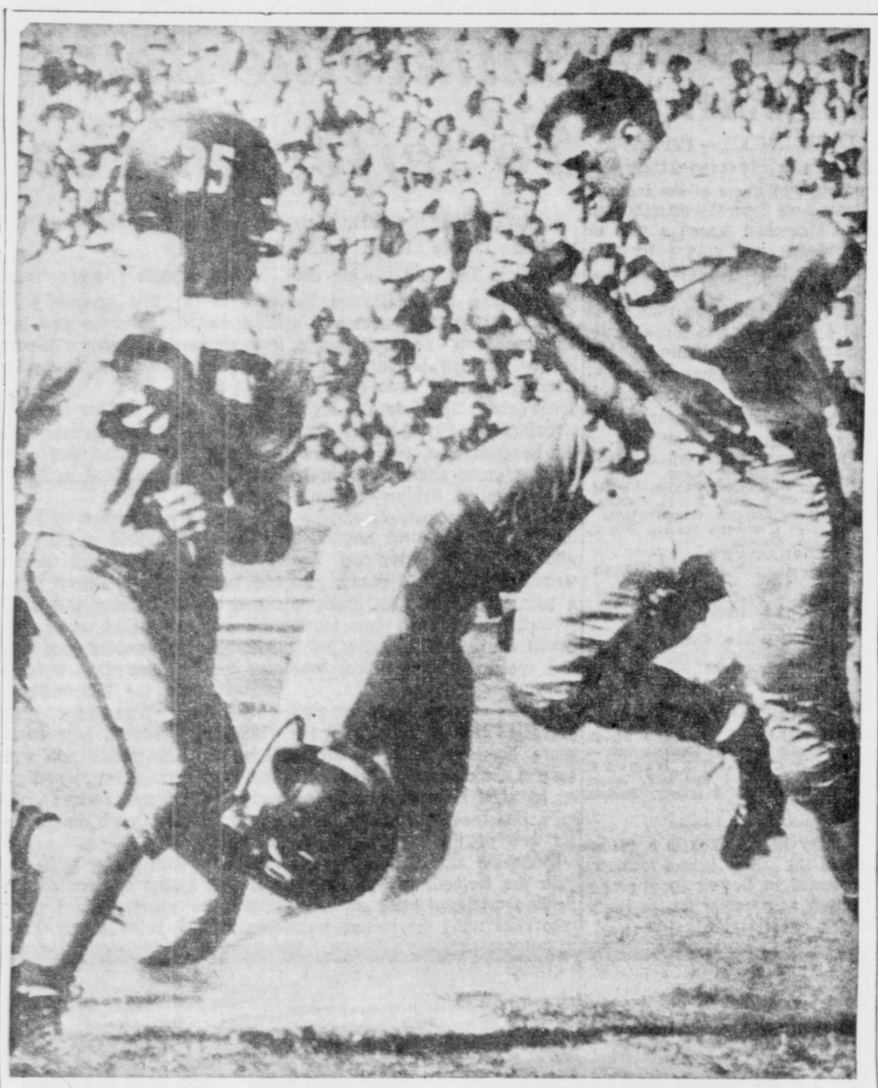
So South Carolina blanked Duke 8-0, and Kentucky shut out Georgia Tech 13-0.

Penn State had high hopes of winning the mythical Eastern championship and had a setup against Nebraska. But Nebraska picked up the marbles 14-7.

That leaves Pitt, which belted UCLA 27-6, as one of the top candidates for Eastern honors.

The first day under the new scoring system was inconclusive. This year, if a team elects to pass or run for the conversion after a touchdown, it will be worth two points. A kick remains at one point.

Only one game actually was decided by the new system. That was the COP-California battle. COP, trailing three times, went for two after each of its three touchdowns and made good each time.



PITTSBURGH END Ron Delfine reached the end of the line as his helmet fell to the ground and UCLA's Eugene Gains applied the tackle during Saturday's game at Los Angeles. The Panthers upset the favored Uclans, 27-6. (UPI Telephoto)

Halas' Bears Look Big, Bad

By The Associated Press

The final National Football League exhibition standings say it will be a Chicago subway series between the Bears and Cardinals for the world championship in December.

But the tune has been known to change before the dance is over and as they begin the NFL season next weekend the only solid fact is that the Bears are back — big and bad.

Owner George Halas took over the Bears' coaching duties this year after giving Paddy Driscoll a two-year try at a world championship. The best he could do was a losing try against the New York Giants in the 1956 championship affair.

So far, Halas is undefeated as his Bruins finished the "no count" games with a 6-0 record, beating Washington 27-24 Sunday. They showed a national television audience that the trademarks of the Bears of old — a big, immovable line and flashing runners — are once more that hallmark.

The Cards, with a 3-2-1 exhibition mark in the Eastern Division, are one of the surprises of the pre-season. They polished off the Green Bay Packers 31-24 Sunday. Originally, the experts throught the world champion Detroit Lions, in the West, and the Cleveland Browns, perennial Eastern titlists, would take the marbles. The Lions, opening with a stunning 35-19 loss to the College All-Stars, staggered to the end of the exhibition trail with a 41 - 7 loss to the Browns, Saturday night. The Browns wound up with .500, at 3-3, the Lions at 2-3-0.

Other Sunday exhibitions: Baltimore defeated New York 42-21; Los Angeles beat Pittsburgh 31-6; and Philadelphia edged San Francisco 31-28.

George Blanda's field goal in the last 17 seconds won for the Bears, down 17-0 at one point late in the first half. Willie Gallimore's 70-yard touchdown return of a punt tied it 24-24 in the final period.

Rookie Mike Sommer returned two Chicago kicks 65 and 85 yards for Washington scorers.

Mike Smithwith, 29, a trainer, and his brother Pat, 31, a steeplechase jockey, each chalked up five jumping victories during the 1958 Monmouth Park meeting.

Williams Waits League Stand After Bat-Throwing Incident

By BOB HOOBING
Associated Press Sports Writer

Boston (AP) —A subdued Ted Williams, on the downhill side of an explosive baseball career, today awaited American League action for hitting a woman fan with a thrown bat.

In the latest of his tempermental outbursts, the 40-year-old Boston slugger, angered by a called third strike, flung his bat which caused a contusion over the woman's left eye.

Mrs. Gladys Hefferman, the 60-year-old victim, by coincidence is housekeeper for Red Sox General Manager Joe Cronin.

She was kept in the hospital for observation over night though not seriously hurt.

A staunch Williams fan, Mrs. Hefferman said "I felt awful sorry for him after it happened." Williams said he felt just plain awful. Fan reaction was mixed. Cronin made it plain no club action was planned.

But the man still to be heard was Will Harridge, president of the American League.

Umpire in Chief Bill Summers, though understanding Ted's anguish, wired a report to Harridge in Chicago rather than wait for the mails to carry it.

Fined twice previously for bat throwing, Williams did more than anyone else to bring about a mandatory $50 fine in both major leagues for the act.

Speculation on Harridge's action ranged from a minimum reprimand to a heavy fine plus suspension for the balance of the season—a matter of six games.

However, some veteran observers felt the league would be compelled to take more severe steps than in the Kansas City case.

Ted's anger Sunday was directed at himself for taking a good pitch and going for the ninth straight time without a hit in his bid for a sixth league batting crown.

But the possible consequences became far more serious when the bat sailed to the seats 75 feet away.

Williams rushed to the box seat railing where Mrs. Heffernan told him: "Don't worry about me, Ted. I'm all right. I know you didn't mean it."

The hit-master, who won male athlete of the year honors in 1957 for producing an almost unbelievable .388 batting average at 39, broke down for a moment.

"Ted was crying. He looked terrible," Summers said. "I had to tell him to get out on the field to play ball he was so upset."

The crowd of 9,785 booed when Williams ran out to his left field position but reaction was mixed after that and when he doubled home a run in the sixth inning he was loudly eheered. He wound up with a 1-for-3 day and held his average at .314—nine points behind league pacesetter and teammate Pete Runnels.

British Crew Still Has Hope In Cup Races

NEWPORT, R.I. (AP) — The hopes of Britain's proud Sceptre rode with the winds today.

If the promised 15 to 25 m.p.h. southwest gusts which the weatherman promised, materialized, the British crew figured they had a chance to get back in the America's Cup competition.

They already are one-down, having lost Saturday's opening race. Three more defeats and the coveted cup stays right here where it has rested for more than 100 years.

The only trouble, stiff winds also are bread and butter for Columbia, the 12-metre class yacht that is the American defender in the best of seven series.

SMU Will Test Ohio State In Opening Duel

By FRITZ HOWELL

COLUMBUS, Ohio (AP) — Southern Methodist's Mustangs come to town Saturday to test Ohio State's ranking as the No. 1 college football team in the land.

It looms as a land vs air battle. The ground-eating Bucks are expected to stick with their powerful plunges, while the Texans will depend on the pin-point passing of Don Meredith, rated one of the country's finest aerial artists.

Twice before the SMU team invaded Columbus, armed with one of the most sensational passers ever seen here—Freddie Benners. In 1950, Wes Fesler's final year at the Buckeye helm, Benners passed the Mustangs to a 32-27 conquest.

He was just as tough the following year, as Woody Hayes made his debut, but Ohio won it 7-0. Woody's "give 'em the short ones" plan worked to perfection for the Texans couldn't get across the goal line despite a phenomenal completion percentage.

The Mustang - Buckeye fray is just one of seven interstate games on tap for Ohio squads next weekend. The home boys are off in front with a 10-1 record, and a 214-74 scoring advantage, against the outsiders this year. The lone loss was Wilmington's 7-6 defeat at the hands of Centre—a Quaker try for a two-point conversion failing.

The weekend slate calls for seven Ohio Conference games, two in the Mid-American, one in the Missouri Valley and three in the Mid-Ohio loop, along with seven non-league affairs.

The Wittenberg-Marietta, Denison-Otterbein and Ohio Wesleyan-Heidelberg events in the Ohio Conference are between teams which escaped unbeaten over the weekend, and the Toledo-Ohio U. Mid-American fray could be a corker.

'We've Got A Chance,' Mustang Coach Says

DALLAS (AP) — Coach Bill Meek of Southern Methodist said today he had his team working mostly on kickoff returns and punting since finding out about Ohio State.

The Methodists go to Columbus Saturday to meet the nation's No. 1 team and Meek professed considerable awe when he noted that the lightest man in the Ohio State line other than the center weighed 232 pounds.

"The center is just 190 but Woody Hayes has said he's the greatest blocker he ever had," Meek observed.

SMU will start a line that averages 209 pounds to the man. Meek said he understood Ohio State's line would average 227 and that Coach Hayes had said this was the biggest and best team he ever had.

"See why we've been thinking mostly of kickoff returns and punting," said Meek, obviously with tongue in cheek but still a little serious about it. "Our biggest problem will be getting the ball awhile. Of course, if Ohio State scores as much as everybody thinks, that problem can be somewhat resolved. We'll have the ball after each touchdown."

The SMU coach said, "We've got a chance of pulling an upset although it may be slim. But we're going to Columbus Saturday with the idea of winning."

He indicated that his quarterback, Don Meredith, the nation's No. 1 passer last year, would be throwing the ball considerably, but that his running game had been looking pretty good.

Jim Bunning's no - hitter in 1958 was the fourth for a Detroit Tiger pitcher. Virgil Trucks pitched a pair of no - hitters in 1952 and George Mullin tossed one in 1912.

Agha Alibhai Wins $3,500 Waterford Feature Race

Keystone Stable's Agha Alibhai held onto a slim stretch lead and gained a neck verdict over long shot Tachometer to capture the $3,500 Autumn Leaves Handicap before 6,162 fans Saturday afternoon at Waterford Park.

Piloted by jockey Colin Shaw, Agha Alibhai paid $6.80, $4.60 and $3 and was timed in the seven furlongs over a soft turf course at 1:25 and 1-5. Tachometer ran second, paying $18.40 and $7 while No Fear 2nd was third and paid $3.60 to show.

Sunningdale, the favorite, got off to a bad start and finished in the featured race.

A 6-4 daily double combination paid $40.40. Challataw, winner of the first race, paid $8.40, $4.40 and $3.20 across the board while Relics War ridden by Nick Fernicola captured the second race. Relics War paid $7.60, $4.80 and $3.40.

Saturday's mutuel handle totaled $397,025, bringing to $2,702,312 the wagering for the first 12 days of the 48day fall meet.

Jockey Francisco Saumell rode two winners Saturday to take a slight lead in the race for leading jockey honors over Vic Bovine. Saumell's two winners brought his total thus far to 21 while Bovine's total remained at 19 after failing to ride a winner Saturday.

How Can I? ? ?

By ANNE ASHLEY

Q. How can I remove mildew from table linen?

A. Rub the spots with a freshly - cut lemon and sprinkle with salt. Allow to remain for several hours and then wash in soap suds. Then allow to soak in a commercial bleaching solution.

Q. How can I remove grease from the back of a leather chair, caused by hair dressing?

A. Spread over the stain a paste of fuller's earth and water. Let this dry, then brush off.

Indians Edge Tigers Again, Tie For Third

KANSAS CITY (AP) — The Cleveland Indians are in a triple tie for third place and Rocky Colavtio is in a triple tie for league runner-up in home runs today as the baseball season goes into its final week.

Hitless in four trips during the Tribe's 3-1 triumph in Detroit Sunday, Vic Power all but dropped out of contention for the league's batting championship. Now .311 and in sixth place, Power is 12 points behind Pete Runnels of Boston, the leader.

Idle today, the Indians hope to have Colavito back when they open their final two-game series here Tuesday night. Rocky missed Sunday's game, flying home to Temple, Pa., where his 2-year-old son, Rocco Jr., was suffering from bronchitis and under an oxygen tent.

Minnie Minoso, whose previous home run high was 21, belted No. 23 in the first inning at Briggs Stadium to provide all of Cleveland's runs. The runs were unearned because of an error by Reno Bertoia on Power's grounder with Gary Geiger already on base via a walk.

Winner Ray Narleski (13-10) pitched the first 5 1-3 innings and got hitless relief from Jim Grant in the rest of the sixth and seventh, and from Gary Bell in the final two frames.

The Tigers scored in the sixth on a walk, a single and Tito Francona's pinch double.

By winning three out of four at Detroit, the Indians assured themselves of getting the Great Lakes Cup put up by mayors of Cleveland and Detroit for the club that holds an edge for the season in the Tigers-Indians series. Cleveland now stands 12-7 against Detroit, with three games left next weekend in Cleveland.

LEGAL NOTICES

NOTICE OF ELECTION ON TAX LEVY IN EXCESS OF THE TEN MILL LIMITATION

Rev. Code, Secs. 345.03; 3501.11 (G); 5705.191, 5705.25

Notice is hereby given that in pursuance of a Resolution of the Board of Township Trustees of St. Clair Township, Columbiana County, Ohio, passed on the 25th day of August 1958, there will be submitted to a vote of the people of said St. Clair Township at a General Election to be held in St. Clair Township, Columbiana County, Ohio, at the regular places of voting therein, on Tuesday, the 4th day of November, 1958, the question of levying a tax, in excess of the ten mill limitation, for the benefit of St. Clair Township for the purpose of providing an adequate amount for current expenses in said township.

Said tax being an additional tax of seven-tenths (7-10) of one (1) mill to run for one (1) year at a rate not exceeding one (1) mill for each dollar of valuation, which amounts to seven cents ($0.07) for each one hundred dollars of valuation, for the tax year 1958, including a levy upon the tax duplicate of the current year

The Polls for said Election will be open at 6:30 o'clock A. M. and remain open until 6:30 o'clock P. M. Eastern Standard Time of said day

By order of the Board of Elections, of Columbiana County, Ohio.

C. L. Stacey, Chairman
Frank R. O'Hanlon, Clerk

Dated August 25, 1958.
E. L. Review Sept. 8, 15, 22, 29; 1958.

ADVERTISEMENT

Sealed bids will be received by the Board of Public Utilities of the City of East Liverpool, Ohio, at the office of the said Board in the City Hall, until 12:00 Noon, Eastern Daylight Saving Time, on September 30, 1958, for Contract No. 4 — Water Pumping Station — Laura Avenue and Contract No. 5—Electrical Work; according to the plans and specifications which are on file at the office of the Board of Public Utilities, City Hall, East Liverpool, Ohio, and also at the office of the Chester Engineers, 601 Suismon Street, Pittsburgh 12, Pennsylvania. Immediately after closing time for receipt of bids, they will be publicly opened and read aloud in the Council Chambers in the City Hall.

The successful bidder will be required to furnish satisfactory Performance Bond and Labor and Materialmen's Bond.

Copies of the plans and specifications may be obtained by depositing Fifteen Dollars ($15.00) with the Engineers for each set of documents so obtained, the total amount of which will be refunded to each actual bidder. A refund in the amount of Ten Dollars ($10.00) will be refunded to all others who return plans and specifications in good condition within ten (10) days after the opening of bids.

All bids should be plainly marked "Water System Improvements Bid".

The City of East Liverpool reserves the right to reject any and all bids and to waive any informalities in bidding.

Each bid must contain the full name of every person or company interested in the same. A certified check or bank draft payable to the City of East Liverpool, or a satisfactory bid bond executed by the bidder and a Surety Company, in an amount equal to five per cent (5%) of the bid, shall be submitted with each bid.

No bid may be withdrawn for forty-five (45) days after the same has been filed with the City of East Liverpool.

Another Suspect Due Hearing At Palestine For Theft Of Guns

A Negley area man and his three companions from Niles were bound over to the Beaver County Grand Jury Saturday on charges of armed robbery in connection with a holdup of Beaver Falls area grocery Friday night.

A fifth man was slated for a hearing today before Mayor Paul Merwin of East Palestine on charges stemming from the theft of pistols from an East Palestine store—two of which were found in possession of the men.

Thomas Holbrook, 30, of Negley R. D. 1 and Delmar K. Nickels, 26, Guy Nickels, 19, and Edgel Cline, 20, all of Niles, were bound over to the Grand Jury Saturday by Chippewa Township Justice of the Peace Walter Gratz after they pleaded innocent. They were ordered held without bond.

Oliver Holbrook, 26, of Fallston, brother of Thomas, is at the East Palestine jail today awaiting a hearing on charges of receiving stolen goods and suspicion of breaking and entering the Sports Center, from which seven pistols were stolen Thursday morning.

Mayor Merwin had slated a hearing Saturday afternoon, but received a request from Niles policd to question Holbrook in connection with several thefts in Niles recently. Niles police and Columbiana County Sheriff's deputies were to question the prisioner today.

Thomas Holbrook and the others were arrested in a tavern Friday night by Patrolman Clair Freed of Chippewa Township and two Pennsylvania State Police officers.

Police said they found in their car some $500 stolen shortly before in a holdup of the grocery store of Mr. and Mrs. Paul Bloor along old Route 51 in Chippewa Township, along with the gun allegedly used in the robbery.

The .38 caliber revolver was identified as the one stolen from the East Palestine store. When police went to the home of Oliver Holbrook to question him, they found another weapon taken from the store, they said.

Police said Thomas Holbrook entered the store about 7 p. m. and walked to the cash register, where he pulled out the pistol and told the clerk, Doris Blum, 17, of South Beaver Township, "Give me all the money." The others apparently were in the car, police said.

Holbrook and Nickels were in the tavern later when police arrived, and the other two were asleep in the auto police said.

The Grand Jury probably will investigate the armed robbery charge in December.

Schuck Waits Appeal Moves

Counsel For Slayer May Ask New Trial

BEAVER—Convicted early Saturday of the ambush slaying of two men in an alleged "murder by mistake," Arthur G. Schuck, 42-year-old Baden electrician, waited in a county jail cell today for his counsel to decide whether an appeal will be filed.

Atty. A. G. Heibling, who defended Schuck, said he has "not had time" to decide if a new trial will be sought, but he indicated he may have a decision today. He has four days in which to act.

A jury that convicted Schuck in a post-midnight verdict fixed the penalty at death in the electric chair. He was accused of the slaying April 27 of Vincent Quigley, 34, of Economy Borough and William Engel, 44, of Ambridge. He was indicted for both murders, but tried only for the Quigley slaying.

The state theorized that Schuck killed Quigley and Engel by mistake. It contended Schuck meant to kill Mr. and Mrs. Ed Ragozine because he had been carrying on an illicit romance with Mrs. Ragozine.

Drunken Driving Case To Resume

A hearing for Frederick Jackson of St. Clairsville, charged with drunken driving, was due to resume at 3:30 this afternoon in Municipal Court.

Judge George L. Brokaw heard some testimony this morning and then continued the case to permit another police officer to testify.

Jackson was arrested at 12:50 a. m. Saturday on the Pennsylvania Ave. "Hill Rd."

Jesse James Flowers, 927 Fairview St., also was to appear today on charges of drunken driving and driving on a temporary permit without being accompanied by a licensed driver.

Flowers was arrested after his truck struck a utility pole on Dresden Ave. early Sept. 14, injuring he and his wife.

James E. Hall of Marion and Walter A. Barr Jr. of Monaca forfeited $31 bonds each on charges of driving without licenses. Hall was cited by police Saturday afternoon on Market St. and Barr was arrested early Sunday, also on Market St.

James A. Moore of Pughtown forfeited $7 on a charge of making an illegal right turn from Washington St. onto E. 5th St. Saturday night.

Robert G. Farish, 400 Monroe St., failed to appear on a charge of crashing a traffic signal Sunday midnight at Pennsylvania Ave. and Mulberry St. He had been released to appear.

French Communists Get Khrushchev Plug

PARIS (AP) — French Communists have won direct support from Nikita Khrushchev in their campaign against Premier de Gaulle's proposals for a new French constitution.

The Soviet Premier-party boss professed in a declaration broadcast Sunday by Radio Moscow to see the danger of a Fascist dictatorship arising from the move to strengthen France's governments.

Inquest Slated In Gun Deaths

Coroner's Jury Due On Hancock Case

NEW CUMBERLAND—A coroner's jury will hold an inquest tonight at 7:30 in the office of Squire John D. Herron, acting coroner of Hancock County, to rule on the deaths of a 29-year-old divorcee and the apparent suicide of her Paris, Pa., suitor.

Eight witnesses are expected to testify in the investigation of the slaying of Mrs. Martha Shock, mother of three, and Onward Dennis, 44, who were found dead in a farm home near New Cumberland early Saturday morning.

Authorities said Dennis, a Weirton steelworker, apparently shot Mrs. Shock through the left eye with a bullet from a .32-20 caliber Colt pistol and then fired another shot into his own forehead.

Their bodies were discovered in a small room attached to the home of James E. Stewart of New Cumberland Heights. Jealousy following a broken romance was blamed today by police for the slaying.

The coroner's jury which will consider the case tonight includes Marsh Cullen, James Clark, Ellsworth Prosser, Mrs. Edna Clark, Mrs. Erma Williams and Mrs. Leona Hoder. The panel earlier viewed the bodies and inspected the scene of the shooting.

Services were to be held today at 2 at the Steel and Wolfe Funeral home in Weirton for Mrs. Shock. Rites were to be in charge of the Rev. C. F. Evans of the First Christian Church of Weirton. Burial will be in Chestnut Ridge Cemetery in Florence, Pa.

The body of Dennis was removed to a funeral home in New Martinsville.

Glenmoor Woman Hurt In 3-Way Road Mishap

A Glenmoor woman was injured in a collision along the Y. & O. Rd. early Sunday in which two cars and a tractor of a trailer truck were involved, the State Highway Patrol at Lisbon reported.

Mrs. Edna Brereton of Rankin St., Glenmoor, suffered bruises of chest, neck and head received when the car in which she was riding apparently was struck from behind. She was treated at City Hospital.

The patrol, still investigating the mishap, said it involved cars driven by John Brereton, 46, of Glenmoor and Harry Alfred, 37, of R. D. 2, and the tractor operated by William Hilditch of East Liverpool.

Mrs. Brereton said today their car was turning in the driveway of the home of Mr. and Mrs. John Eiferd when the 1954 sedan was hit by the tractor and knocked over. Hilditch was cited into the court of Mayor John Todd of Lisbon Thursday.

Recognizes Algeria

AMMAN, Jordan (AP) — King Hussein's government today announced recognition of the Algerian government in exile in Cairo.

Chester Man Jailed After Disturbances

Arthur Irwin of 3rd St. Ext., Chester, indicted for attempting to kill five Hancock County deputies July 4, is being held in the East Liverpool jail on a charge of malicious destruction of property after creating disturbances at the home of an East End relative and at the Chester City Hall Saturday night.

Liverpool Township Constable Wilbert Taylor filed the charge against Irwin today in Municipal Court after arresting him at 11:30 p. m. Saturday at the home of his mother-in-law, Mrs. Jennie Uranic of Price St. Ext.

Taylor said he was called after Irwin broke two doors at the Uranic home.

Hancock deputies and Chester police were called to the Chester City Hall earlier Saturday night to calm Irwin after he began talking loudly and threatening his stepdaughters.

He had been taken home from the City Hall and his wife and stepdaughters were advised to stay with relatives. He apparently left and came to East Liverpool.

Irwin was indicted on six counts of attempting to kill the five deputies in a gun battle near his home July 4.

Training Course For Police Opens

A basic training course for city police officers was under way this afternoon, the first in a series of classes to be conducted this week by Safety-Service Director Dan Maggianetti and Solicitor Joseph W. Cooper.

Although it is primarily for new members of the force, as many officers as possible will attend, the director said.

Today's class was scheduled to cover the chain of command, taking notes, report writing, police reports, interviews and criminal investigation.

Seven films also will be shown during the week, covering panic control, traffic control, arrests, police escorts and communism, Maggianetti said.

The class will be held from 12:30 to 4:30 p. m. daily and will be closed to all but regular members of the department, the director said.

Strike Ballot Set Thursday

3 Electrical Firms Would Be Affected

PHILADELPHIA (AP) — Delegates representing 26 major locals have been instructed to vote in favor of a strike against General Electric, Westinghouse and General Motors.

This was announced Sunday by a spokesman for the International Union of Electrical, Radio and Machine Workers. The vote will be taken Thursday when the union's conference board meets during the week-long constitutional convention here. The convention opens today.

The spokesman said nine major locals voted against a strike, including the local at GE's big Schenectady plant. The other five major locals did not vote on the issue.

The union does not plan to meet in further negotiations with the three firms before Thursday, said the spokesman. He indicated, however, that some talks might be held with GM management.

The union has asked for contract discussion of such issues as guaranteed annual wage, dismissal, and severance pay, protection of seniroity, plant movements, problems of automation, scheduling of work, area and sex wage differentials, and reduction of work hours.

Warmer Weather Due After Weekend's Rain

After a weekend of wet, dreary weather, warmer temperatures are scheduled to move into Ohio, the weatherman said today in a five-day forecast.

Today's high will be 72-76, but the mercury will drop to 49-54 tonight.

In the next five days, temperatures will average three to six degrees above normal, the weatherman said. Wednesday also will be warm, but cooler weather is due Thursday or Friday. Rain averaging 1½-inches is due Thursday or Friday, he added.

Muktuk (whale skin and blubber) is a favorite dish of Eskimos in Alaska. It tastes like pickled pig's feet.

A Negley area man and his three companions from Niles were bound over to the Beaver County Grand Jury Saturday on charges of armed robbery in connection with a holdup of Beaver Falls area grocery Friday night.

A fifth man was slated for a hearing today before Mayor Paul Merwin of East Palestine on charges stemming from the theft of pistols from an East Palestine store—two of which were found in possession of the men.

Thomas Holbrook, 30, of Negley R. D. 1 and Delmar K. Nickels, 26, Guy Nickels, 19, and Edgel Cline, 20, all of Niles, were bound over to the Grand Jury Saturday by Chippewa Township Justice of the Peace Walter Gratz after they pleaded innocent. They were ordered held without bond.

Oliver Holbrook, 26, of Fallston, brother of Thomas, is at the East Palestine jail today awaiting a hearing on charges of receiving stolen goods and suspicion of breaking and entering the Sports Center, from which seven pistols were stolen Thursday morning.

Mayor Merwin had slated a hearing Saturday afternoon, but received a request from Niles policd to question Holbrook in connection with several thefts in Niles recently. Niles police and Columbiana County Sheriff's deputies were to question the prisioner today.

Thomas Holbrook and the others were arrested in a tavern Friday night by Patrolman Clair Freed of Chippewa Township and two Pennsylvania State Police officers.

Police said they found in their car some $500 stolen shortly before in a holdup of the grocery store of Mr. and Mrs. Paul Bloor along old Route 51 in Chippewa Township, along with the gun allegedly used in the robbery.

The .38 caliber revolver was identified as the one stolen from the East Palestine store. When police went to the home of Oliver Holbrook to question him, they found another weapon taken from the store, they said.

Police said Thomas Holbrook entered the store about 7 p. m. and walked to the cash register, where he pulled out the pistol and told the clerk, Doris Blum, 17, of South Beaver Township, "Give me all the money." The others apparently were in the car, police said.

Holbrook and Nickels were in the tavern later when police arrived, and the other two were asleep in the auto police said.

The Grand Jury probably will investigate the armed robbery charge in December.

Schuck Waits Appeal Moves

Counsel For Slayer May Ask New Trial

BEAVER—Convicted early Saturday of the ambush slaying of two men in an alleged "murder by mistake," Arthur G. Schuck, 42-year-old Baden electrician, waited in a county jail cell today for his counsel to decide whether an appeal will be filed.

Atty. A. G. Heibling, who defended Schuck, said he has "not had time" to decide if a new trial will be sought, but he indicated he may have a decision today. He has four days in which to act.

A jury that convicted Schuck in a post-midnight verdict fixed the penalty at death in the electric chair. He was accused of the slaying April 27 of Vincent Quigley, 34, of Economy Borough and William Engel, 44, of Ambridge. He was indicted for both murders, but tried only for the Quigley slaying.

The state theorized that Schuck killed Quigley and Engel by mistake. It contended Schuck meant to kill Mr. and Mrs. Ed Ragozine because he had been carrying on an illicit romance with Mrs. Ragozine.

Drunken Driving Case To Resume

A hearing for Frederick Jackson of St. Clairsville, charged with drunken driving, was due to resume at 3:30 this afternoon in Municipal Court.

Judge George L. Brokaw heard some testimony this morning and then continued the case to permit another police officer to testify.

Jackson was arrested at 12:50 a. m. Saturday on the Pennsylvania Ave. "Hill Rd."

Jesse James Flowers, 927 Fairview St., also was to appear today on charges of drunken driving and driving on a temporary permit without being accompanied by a licensed driver.

Flowers was arrested after his truck struck a utility pole on Dresden Ave. early Sept. 14, injuring he and his wife.

James E. Hall of Marion and Walter A. Barr Jr. of Monaca forfeited $31 bonds each on charges of driving without licenses. Hall was cited by police Saturday afternoon on Market St. and Barr was arrested early Sunday, also on Market St.

James A. Moore of Pughtown forfeited $7 on a charge of making an illegal right turn from Washington St. onto E. 5th St. Saturday night.

Robert G. Farish, 400 Monroe St., failed to appear on a charge of crashing a traffic signal Sunday midnight at Pennsylvania Ave. and Mulberry St. He had been released to appear.

French Communists Get Khrushchev Plug

PARIS (AP) — French Communists have won direct support from Nikita Khrushchev in their campaign against Premier de Gaulle's proposals for a new French constitution.

The Soviet Premier-party boss professed in a declaration broadcast Sunday by Radio Moscow to see the danger of a Fascist dictatorship arising from the move to strengthen France's governments.

Inquest Slated In Gun Deaths

Coroner's Jury Due On Hancock Case

NEW CUMBERLAND—A coroner's jury will hold an inquest tonight at 7:30 in the office of Squire John D. Herron, acting coroner of Hancock County, to rule on the deaths of a 29-year-old divorcee and the apparent suicide of her Paris, Pa., suitor.

Eight witnesses are expected to testify in the investigation of the slaying of Mrs. Martha Shock, mother of three, and Onward Dennis, 44, who were found dead in a farm home near New Cumberland early Saturday morning.

Authorities said Dennis, a Weirton steelworker, apparently shot Mrs. Shock through the left eye with a bullet from a .32-20 caliber Colt pistol and then fired another shot into his own forehead.

Their bodies were discovered in a small room attached to the home of James E. Stewart of New Cumberland Heights. Jealousy following a broken romance was blamed today by police for the slaying.

The coroner's jury which will consider the case tonight includes Marsh Cullen, James Clark, Ellsworth Prosser, Mrs. Edna Clark, Mrs. Erma Williams and Mrs. Leona Hoder. The panel earlier viewed the bodies and inspected the scene of the shooting.

Services were to be held today at 2 at the Steel and Wolfe Funeral home in Weirton for Mrs. Shock. Rites were to be in charge of the Rev. C. F. Evans of the First Christian Church of Weirton. Burial will be in Chestnut Ridge Cemetery in Florence, Pa.

The body of Dennis was removed to a funeral home in New Martinsville.

Glenmoor Woman Hurt In 3-Way Road Mishap

A Glenmoor woman was injured in a collision along the Y. & O. Rd. early Sunday in which two cars and a tractor of a trailer truck were involved, the State Highway Patrol at Lisbon reported.

Mrs. Edna Brereton of Rankin St., Glenmoor, suffered bruises of chest, neck and head received when the car in which she was riding apparently was struck from behind. She was treated at City Hospital.

The patrol, still investigating the mishap, said it involved cars driven by John Brereton, 46, of Glenmoor and Harry Alfred, 37, of R. D. 2, and the tractor operated by William Hilditch of East Liverpool.

Mrs. Brereton said today their car was turning in the driveway of the home of Mr. and Mrs. John Eiferd when the 1954 sedan was hit by the tractor and knocked over. Hilditch was cited into the court of Mayor John Todd of Lisbon Thursday.

Recognizes Algeria

AMMAN, Jordan (AP) — King Hussein's government today announced recognition of the Algerian government in exile in Cairo.

Chester Man Jailed After Disturbances

Arthur Irwin of 3rd St. Ext., Chester, indicted for attempting to kill five Hancock County deputies July 4, is being held in the East Liverpool jail on a charge of malicious destruction of property after creating disturbances at the home of an East End relative and at the Chester City Hall Saturday night.

Liverpool Township Constable Wilbert Taylor filed the charge against Irwin today in Municipal Court after arresting him at 11:30 p. m. Saturday at the home of his mother-in-law, Mrs. Jennie Uranic of Price St. Ext.

Taylor said he was called after Irwin broke two doors at the Uranic home.

Hancock deputies and Chester police were called to the Chester City Hall earlier Saturday night to calm Irwin after he began talking loudly and threatening his stepdaughters.

He had been taken home from the City Hall and his wife and stepdaughters were advised to stay with relatives. He apparently left and came to East Liverpool.

Irwin was indicted on six counts of attempting to kill the five deputies in a gun battle near his home July 4.

Training Course For Police Opens

A basic training course for city police officers was under way this afternoon, the first in a series of classes to be conducted this week by Safety-Service Director Dan Maggianetti and Solicitor Joseph W. Cooper.

Although it is primarily for new members of the force, as many officers as possible will attend, the director said.

Today's class was scheduled to cover the chain of command, taking notes, report writing, police reports, interviews and criminal investigation.

Seven films also will be shown during the week, covering panic control, traffic control, arrests, police escorts and communism, Maggianetti said.

The class will be held from 12:30 to 4:30 p. m. daily and will be closed to all but regular members of the department, the director said.

Strike Ballot Set Thursday

3 Electrical Firms Would Be Affected

PHILADELPHIA (AP) — Delegates representing 26 major locals have been instructed to vote in favor of a strike against General Electric, Westinghouse and General Motors.

This was announced Sunday by a spokesman for the International Union of Electrical, Radio and Machine Workers. The vote will be taken Thursday when the union's conference board meets during the week-long constitutional convention here. The convention opens today.

The spokesman said nine major locals voted against a strike, including the local at GE's big Schenectady plant. The other five major locals did not vote on the issue.

The union does not plan to meet in further negotiations with the three firms before Thursday, said the spokesman. He indicated, however, that some talks might be held with GM management.

The union has asked for contract discussion of such issues as guaranteed annual wage, dismissal, and severance pay, protection of seniroity, plant movements, problems of automation, scheduling of work, area and sex wage differentials, and reduction of work hours.

Warmer Weather Due After Weekend's Rain

After a weekend of wet, dreary weather, warmer temperatures are scheduled to move into Ohio, the weatherman said today in a five-day forecast.

Today's high will be 72-76, but the mercury will drop to 49-54 tonight.

In the next five days, temperatures will average three to six degrees above normal, the weatherman said. Wednesday also will be warm, but cooler weather is due Thursday or Friday. Rain averaging 1½-inches is due Thursday or Friday, he added.

Muktuk (whale skin and blubber) is a favorite dish of Eskimos in Alaska. It tastes like pickled pig's feet.
